New Religions And The Theological Imagination In America

Walter H. Conser, Sumner B. Twiss

New Religions And The Theological Imagination In America:

New Religions and the Theological Imagination in America Mary Farrell Bednarowski, 1989-11-22 Bednarowski is especially good at elucidating the theological daring of these new American religions. She demonstrates in a very few pages how theology and group adherence made the individual count a configuration simultaneously American, un-American, and important. Jon Butler: The cultural confrontation with these new religions is very real and usually very misinformed. Bednarowski has gone to great lengths to dispel the ignorance. *The Christian Century*. A groundbreaking study. *Syzygy Journal of Alternative Religion and Culture*. Organized as a series of theological conversations about ultimate questions, this book offers a guide to the answers these six religions offer. Drawing heavily on sources from the movements themselves, it presents a balanced comparative account of the emerging theological systems of America's new religions. *New Religions As Global Cultures* Irving Hexham, Karla Poewe, 2018-02-12. Although the Great Anti Cult Crusade links new religious movements to dangerous cults, brainwashing, and the need for deprogramming, Karla Poewe and Irving Hexham argue that many cults are the product of a dynamic interaction between folk religions and the teachings of traditional world religions. Drawing on examples from Africa, the United States, Asia, and Europe, they suggest that few new religions are really new. Most draw on rich, if localized, cultural traditions that are shaped anew by the influence of technological change and international linkages. With the widespread loss of belief in biblical mythology in the nineteenth century, new mythologies based on science and elements derived from various non-Western religious traditions emerged, leading to the growth and popularity of new religions and cults. **The Bloomsbury Companion to New Religious Movements** George D. Chryssides, Benjamin E. Zeller, 2014-01-02. The Bloomsbury Companion to New Religious Movements covers key themes such as charismatic leadership, conversion, and brainwashing; prophecy and millennialism; violence and suicide; gender and sexuality; legal issues; and the portrayal of New Religious Movements by the media and anti-cult organisations. Several categories of new religions receive special attention, including African new religions, Japanese new religions, Mormons, and UFO religions. This guide to New Religious Movements and their critical study brings together 29 world-class international scholars and serves as a resource to students and researchers. The volume highlights the current state of academic study in the field and explores areas in which future research might develop. Clearly and accessibly organised to help users quickly locate key information and analysis, the book includes an A to Z of key terms, extensive guides to further resources, a comprehensive bibliography, and a timeline of major developments in the field, such as the emergence of new groups, publications, legal decisions, and historical events. **America's Alternative Religions** Timothy Miller, 1995-01-01. This is a source of reliable information on the most important new and alternative religions, covering history, theology, impact on the culture, and current status. It includes a chapter on the Branch Davidians. Mystics and Messiahs Philip Jenkins, 2000-04-06. In *Mystics and Messiahs*, the first full account of cults and anti-cult scares in American history, Philip Jenkins shows that, contrary to popular belief, cults

were by no means an invention of the 1960s In fact most of the frightening images and stereotypes surrounding fringe religious movements are traceable to the mid nineteenth century when Mormons Freemasons and even Catholics were denounced for supposed ritualistic violence fraud and sexual depravity But America has also been the home of an often hysterical anti cult backlash Jenkins offers an insightful new analysis of why cults arouse such fear and hatred both in the secular world and in mainstream churches many of which were themselves originally regarded as cults He argues that an accurate historical perspective is urgently needed if we are to avoid the kind of catastrophic confrontation that occurred in Waco or the ruinous prosecution of imagined Satanic cults that swept the country in the 1980s Without ignoring genuine instances of aberrant behavior *Mystics and Messiahs* goes beyond the vast edifice of myth distortion and hype to reveal the true characteristics of religious fringe movements and why they inspire such fierce antagonism

The Encyclopedia of Cults, Sects, and New Religions James R. Lewis, 2001-03 Surpassing the scope and the thoroughness of the first edition this new edition of *The Encyclopedia of Cults Sects and New Religions* is the most wide ranging and accessible resource on the historically significant and more obscure sinister and bizarre religious groups Including many entries by scholarly specialists this volume explains more than 1 000 diverse groups and movements from such well known sects as the Branch Davidians Aum Shinrikyo and Heaven s Gate to obscure groups like Ordo Templi Satanas Witches International and the Nudist Christian Church of the Blessed Virgin Jesus In addition to an exhaustive index and handy cross references the second edition includes over a hundred new topical entries on subjects relevant to understanding sectarian movements from snake handling and satanic ritual abuse to brainwashing and exorcism This book a must for all libraries and schools will endure as the first and only point of reference for researchers scholars students and anyone interested in fringe religious groups

Beyond Religion and the Secular Wayne Hudson, 2022-11-17 Deploying a distinctive disaggregative approach to the study of religion this volume shows that spiritual movements with extensive counterfactual beliefs have been much more creative than one might expect Specifically Wayne Hudson explores the creativity of six spiritual movements the Bah s a Persian movement Soka Gakkai a Japanese movement Ananda Marga and the Brahma Kumaris two reformed Hindu movements and two controversial American churches The Church Universal and Triumphant and the Church of Jesus Christ of Latter day Saints Most of these movements have counterintuitive features that have led Western scholars making Enlightenment assumptions to dismiss them as irrational and or inconsequential However this book reveals that these movements have responded to modernity in ways that are creative and practical resulting in a wide range of social educational and cultural initiatives Building on research surrounding the ways in which spiritual movements engage in cultural productions this book takes the international research in a new direction by exploring the utopian intentionality such cultural productions reveal

New Religious Movements Dereck Daschke, W. Michael Ashcraft, 2005-06-17 An original collection of primary documents conveying the wide array of ideas connected to new religious movements *New Religious Movements* is a highly

unique volume bringing together primary documents conveying the words and ideas of a wide array of new religious movements NRMs and offering a first hand look into their belief systems Arranged by the editors according to a new typology the text allows readers to consider NRMS along five interrelated pathways from those that offer new perceptions of existence or new personal identities to those that center on relationships within family like units to those movements that highlight the need for recasting the social order or anticipate the dawn of a new age The volume includes original documents from groups such as the Unification Church Theosophy Branch Davidians Wicca Jehovah s Witnesses Santeria and Seventh Day Adventists as well as many others Each section is prefaced by a contextual introduction and concludes with a list of sources for further reading New Religious Movements offers a rare inside look into the worldviews of alternative religious traditions

Re-Membering and Re-Imagining Nancy J. Berneking, Pamela Carter Joern, 2009-06-01 The most controversial ecumenical church event in decades the first Re Imagining Conference shook the foundations of mainline Protestantism In this anthology of ninety five articles reflections letters poetry and artwork participants in the conference offer a candid inside look at what actually occurred in Minneapolis and at the aftershocks that followed Amid the cacophonous rumors hearsay and ideological clashes that continue to stalk Re Imagining the clear voices in this remarkable volume reveal fresh ways of understanding faith God and community They speak to the church today and to the church of tomorrow Time and

Sacrifice in the Aztec Cosmos Kay Almere Read, 1998-07-22 This introduction to the imaginative world of the Mexica or Aztec explores sacrifice in the richly textured life of 16th century Mexico Kay Almere Read describes a universe in which every object was timed by a given lifespan and in which sacrifice was the mechanism by which time functioned This book makes a convincing case for what sacrifice meant religiously and for how it came to be that human sacrifice of staggering proportions could be accepted matter of factly by the Mexica people **Female Leaders in New Religious Movements** Inga Bårdsen

Tøllefsen, Christian Giudice, 2017-10-06 In this book historians of religion and gender studies explore the biographies of a number of female leaders and the factors within their groups and cultural contexts that support these women s religious leadership New Religious Movements have been supportive of women taking roles of leadership for a long time Authors of this book examine issues of gender and female leadership from diverse theoretical and methodological standpoints The book covers a broad range of groups both with regard to time and place covering Paganism Hindu guru groups Christian organizations esoteric mystical movements African churches and a Japanese NRM The common focal point is the powerful prophetic charismatic women who have founded and or led New Religious Movements **Researching New Religious**

Movements Elisabeth Arweck, 2006 This cutting edge analysis of American and European new religious movements explores the controversies between religious groups and the majority interests which oppose them It asks how modern societies can best respond to new religious movements **Perspectives on the New Age** James R. Lewis, J. Gordon Melton, 1992-11-03

This book begins with a comprehensive historical section that places the New Age within the context of its predecessor

movements It then focuses on specialized aspects of this subculture from essays on the convergence of New Age spirituality with women s spirituality to an essay on how Evangelical Christians have responded to the movement The book also examines the international impact of the New Age

Feminism's New Age Karlyn Crowley,2011-06-01 Finalist for the 2011 ForeWord Book of the Year in the Women s Issues Category Crystals Reiki Tarot Goddess worship why do these New Age tokens and practices capture the imagination of so many women How has New Age culture become even more appealing than feminism And are the two mutually exclusive By examining New Age practices from macrobiotics to goddess worship to Native rituals Feminism s New Age Gender Appropriation and the Afterlife of Essentialism seeks to answer these questions by examining white women s participation in this hugely popular spiritual movement While most feminist approaches to the New Age phenomenon have simply dismissed its adherents for their politically problematic racial appropriation practices Karyln Crowley looks honestly at the political shortcomings of New Age beliefs and practices while simultaneously reckoning with the affective political and cultural motivations which have prompted New Age women s individual and collective spiritualities New Age spirituality is in fact the dynamic outgrowth of a long standing tradition of women s social and political power expressed through religious writings art and public discourse and is key to understanding contemporary women s history and religion s role in modern American culture alike Crowley offers a new and provocative assessment of the significance of the New Age movement seen through a feminist and critical race studies lens

Antiquity and Social Reform Dawn Hutchinson,2010-06-09 Although religious innovation in America has historically been the norm rather than the exception mainstream Americans have often viewed new religious movements with suspicion and occasionally with outright alarm The question motivating many studies of new religious movements has been why would someone join these religions In Antiquity and Social Reform Dawn Hutchinson offers at least one answer to this often repeated query She argues that followers of new religious movements in the 1960s 1980s specifically the Unification Church Feminist Wicca and the Nation of Yahweh considered these religions to be legitimate because they offered members a personal religious experience a connection to an ancient tradition and agency in improving their world Utilizing an historical approach Antiquity and Social Reform considers the conversion narratives of adherents and primary literature of the formative years of these movements which demonstrates that the religious experiences of the adherents and a resonance with the goals of these religions propelled members into social action

American Sacred Space David Chidester,Edward T. Linenthal,1995-11-22 In a series of pioneering studies this book examines the creation and the conflict behind the creation of sacred space in America The essays in this volume visit places in America where economic political and social forces clash over the sacred and the profane from wilderness areas in the American West to the Mall in Washington D C and they investigate visions of America as sacred space at home and abroad Here are the beginnings of a new American religious history told as the story of the contested spaces it has inhabited The contributors are David Chidester Matthew Glass Edward T Linenthal Colleen

McDannell Robert S Michaelson Rowland A Sherrill and Bron Taylor God's Government Begun Thomas D. Hamm,1995-11-22 Growing out of the most radical fringes of the abolitionist movement the Society for Universal Inquiry and Reform set out to inaugurate a new social order based on the principles of nonresistance The Society founded eight utopian communities which though short lived were the setting for the most radical questioning of antebellum American society The members of the Society renounced all forms of coercive relationships They attempted to live without government or private property and to model new visions of work education religion economics women s rights and roles and community This book tells the story of their impassioned attempt to transform the world and begin the Government of God *New Age Religion and Western Culture* Wouter J. Hanegraaff,2018-09-24 Recent years have seen a spectacular rise of the New Age movement and an ever increasing interest in its beliefs and manifestations This fascinating work presents the first ever comprehensive analysis of New Age Religion and its historical backgrounds thus providing the reader with a means of orientation in the bewildering variety of the movement Making extensive use of primary sources the author thematically analyses New Age beliefs from the perspective of the study of religions While looking at the historical backgrounds of the movement he convincingly argues that its foundations were laid by so called western esoteric traditions during the Renaissance Hanegraaff finally shows how the modern New Age movement emerged from the increasing secularization of those esoteric traditions during the 19th century This ground breaking publication is compulsive reading for all those involved or interested in the New Age movement The Theatre of the Occult Revival E. Ligan,2014-11-19 This book explores the religious foundations political and social significance and aesthetic aspects of the theatre created by the leaders of the Occult Revival Ligan shows how theatre contributed to the fragmentation of Western religious culture and how contemporary theatre plays a part in the development of alternative occult religions **Religious Diversity and American Religious History** Walter H. Conser,Sumner B. Twiss,1997 The ten essays in this volume explore the vast diversity of religions in the United States from Judaic Catholic and African American to Asian Muslim and Native American traditions Chapters on religion and the South religion and gender indigenous sectarian religious movements and the metaphysical tradition round out the collection The contributors examine the past present and future of American religion first orienting readers to historiographic trends and traditions of interpretation in each area then providing case studies to show their vision of how these areas should be developed Full of provocative insights into the complexity of American religion this volume helps us better understand America s religious history and its future challenges and directions

Getting the books **New Religions And The Theological Imagination In America** now is not type of inspiring means. You could not single-handedly going afterward books addition or library or borrowing from your connections to right to use them.
