Recollections Of Rifleman Harris The Recollections Of Rifleman Harris:

The Recollections Of Rifleman Harris Benjamin Randell Harris, 2011-03-16 In an era devoid of modern communication methods letters and diaries from the literate officer classes of the Napoleonic wars abound in all of the languages of the combatant nations Much less often heard is the voice of the enlisted man particularly in the British armed forces an invaluable insight is provided by the recollections of Rifleman Harris late of the 95th Rifles The often brutal realities of the era were collated by an officer whom he knew Captain Curling and published in 1848 and although not well known at the time has become one of the most famous recorded by any rank One of Harris first memoirs of his time in the army is the devastating spectacle of a firing squad for a court martial of one of the rank and file and of the court martial of the bungling General Whitelock whose mishandled expedition to Buenos Ayres The man from the rank and file was shot but General Whitelock was merely cashiered a difference of class and the times unintentionally brought to light Whitelock's court martial provides the first appearance of General Craufurd who went on the expedition with Whitelock and wanted to have his former commander shot for his ineptitude and under whom Harris would spend a great deal of his soldiering career Harris takes a small part in another expedition to Denmark but the only sort of action he is involved in is defending a Danish family from the depredations of fellow soldiers It is however with his entrance into Portugal in 1808 that his adventures really begin to take shape as his fellow soldiers fall around him at the battles of Roli a and Vimiero he describes the horrific injuries sustained the plundering of the dead that took place which he was not above joining in and the task of the surgeons to try and stitch up the wounded A large part of the narrative is taken by the retreat of Sir John Moore's army to Coru a and the Light Brigade's to Vigo His tales of the retreat are vividly described from the capture of the French general Lefebvre Desnouettes at Benavente the privation the wives of the soldiers and their struggle to stay with the column to the iron resolve of General Craufurd to keep going Eventually and in a pitiable state Harris reaches Vigo and embarks for England It was not enemy action that ended Harris career in the army but diseases contracted during the pestilent 1809 Walcheren campaign the lingering sickness forced Harris to leave the army and take up trade as a cobbler A valuable and excellent read Recollections of Rifleman Harris (old 95th) Benjamin Harris, 1848 **Recollections of Rifleman Harris, (Old 95th) With Anecdotes of His Officers and His Comrads (Classic Reprint)** Benjamin Harris, 2018-02-07 Excerpt from Recollections of Rifleman Harris Old 95th With Anecdotes of His Officers and His Comrads The following pages describing the chee quered life of a private soldier who served during the most glorious period of our military history speak so plainly for them selves as scarcely to need any introductory remarks from the editor further than the assurance of his own sincere conviction of their truth Such works as the narratives of Rifleman Harris from the very nature of their details afford occasionally more graphic sketches of the actual scenes of war in its stern realities and concomitant circumstances than the more stately and largely grouped pictures of the Historian About the Publisher Forgotten Books publishes hundreds of

[Recollections of Rifleman Harris](#) Introduction by Sir Jo By Henry Curling,2015-10-15 Although there are many accounts of the Peninsular War by fighting men this book is justly famed because it is a rarity a memoir dictated by a ranker in Sir John Moore s army At a time when many members of his class were illiterate Benjamin Harris a Dorsetshire sheep boy serving in the 95th Regiment of Foot from 1803 conveys the hard life of an old sweat fighting both the French and the Iberian climate in lively and vivid prose Harris records the sicknesses and medicines suffered by ordinary soldiers recounts the savage punishment of a fellow Rifleman and the cut and thrust of military life from a distinctly worm s eye view giving invaluable insights into the life of an ordinary soldier in the Napoleonic Wars The book s editor Henry Curling persuaded Harris to recount his memoirs when he met him while Harris was working as a London cobbler in the 1830s First published in 1848 this memoir remains one of the most valuable documents to have come down to us from the early Peninsular War

The *Recollections of Rifleman Harris* is a memoir published in 1848 of the experiences of an enlisted soldier in the 95th Regiment of Foot in the British Army during the Napoleonic Wars The eponymous soldier was Benjamin Randell Harris a private who joined the regiment in 1803 and served in many of the early campaigns in the Peninsula War In the mid 1830s

Harris was working as a cobbler in London when he met an acquaintance Captain Henry Curling who asked him to dictate an account of his experiences of army life This account was then held by Curling until 1848 when he succeeded in getting the manuscript published preserving one of the very few surviving accounts of military service in this era from a private soldier

Benjamin Harris, 2019-11-13 Diaries memoirs and letters by officers of the Napoleonic era abound but there are few reminiscences by common foot soldiers This extraordinarily vivid and entirely authentic report by British rifleman Benjamin Harris offers rare glimpses of life among the enlisted men Harris s personal anecdotes brimming with ready wit and memorable descriptions tell of military life from the bottom up the soldiers camaraderie amid physical hardships and inadequate supplies and equipment their endemic drunkenness and frequent hunger the terrible punishments meted out for even small infractions and the narrow margin between death and survival In the mid 1830s Harris was working as a London cobbler when he met a former British Army officer who asked him to recount his wartime experiences A natural storyteller with a remarkable tale to tell Harris recalled his years of active service which began in 1803 when he joined the 95th Regiment of Foot in Ireland and were followed by campaigns from 1808 to 1809 in Portugal and Spain First published in 1848 this memoir was neither popular nor well received during Harris s lifetime but since its rediscovery in the early twentieth century it has become one of the most valuable documents of the Peninsular War **Recollections of Rifleman Harris**

Benjamin Harris, 1848 The Recollections of Rifleman Harris constitute one of the few sources which depict the Napoleonic Wars from the viewpoint of an infantry soldier Benjamin Harris was born in Portsmouth England around 1781 He saw his first military action at the Battle of Copenhagen in 1807 Victorious he and his regiment sailed back to English soil upon captured Danish vessels and spent time recuperating The following year Harris and his comrades in arms were sent to Portugal there they met stiff resistance in a series of battles taking losses at Roli a and Vimiero Their expedition was finally

trapped in northern Spain with the remaining army of John Moore their state dire depleted yet determined Harris eventually managed to depart from Vigo in Galicia his constitution severely impacted by harsh conditions Nevertheless in summer of 1809 he was again ready for a new expedition the Walcheren Campaign on the Dutch coast Conceived as a means of opening a new front in the ongoing War of the Fifth Coalition this mission proved ill fated though the troops swiftly seized the Walcheren marshlands feverish sickness rapidly spread through the ranks killing thousands Transcribed from Harris dictation in the 1830s and published in 1848 this work remains a classic wartime memoir *Recollections of rifleman Harris, ed. by H.
