Marching Home:

When Johnny and Jane Come Marching Home PAULA J. CAPLAN, 2019-06-28 Traumatized veterans are often diagnosed as suffering from a psychiatric disorder and prescribed a regimen of psychotherapy and psychiatric drugs But why asks psychologist Paula J Caplan in this impassioned book is it a mental illness to be devastated by war or other intolerable experiences such as military sexual assault What is a mentally healthy response to death destruction and moral horror In *When Johnny and Jane Come Marching Home* Caplan argues that the standard treatment of therapy and drugs is often actually harmful It adds to veterans burdens by making them believe wrongly that they should have gotten over it it isolates them behind the closed doors of the therapist s office and it makes them rely on often harmful drugs The numbers of traumatized veterans from past and present wars who continue to suffer demonstrate the ineffectiveness of this approach Sending anguished veterans off to talk to therapists writes Caplan conveys the message that the rest of us don t want to listen or that we don t feel qualified to listen As a result the truth about war is kept under wraps Most of us remain ignorant about what war is really like and continue to allow our governments to go to war without much protest Caplan proposes an alternative that we welcome veterans back into our communities and listen to their stories one on one She provides guidelines for conducting these conversations This would begin a long overdue national discussion about the realities of war and it would start the healing process for our returning veterans
