F. McGlashan, 2022-05-28 History of the Donner Party is a book by C F McGlashan The Donner Party was a group of American pioneers who migrated to California in a wagon train from the Midwest some members having to resort to cannibalism while snowbound in the Sierra Nevada mountain range for an extended time **Rhetorical Bodies** Jack Selzer, Sharon Crowley, 1999 What significance does the physical material body still have in a world of virtual reality and genetic cloning How do technology and postmodern rhetoric influence our understanding of the body And how can our discussion of the body affect the way we handle crises in public policy the politics of race and ethnicity issues of family values that revolve around sexual and gender identities the choices revolving around reproduction and genome projects and the spread of disease Leading scholars in rhetoric and communication as well as literary and cultural studies address some of the most important topics currently being discussed in the human sciences The essays collected here suggest the wide range of public arenas in which rhetoric is operative from abortion clinics and the World Wide Web to the media's depiction of illiteracy and the Donner Party These studies demonstrate how the discourse of AIDS prevention or Demi Moore's beautiful pregnancy call to mind the physical nature of being human and the ways in which language and other symbols reflect and create the physical world *History of the Donner Party* Charles Fayette McGlashan, 1902 *New Perspectives on Native North America* Sergei Kan, Pauline Turner Strong, Raymond Fogelson, 2006-01-01 In this volume some of the leading scholars working in Native North America explore contemporary perspectives on Native culture history and representation Written in honor of the anthropologist Raymond D Fogelson the volume charts the currents of contemporary scholarship while offering an invigorating challenge to researchers in the field The essays employ a variety of theoretical and methodological approaches and range widely across time and space The introduction and first section consider the origins and legacies of various strands of interpretation while the second part examines the relationship among culture power and creativity The third part focuses on the cultural construction and

experience of history and the volume closes with essays on identity difference and appropriation in several historical and cultural contexts Aimed at a broad interdisciplinary audience the volume offers an excellent overview of contemporary perspectives on Native peoples

Searching for Tamsen Donner Gabrielle Burton, 2009-03-01 Tamsen Donner For most the name conjures the ill fated Donner party trapped in the snows of the Sierra Nevada Mountains in 1846-47 Others might know Tamsen as the stoic pioneer woman who saw her children to safety but stayed with her dying husband at the cost of her own life For Gabrielle Burton Tamsen's story fascinating in its own right had long seemed something more the story of a woman's life writ large one whose impossible balancing of self motherhood and marriage spoke to Burton's own experience This book tells of Burton's search to solve the mystery of Tamsen Donner for herself A graceful mingling of history and memoir *Searching for Tamsen Donner* follows Burton and her husband with their five daughters on her journey along Tamsen's path From Tamsen's birthplace in Massachusetts to North Carolina where she lost her first family in the space of three months to Illinois where she married George Donner and finally to the fateful Oregon Trail Burton recovers one woman's compelling history through a modern day family's adventure into realms of ultimately timeless experiences Here Burton has for the first time collected and published together all seventeen of Tamsen's known letters
