

getting down to what I would regard as proper theology instead of merely allowing the signs of the times to interpret the scriptures for us. Admittedly hardly anyone is interested in metaphysics these days. But perhaps we had better learn again to be interested. Without responsible metaphysics even the resurrection turns into a metaphor. This would be a tragedy for the Church and very far from Moltmann's real intention.

One good feature of this book is the conscious effort which it makes to renounce the christocentrism which is the typical bias of Western Christianity—perhaps even our favourite heresy. Moltmann acknowledges the distinct role of the Holy Spirit to a degree which would profoundly modify the Western interpretation of the *filioque* clause and should bring him at least within talking distance of the Eastern Orthodox theologians.

The book is permeated by a vigorous sense that God really is alive and well and active everywhere. God lives and enjoys his own freedom in the liberation which the Spirit brings to men. The openness of the persons of the godhead to one another is the basis of God's openness to the world. And it is this openness of God to the world which is the basis of our openness to one another in love. Thus Moltmann is able to associate the life of God with the fulfilment of our humanity in history almost as intimately as Feuerbach did. Yet he sacrifices nothing of the transcendence of God.

This is an exciting and, in some ways, an inspiring book. But because of Moltmann's habitual recourse to metaphor and image in place of discursive reasoning and conceptual analysis, I found myself in the end more stimulated than instructed. This is a richly suggestive book, but there is too much suggestion and not enough clarification.

WHATEVER may be the chief excellence of Bultmann, it is to his philosophical and systematic presuppositions that most attention has been paid by his critics. The most radical of them, like Schubert Ogden, have thought the contradictions so basic that they have faced those who would follow Bultmann with a choice between the two sides that they see to be at war, the theological and the philosophical. *Rudolf Bultmann's Theology* begins with the expectation that matters are not so simple, and gives as evidence the fact that despite the
