Deep Down Things Joseph A. Cirincione, 2008-08-28 *Deep Down Things* Essays on Catholic Culture explores common threads that characterize Catholicism The contributors look successively at Catholic culture and everyday life of the parish and of work at Catholic culture and the imaginative life of poets and fiction writers and at Catholic culture and postmodern life where individual conscience skepticism and relativism challenge Church authority and faith itself They do so while looking for foundational components that persist and comprise a culture that Catholics recognize regardless of their diverse ethnicity geographic location or historical epoch The authors of this collection have aimed to inspire both Catholics and non Catholics alike inside and outside the academic community to deepen their own knowledge and appreciation of the Christian tradition generally and Catholic culture particularly The authors hope to encourage sincere and open dialogue about Catholic culture in the best tradition of Catholic thought both to further the inquiry after truth and to enhance fruitful reflection upon Catholic culture and its contributions over time and across cultures

Faith and Fiction Anita Gandolfo, 2007-08-30 In recent years there has been an explosion in the market for fiction on religious topics and themes most notably Dan Brown's *The Da Vinci Code* The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications it is emblematic of the contemporary American Zeitgeist Traditionally literature is both mirror and lamp reflecting the society that produces it and illuminating the values and interests of that society Recognizing both of those perspectives Gandolfo examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available The phenomenon surrounding Dan Brown's *The Da Vinci Code* has led to a cottage industry of interpretations attacks and commentaries but one thing is certain the book has had an enormous impact on American society culture and religious understanding not to mention the publishing industry which scrambles to find similar religious books to feed to an eager public But *The Da Vinci Code* is not the only book of its type on the market today In recent years there has been an explosion in the market for fiction on religious topics and themes

with an entire series devoted to the impending Rapture as described in the Left Behind series. Some fiction does not take an explicitly religious theme as these books do. Instead, writers like Andre Dubus and Ron Hansen imbue their creative work with spiritual and religious themes embedded in the everyday lives and concerns of their characters. Regardless of the specific approach, what is not in doubt is that American readers have made the authors of these works wealthy, as bookstores cannot stock their shelves with enough copies. Why the recent surge of interest in Christian fiction? How does it reflect trends in our culture and our lives? How has it changed our society and our understanding of spirituality and religion? How accurate are these books in terms of the theology they espouse? The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications; it is emblematic of the contemporary American Zeitgeist. Traditionally, literature is both mirror and lamp, reflecting the society that produces it and illuminating the values and interests of that society. Recognizing both of those perspectives, *Faith and Fiction* examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available.

Hotly in Pursuit of the Real Ron Hansen, 2020. In *Hotly in Pursuit of the Real*, the beloved bestselling novelist Ron Hansen opens the doors of his writing studio to share with us his passions for history, scandal, theology, Jesuits, the American West, and golf, which he plays even in bad weather. If Hansen's novels explore people very different from himself, from a stigmatic nun to a Victorian poet to Billy the Kid and even Hitler's niece, the meditations in this book do the opposite, allowing us to glimpse the wellsprings of his imagination, the places and traditions and books that drive him to create made-up worlds. In that sense, the reflections in these pages truly serve as notes toward a memoir. As each section unfolds, we gain a clearer sense of Hansen's aesthetic, the parallels he sees between writing and the sacraments, between literature's capacity to make history present to us and the Church's rich array of traditions, including the Jesuit charism that has inspired great writers such as Gerard Manley Hopkins and himself. Equally adept at telling a hilarious anecdote and guiding us through a complex, ambiguous episode in history, Hansen's language remains fresh and invigorating. *Hotly in Pursuit of the Real* takes you inside one writer's imagination only to send you back out into the wide world with new eyes.

The Catholic Virtues Mitch Finley, 2016-10-31. Just as all organisms are governed by biological laws, human beings also have an ingrained moral compass, laws that direct their behavior in a certain way. According to Catholic Tradition, the virtues operate as central principles behind our notion of moral goodness. Here is a unique and insightful book that examines the virtues and offers them as a blueprint that demonstrates how to embrace the seven key virtues as pillars of behavior and belief. Author Mitch Finley delves into the theological virtues of faith, hope, and love and the cardinal virtues of prudence, justice, fortitude, and temperance. He shows you how these traits are no mere abstractions; they reflect an understanding of human nature with its capacity for both good and evil. Bolstered by contemporary applications and real-life examples, *The Catholic Virtues* shows how the seven virtues are interconnected and

are quite simply the keys to becoming more Christlike

Catholicism and American Borders in the Gothic Literary

Imagination Farrell O'Gorman, 2017-11-15 In *Catholicism and American Borders in the Gothic Literary Imagination* Farrell O'Gorman presents the first study of the recurrent role of Catholicism in a Gothic tradition that is essential to the literature of the United States. In this tradition Catholicism is depicted as threatening to break down borders separating American citizens or some representative American from a larger world beyond. While earlier studies of Catholicism in the American literary imagination have tended to highlight the faith's historical association with Europe, O'Gorman stresses how that imagination often responds to a Catholicism associated with Latin America and the Caribbean. On a deeper level, O'Gorman demonstrates how the Gothic tradition he traces here builds on and ultimately transforms the persistent image in modern Anglophone literature of Catholicism as a religion without a country, indeed a religion inimical to nationhood. O'Gorman focuses on the work of J. Hector St. John de Crèvecoeur, Herman Melville, Kate Chopin, William Faulkner, Flannery O'Connor, Walker Percy, Cormac McCarthy, and selected contemporary writers including Toni Morrison. These authors, representing historical periods from the early republic to the present day, have distinct experiences of borders within and around their nation and hemisphere itself, an ever emergent America. As O'Gorman carefully documents, they also have distinct experiences of Catholicism and distinct ways of imagining the faith, often shaped at least in part within the Church itself. In their narratives, Catholicism plays a complicated and profound role that ultimately challenges longstanding notions of American exceptionalism and individual autonomy. This analysis contributes not only to discourse regarding Gothic literature and nationalism but also to a broader ongoing dialogue regarding religion, secularism, and American literature.

Conversations with American Writers Dale Brown, 2008-04-14 For years Dale Brown has interviewed American writers, listening particularly for what they have to say about wrestling with the sacred in their writing. In this book, a follow-up to his earlier collection *Of Fiction and Faith*, Brown gives readers the opportunity to listen in on his thoughtful conversations with ten contemporary writers. While many of these authors shy away from being labeled Christian writers, they all have much truth to tell through their work as they struggle with expressing both faith and doubt. The conversations recorded here offer a fresh dialogue on the power of art to sustain faith in unexpected ways. Interviews with Eleanor Taylor Bland, David James Duncan, Terence Faherty, Ernest Gaines, Philip Gulley, Ron Hansen, Silas House, Jan Karon, Sheri Reynolds, Lee Smith.

Books Are Made Out of Books Michael Lynn Crews, 2017-09-05 Cormac McCarthy told an interviewer for the New York Times Magazine that books are made out of books but he has been famously unwilling to discuss how his own writing draws on the works of other writers Yet his novels and plays masterfully appropriate and allude to an extensive range of literary works demonstrating that McCarthy is well aware of literary tradition respectful of the canon and deliberately situating himself in a knowing relationship to precursors The Wittliff Collection at Texas State University acquired McCarthy's literary archive in 2007 In *Books Are Made Out of Books* Michael Lynn Crews thoroughly mines the archive to identify nearly 150 writers and thinkers that McCarthy himself references in early drafts marginalia notes and correspondence Crews organizes the references into chapters devoted to McCarthy's published works the unpublished screenplay *Wolves and Men* and McCarthy's correspondence For each work Crews identifies the authors artists or other cultural figures that McCarthy references gives the source of the reference in McCarthy's papers provides context for the reference as it appears in the archives and explains the significance of the reference to the novel or play that McCarthy was working on This groundbreaking exploration of McCarthy's literary influences impossible to undertake before the opening of the archive vastly expands our understanding of how one of America's foremost authors has engaged with the ideas images metaphors and language of other thinkers and made them his own

Acts of Faith and Imagination Brent Little, Mark Bosco, SJ, 2023-08-04 Acts of Faith and Imagination wagers that fiction written by Catholic authors assists readers to reflect critically on the question what is faith To speak of a person s faith life is to speak of change and development As a narrative form literature can illustrate the dynamics of faith which remains in flux over the course of one s life Because human beings must possess faith in something whether religious or not it inevitably has a narrative structure faith ebbs and flows flourishes and decays develops and stagnates Through an exploration of more than a dozen Catholic authors novels and short stories Brent Little argues that Catholic fiction encourages the reader to reflect upon their faith holistically that is the way faith informs one s affections and how a person conceives and interacts with the world as embodied beings Amidst the diverse stories of modern and contemporary fiction a consistent pattern emerges Catholic fiction portrays faith at its most fundamental often unconscious level as an act of the imagination Faith is the way one imagines themselves others and creation A person s primary faith conditions how they live in the world regardless of the level of conscious reflection and regardless of whether this is a religious faith Acts of Faith and Imagination investigates the creative depth and vitality of the Catholic literary imagination by bringing late modern Catholic authors into dialogue with more contemporary ones Readers will then consider well known works such as those by Graham Greene Flannery O Connor and Muriel Spark in the fresh light of contemporary stories by Toni Morrison Alice McDermott Uwem Akpan and several others
