Reader's Guide to Military History Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations *Banning the Bomb: The Politics of Norm Creation*

MALLAVARAPUR, 2007 Banning the Bomb The Politics of Norm Creation participates in the ongoing debate on international norm creation between Realists and Constructivists in international relations scholarship The author argues from a Constructivist provenance that it is critical to examine the role of international non state coalitions in order to appreciate the broader political context Well researched and rich in detail this book will be a valuable resource for scholars and students of international relations disarmament and peace studies **Declining Hegemonical Foreign Policies of Nigeria** Sheriff F.

Folarin, 2024-05-02 This book examines Nigeria's declining political hegemony in Africa between 1985 and 2022 a period characterised by dramatic internal political social and economic downturns that negatively affected her image and international relations The study traces the country's shifting leadership and foreign policies through different eras Chapters analysing Nigerian foreign policy internal dynamics ideology her military and civilian rule and how these played out in Nigeria's regional influence paint a holistic politico historical portrait of a nation in hegemonic decline from 1989 continuing

into the present day Deploying National Role Conception as an analytical tool to contextualise and dissect Nigerian foreign policy this book deepens our understanding of Nigerian international relations and challenges preconceptions as to how and through what lens foreign policies of declining states can and should be considered Through its approach the book offers scholars students researchers and policymakers fresh perspectives and tools for analysing foreign policies of states particularly Nigeria

Adapting the United Nations to a Post-Modern Era W. Knight, 2001-03-28 This volume addresses the central theme of adjusting the United Nations system in light of firstly the broadening definition of security secondly a perceived shift from modernity to post modernity and finally the contemporary debate about reform adaptation and institutional learning in multilateral institutions during transnational periods The UN has not been successful in learning appropriate lessons that could facilitate requisite changes to its structure and operations Thus the authors in this study focus on the lessons learned from the organizations recent performance in collective security preventative diplomacy preventative deployment peacekeeping peacemaking peace maintenance and international legal environmental and trade regulation

Army History, 2013

Strategic Studies Thomas G. Mahnken, Joseph A. Maiolo, 2014-01-10 The second edition of Strategic Studies A Reader brings together key essays on strategic theory by some of the leading contributors to the field This revised volume contains several new essays and updated introductions to each section The volume comprises hard to find classics in the field as well as the latest scholarship The aim is to provide students with a wide ranging survey of the key issues in strategic studies and to provide an introduction to the main ideas and themes in the field The book contains six extensive sections each of which is prefaced by a short introductory essay The Uses of Strategic Theory Interpretation of the Classics Instruments of War Intelligence and Deception Nuclear Strategy Irregular Warfare and Small Wars Future Warfare Future Strategy Overall this volume strikes a balance between theoretical works which seek to discover generalisations about the nature of modern strategy and case studies which attempt to ground the study of strategy in the realities of modern war This new edition will be essential reading for all students of strategic studies security studies military history and war studies as well as for professional military college students

Faces of Internationalism Eugene R. Wittkopf, 1990 In Faces of Internationalism Eugene R Wittkopf examines the changing nature of public attitudes toward American foreign policy in the post Vietnam era and the role that public opinion plays in the American foreign policymaking process Drawing on new data four mass and four elite opinion surveys undertaken by the Chicago Council of Foreign Relations from 1974 to 1986 combined with sophisticated analysis techniques Wittkopf offers a pathbreaking study that addresses the central question of the relationship of a democracy to its foreign policy The breakdown of the consensus approach to American foreign policy after the Cold War years has become the subject of much analysis This study contributes to revisionist scholarship by describing the beliefs and preferences that have emerged in the wake of this breakdown Wittkopf counters traditional views by demonstrating the persistence of U S public opinion defined by two dominant and distinct attitudes in

the post Vietnam war years cooperative and militant internationalism The author explores the nature of these two faces of internationalism focusing on the extent to which elites and masses share similar opinions and the political and sociodemographic correlates of belief systems Wittkopf also offers an original examination of the relationship between beliefs and preferences
