Robert Browning His Poetry And His Audiences:

Robert Browning Lee Erickson, 1984 **The Poetry of Robert Browning** Britta Martens, 2016-01-01 Robert Browning's pre eminent status amongst Victorian poets has endured despite the recent broadening of the literary canon He is the main practitioner of the period's most important poetic genre the dramatic monologue while his engagement with many aspects of nineteenth century culture makes him a key figure in the wider field of Victorian studies This stimulating introduction to Browning criticism provides an overview of the major responses to the poet's work over the last two hundred years It offers an insightful guide to criticism from various theoretical perspectives elucidating Browning's participation in Victorian debates about aesthetics history politics religion gender and psychology **Robert Browning: His Poetry and His Audiences** Lee Erickson, 1980 **The Plays of Robert Browning** Thomas J. Collins, Richard J. Shroyer, 2019-06-04 Published in 1988 and including all seven of Robert Browning's dramas Collins and Shroyer introduce this convenient and reliable reading text by discussing the plays with a history of criticism and giving insightful notes on each individual play in the book Elizabeth Barrett and Robert Browning Mary Sanders Pollock, 2016-04-28 First published in 2003 this book examines the creative partnership of Elizabeth Barrett and Robert Browning and provides a critical analysis of the poems written by this famous couple during the 16 year period of their friendship courtship and marriage Even quite early in their relationship the Brownings shared a frame of reference similar themes narrative structures and details of phrasing resonate in their works and suggest dialogue rather than merely mutual influence Pollock traces parallels between the Brownings' lives and works even before they met and then throughout their courtship and married life suggesting that their creative dialogue continued after Barrett Browning died in 1861 as her presence and themes continued to inform Browning's poetry for at least a decade afterward **Browning, Victorian Poetics and the Romantic Legacy** Dr Britta Martens, 2013-05-28 Taking an original approach to Robert Browning's poetics Britta Martens focuses on a corpus of relatively neglected poems in Browning's own voice in which he reflects on his poetry his self conceptualization and his place in the poetic tradition She analyzes his work in relation to Romanticism Victorian reactions to the Romantic legacy and wider nineteenth century changes in poetic taste to argue that in these poems as in his more frequently studied dramatic monologues Browning deploys varied dramatic methods of self representation often critically and ironically exposing the biases and limitations of the seemingly authoritative speaker Browning The poems thus become devices for Browning's detached evaluation of his own and of others poetics an evaluation never fully explicit but presented with elusive economy for the astute reader to interpret The confrontation between the personal authorial voice and the dramatic voice in these poems provides revealing insights into the poet's highly self conscious conflicted and sustained engagement with the Romantic tradition and the diversely challenging reader expectations that he faces in a post Romantic age As the Victorian most rigorous in his rejection of Romantic self expression Browning is a key transitional figure between the sharply antagonistic periods of Romanticism and

Modernism He is also as Martens persuasively demonstrates a poet of complex contradictions and an illuminating case study for addressing the perennial issues of voice authorial authority and self reference *Poetry in the Making* Daniel Tyler, 2021 An edited collection on poetic creation in the Victorian period that studies nine major Victorian poets Wordsworth Tennyson Robert and Elizabeth Barrett Browning Clough Christina Rossetti Hopkins Swinburne and Yeats **Robert Browning's Romantic Irony in The Ring and the Book** Patricia Diane Rigg, 1999-06 This study is a reading of Robert Browning as an ironist in the tradition of the German Romanticist Friedrich Schlegel who coined the term Romantic irony Specifically Patricia Diane Rigg considers historicity or historical truth in Browning's *The Ring and the Book* by distinguishing between the processes of representation and re presentation within the context of Romantic irony The Palgrave Literary Dictionary of Robert Browning Martin Garrett, 2025-09-26 This literary dictionary provides a concise reference guide to Robert Browning Alphabetical entries cover his revolutionary poetics drama long narrative poems writing on relations between the sexes and translation and adaptation from classical works Browning was keenly aware of contemporary politics especially French and Italian and his reading was vast and esoteric his subjects drawn from medieval and Renaissance history and art history newspapers even advertisements He knew Carlyle George Eliot George Sand Thackeray the Rossettis Hawthorne and Henry James and had complex and difficult relationships with Dickens and with the tragic actor William Charles Macready He was more intimately associated with Tennyson and above all with Elizabeth Barrett Browning whose work character and opinions were one of the most significant influences on him The dictionary also explores his changing critical reputation an obscure generally badly received or ignored young writer a public figure and much anthologised poet in whose honour a Browning Society was founded in 1881 after another period of neglect an experimental poet psychologically sensitive and the subject of a wide range of scholarly editions and discussion **Keats, Narrative and Audience** Andrew Bennett, 1994-03-24 Andrew Bennett's original study of Keats focuses on questions of narrative and audience as a means to offer new readings of the major poems It discusses ways in which reading is figured in Keats's poetry and suggests that such figures of reading have themselves determined certain modes of response to Keats's texts Together with important new readings of Keats's poetry the study presents a significant rethinking of the relationship between Romantic poetry and its audience Developing recent discussions in literary theory concerning narrative readers and reading the nature of the audience for poetry and the Romantic invention of posterity Bennett elaborates a sophisticated and historically specific reconceptualization of Romantic writing The Female Sublime from Milton to Swinburne Catherine Maxwell, 2001 This innovative study of vision gender and poetry traces Milton's mark on Shelley Tennyson Browning and Swinburne to show how the lyric male poet achieves vision at the cost of symbolic blindness and feminisation Drawing together a wide range of concerns including the use of myth the gender of the sublime the lyric fragment and the relation of pain to creativity this book is a major re evaluation of the male poet and the making of the English poetic tradition The female sublime from Milton

to Swinburne examines the feminisation of the post Miltonic male poet not through cultural history but through a series of mythic or classical figures which include Philomela Orpheus and Sappho It recovers a disfiguring sublime imagined as an aggressive female force which feminises the male poet in an act that simultaneously deprives and energises him This book will be required reading for anyone with a serious interest in the English poetic tradition and Victorian poetry *Epic* Herbert F. Tucker, 2012-11-29 Literary history has conventionally viewed Milton as the last real practitioner of the epic in English verse Herbert Tucker's spirited book shows that the British tradition of epic poetry was unbroken from the French Revolution to World War I *Robert Browning* John Woolford, Daniel Karlin, 2014-09-11 Robert Browning 1812-89 rivals Tennyson as the major Victorian poet with such important works as *Dramatic Lyrics* *Dramatic Romances* and *Lyrics Men and Women* *Dramatic Personae* and the monumental *The Ring and the Book* He is known for his development of the dramatic monologue in which he recreated the world of Renaissance Italy and provided subtle and complex explorations of character Here Daniel Karlin and John Woolford provide a thematic survey of Browning's often difficult work using key poems as a common point of reference The themes covered include styles genres the mind the world interaction and criticism This excellent survey will be of value to students of Victorian literature and modernism *Browningmania, America's Love for Robert Browning* Hédi Jaouad, 2014-11-28 In the 1880s and 1890s the Victorian poet Robert Browning was the lion of the day in the United States particularly in Rochester Browning's work was widely read and discussed Even today there are still many in America who consider themselves Browningites and many of them belong to Browning clubs and societies This book the fruit of thorough and patient archival digging brings together various fragmentary local sources and quaint memorabilia hitherto unknown to scholars It vividly recovers the spirit of the fascination with Browningmania and more broadly Victoriana that Rochesterians and Americans in general evinced in the last two decades of the nineteenth century and early part of the twentieth century Browning's popularity undeserved many thought remains nonetheless a unique phenomenon in literary and cultural history well worthy of study and comprehension Although several books and articles were devoted to this subject none offers a sustained explanation of how and why Browning became such an iconic figure This book fills a gap in the scholarship and critical reception of Browning This study offers Browning scholars and Victorianists in general a new perspective on some long neglected but crucial material It will be of particular interest to students and scholars in Reception and American studies as well as cultural and literary historians Because it brings together many local anecdotes and memorabilia this book will also find appreciative readers among the general public especially in upstate New York region particularly Rochester *Reader's Guide to Literature in English* Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study **The Oxford History of**

Classical Reception in English Literature David Hopkins, Charles Martindale, Norman Vance, Rita Copeland, Patrick Cheney, Jennifer Wallace, Philip R. Hardie, 2012 The Oxford History of Classical Reception OHCREL is designed to offer a comprehensive investigation of the numerous and diverse ways in which literary texts of the classical world have stimulated responses and refashioning by English writers Covering the full range of English literature from the early Middle Ages to the present day OHCREL both synthesizes existing scholarship and presents cutting edge new research employing an international team of expert contributors for each of the five volumes OHCREL endeavours to interrogate rather than inertly reiterate conventional assumptions about literary periods the processes of canon formation and the relations between literary and non literary discourse It conceives of reception as a complex process of dialogic exchange and rather than offering large cultural generalizations it engages in close critical analysis of literary texts It explores in detail the ways in which English writers engagement with classical literature casts as much light on the classical originals as it does on the English writers own cultural context This fourth volume and second to appear in the series covers the years 1790 1880 and explores romantic and Victorian receptions of the classics Noting the changing fortunes of particular classical authors and the influence of developments in archaeology aesthetics and education it traces the interplay between classical and nineteenth century perceptions of gender class religion and the politics of republic and empire in chapters engaging with many of the major writers of this period
