On Jews And Judaism In Crisis:

On Jews and Judaism in Crisis Gershom Scholem, 2012 Essays letters and articles written by the distinguished Jewish scholar over a fifty year period Includes three essays on Walter Benjamin **Crisis and Covenant** Jonathan Sacks, 1992 Discusses various issues in contemporary Jewish theology Ch 2 p 25 53 The Valley of the Shadow is dedicated to the theological interpretation of the Holocaust The Holocaust poses several problems to Jewish thought Is God present in the post Auschwitz world Did the Holocaust renew the Covenant or did it survive intact May the Holocaust be interpreted in terms of punishment or is its meaning different maybe inexplicable in the extant categories of human ethics May the Holocaust be regarded as a necessary transitional point on the way to the Jewish state What lessons may be extracted from the Holocaust Presents various solutions of modern day Jewish theologians Argues that the only lesson of the Holocaust is the reality of a common Jewish fate **Stranger in a Strange Land** George Prochnik, 2017-03-21 Taking his lead from his subject Gershom Scholem the 20th century thinker who cracked open Jewish theology and history with a radical reading of Kabbalah Prochnik combines biography and memoir to counter our contemporary political crisis with an original and urgent reimagining of the future of Israel In *Stranger in a Strange Land* Prochnik revisits the life and work of Gershom Scholem whose once prominent reputation as a Freud like interpreter of the inner world of the Cosmos has been in eclipse in the United States He vividly conjures Scholem s upbringing in Berlin and compellingly brings to life Scholem s transformative friendship with Walter Benjamin the critic and philosopher In doing so he reveals how Scholem s frustration with the bourgeois ideology of Germany during the First World War led him to discover Judaism Kabbalah and finally Zionism as potent counter forces to Europe s suicidal nationalism Prochnik s own years in the Holy Land in the 1990s brings him to question the stereotypical intellectual and theological constructs of Jerusalem and to rediscover the city as a physical place rife with the unruliness and fecundity of nature Prochnik ultimately suggests that a new form of ecological pluralism must now inherit the historically energizing role once played by Kabbalah and Zionism in Jewish thought [A Mortuary of Books](#) Elisabeth Gallas, Alex Skinner, 2019-04-30 Winner 2020 JDC Herbert Katzki Award for Writing Based on Archival Material given by the Jewish Book Council The astonishing story of the efforts of scholars and activists to rescue Jewish cultural treasures after the Holocaust In March 1946 the American Military Government for Germany established the Offenbach Archival Depot near Frankfurt to store identify and restore the huge quantities of Nazi looted books archival material and ritual objects that Army members had found hidden in German caches These items bore testimony to the cultural genocide that accompanied the Nazis systematic acts of mass murder The depot built a short lived lieu de memoire a mortuary of books as the later renowned historian Lucy Dawidowicz called it with over three million books of Jewish origin coming from nineteen different European countries awaiting restitution *A Mortuary of Books* tells the miraculous story of the many Jewish organizations and individuals who after the war sought to recover this looted cultural property and return the millions of

treasured objects to their rightful owners Some of the most outstanding Jewish intellectuals of the twentieth century including Dawidowicz Hannah Arendt Salo W Baron and Gershom Scholem were involved in this herculean effort This led to the creation of Jewish Cultural Reconstruction Inc an international body that acted as the Jewish trustee for heirless property in the American Zone and transferred hundreds of thousands of objects from the Depot to the new centers of Jewish life after the Holocaust The commitment of these individuals to the restitution of cultural property revealed the importance of cultural objects as symbols of the enduring legacy of those who could not be saved It also fostered Jewish culture and scholarly life in the postwar world

On the Edge of the Abyss Clémence Boulouque,2025-03-19 A history of the unconscious in public discourse before Freud and its significance for Jewish emancipation When Sigmund Freud published his theory of the unconscious in 1899 he popularized an idea that had fascinated generations of Jewish philosophers before him In this book Clémence Boulouque charts the development of the pre Freudian unconscious from subcultural inquiry to dominant discourse during the long nineteenth century Although Freud's scientific notion differed from Schelling's mythical description of the abyss from which creation springs its resonance with older ideas was celebrated as an opportunity to express specifically Jewish contributions to modernity Indeed Boulouque shows that the pre Freudian unconscious emerged from conversations in Jewish mysticism about otherness and coexistence In the hopeful years before World War I Boulouque argues such reflections offered the possibility of emancipation not only to Jews but to all

Judaism and Crisis Armin Lange,K.F. Diethard Römheld,Matthias Weigold,2011-10-06 In their long history Jews encountered political social cultural and religious crises which threatened not only their very existence but Jewish identity as well Examples for such crises include the Babylonian Exile the so called Hellenistic Religious reforms the first and second Jewish war the inquisition and the Shoah but also the encounter of modernity or socio economic developments Political cultural and religious crises did not coin Jewish culture thought and religion but forced Jews from the very beginnings of Judaism until today to rethink and shape their Jewish identity anew This volume asks how Jews coped with events that threatened Jewish existence culture and religion and how they responded to them Each crisis was different in nature and evoked hence different developments in Jewish culture thought and religion

Political Theologies in the Holy Land David Ohana,2009-10-16 This book examines the role of messianism in Zionist ideology from the birth of the Zionist movement through to the present It shows how messianism is not just a religious or philosophical term but a very tangible political practice and theology which has shaped Israeli identity The author explores key issues such as the current presence of messianism in the Israeli public sphere and the debates with Jewish settlers in the occupied territories after the 1967 war the difference between transcendental messianism and promethean messianism the disparity between the political ideology and political practice in the history of Israel the evolution of the messianic idea in the actions of David Ben Gurion the debate between Martin Buber Gershom Scholem Isaiah

Leibowitz J L Talmon and other intellectual figures with Ben Gurion the implications of political theology and the presence of messianic ideas in Israeli politics As the first book to examine the messianism in Israeli debate since the creation of the Israeli state it will be particularly relevant for students and scholars of Political Science modern intellectual history Israel studies Judaism and messianism

Divided Passions Paul R. Mendes-Flohr, 1991 Paul Mendes Flohr is emerging as the leading Jewish intellectual historian of the present generation In particular he is responsible for a significant amount of the important and pertinent scholarship in the field of German Jewish intellectual history No one else is quite as intimately knowledgeable with this material the ambiguous legacy of one of the most inventive and poignant episodes of creativity in the life of the Diaspora Divided Passions is a collection of published and unpublished essays and articles by Paul Mendes Flohr from the past decade In a manner that underscores their continued relevance and significance Mendes Flohr writes about the problems that Buber Rosenzweig Bloch Simon Scholem and others tried to crystallize and resolve Mendes Flohr moves with effortless authority among the disciplines of theology philosophy literature history and sociology Fitted with these interdisciplinary resources he enriches his treatment of themes and figures in ways that exceed the scope to say nothing of the execution found in other literature The book conveys a rare metaphysical depth for questions of faith identity and Dasein explored by the intellectual figures of the past are also personal ones for the author as well Mendes Flohr s exceptional ability to keep this body of work alive and available provides an outstanding source of commentary on the subjects that dominate the agenda of modern Jewish studies

Jewish Spirituality: From the sixteenth-century revival to the present Arthur Green, 1986 Library has vol 1

The Civilization of the Holocaust in Italy Wiley Feinstein, 2003 This book studies the persecution of Italian Jews during the Fascist period in relation to the Italian cultural tradition It shows that Mussolini s anti Semitic laws and Italian support for Hitler s war on the Jews stem directly from beliefs deeply embedded in Italian culture After studying anti Judaic characterizations in the Christian tradition and representations of Jews by Dante and other Medieval and Renaissance authors the book shows how the anti Semitic tradition became reinvigorated in the nineteenth century cultural figures in the period between 1900 and 1940 the writer Giovanni Papini the Catholic educational leader Agostino Gemelli and the artist and critic Ardengo Soffici The book then examines Mussolini s specific anti Semitic policies and argues that the Italian cultural system contributed to generating the evil that led to the Holocaust Wiley Feinstein is Associate Professor of Italian at Loyola University Chicago

Jewish Philosophy and the Crisis of Modernity Leo Strauss, 2012-02-01 This is the first book to bring together the major essays and lectures of Leo Strauss in the field of modern Jewish thought It contains some of his most famous published writings as well as significant writings which were previously unpublished Spanning almost 30 years of continuously deepening reflection the book presents the full range of Strauss s contributions as a modern Jewish thinker These essays and lectures also offer Strauss s mature considerations of some of the great figures in modern Jewish thought such as Baruch Spinoza Hermann Cohen Franz Rosenzweig Martin Buber Theodor

Herzl and Sigmund Freud They also encompass his incisive analyses and original explorations of modern Judaism which he viewed as caught in the grip of the theological political crisis from German Jewry anti Semitism and the Holocaust to Zionism and the State of Israel from the question of assimilation to the meaning and value of Jewish history In addition Strauss s two sustained interpretations of the Hebrew Bible are also reprinted These essays and lectures cumulatively point toward the postcritical reconstruction of Judaism which Strauss envisioned suggesting it rebuild along Maimonidean lines Thus the book lends credence to the view that Strauss was able to uncover and probe the crisis at the heart of modern Jewish thought and history perhaps with greater profundity than any other contemporary Jewish thinker *‘Our Place in al-Andalus’* Gil Anidjar,2002 This book offers a reading of Andalusi Jewish and Arabic texts that represent the 12th and 13th centuries as the end of el Andalus Islamic Spain *Between Jewish Tradition and Modernity* Michael A. Meyer,David Myers,2014-10-20 Bringing together leading Jewish historians anthropologists sociologists philosophers and liturgists *Between Jewish Tradition and Modernity* offers a collective view of a historically and culturally significant issue that will be of interest to Jewish scholars of many disciplines **The Jew, Or the Crisis of Judaism Exemplified** Alfred Moritz MYERS,1848 **German Jews in the Era of the “Final Solution”** Otto Dov Kulka,2019-12-02 These essays written in the course of half a century of research and thought on German and Jewish history deal with the uniqueness of a phenomenon in its historical and philosophical context Applying the classical empirical tools to this unprecedented historical chapter Kulka strives to incorporate it into the continuum of Jewish and universal history At the same time he endeavors to fathom the meaning of the ideologically motivated mass murder and incalculable suffering The author presents a multifaceted integrative history encompassing the German society its attitudes toward the Jews and toward the anti Jewish policy of the Nazi regime as well as the Jewish society its self perception and its leadership **Reimagining the Bible** Howard Schwartz,1998-01-15 *Reimagining the Bible* collects a dozen essays by Howard Schwartz Together the essays present a coherent theory of the way in which each successive phase of Jewish literature has drawn upon and reimagined the previous ones The book is organized into four sections The Ancient Models The Folk Tradition Mythic Echoes Modern Jewish Literature and the Ancient Models Within these divisions each of the essays focuses on a specific genre ranging from Torah and Aggadah to Kabbalah fairy tales and the modern Yiddish stories of S Y Agnon and Isaac Bashevis Singer Arguing the important thesis that there is a continuity in Jewish literature which extends from the Biblical era to our own times over a period of more than 3 000 years this collection also serves as a guide to the history of that literature and to the genres it comprises **Christian Attitudes on Jews and Judaism** Institute of Jewish Affairs,1968 *Jewish-Christian Relations* Abel Mordechai Bibliowicz,2019-03-01 I am in fundamental agreement with Bibliowicz s thesis that the anti Jewish polemic in the New Testament reflects debates between Jewish and Gentile followers of Jesus not a polemic between Christians and Jews and with the implications which he has drawn for Christian theology May this book find a wide readership among people devoted to the cause of the healing of
