from the Modern: 1880-1945 Jodi Hauptman, Museum of Modern Art (New York, N.Y.), 2004 While art history has made room for the flurry of movements that emerged in the period following World War II the myriad artistic developments of the last thirty years have yet to be assigned firm historical categories Drawing from the Modern 1975 2005 the final installment in a series of inaugural year exhibitions produced by the Department of Drawings attempts to tell a provisional story of the years from 1975 to the present as reflected through MoMA's singular drawings collection While making no claims to comprehensiveness the installation details both the blossoming of different art positions on a broad international scale in this era and the coming of age of drawing as an independent and for many artists primary mode of expression Organized chronologically and in loose clusters of artists working in the same milieu or vein of interest the exhibition features works by more than fifty artists including Bruce Nauman Gerhard Richter Martin Kippenberger Marlene Dumas Gabriel Orozco Kara Walker and Luc Tuymans

Marc Chagall Jonathan Wilson, 2009-04-22 Part of the Jewish Encounter series Novelist and critic Jonathan Wilson clears away the sentimental mists surrounding an artist whose career spanned two world wars the Russian Revolution the Holocaust and the birth of the State of Israel Marc Chagall's work addresses these transforming events but his ambivalence about his role as a Jewish artist adds an intriguing wrinkle to common assumptions about his life Drawn to sacred subject matter Chagall remains defiantly secular in outlook determined to narrate the miraculous and tragic events of the Jewish past he frequently chooses Jesus as a symbol of martyrdom and sacrifice Wilson brilliantly demonstrates how Marc Chagall's life constitutes a grand canvas on which much of twentieth century Jewish history is vividly portrayed Chagall left Belorussia for Paris in 1910 at the dawn of modernism looking back dreamily on the world he abandoned After his marriage to Bella Rosenfeld in 1915 he moved to Petrograd but eventually returned to Paris after a stint as a Soviet commissar for art Fleeing Paris steps ahead of the Nazis Chagall arrived in New York in 1941 Drawn to Israel but not enough to live there Chagall grappled endlessly with both a nostalgic attachment to a vanished past and the magnetic pull of an uninhibited secular present Wilson's portrait of Chagall is altogether more historical more political and edgier than conventional wisdom would have us believe showing us how Chagall is the emblematic Jewish artist of the twentieth century Visit nextbook.org/chagall for a virtual museum of Chagall images
