Selected Film Criticism: 1921-1930 Anthony Slide, 1900 **The Complete History of American Film Criticism** Jerry Roberts, 2010-02-01 The Complete History of American Film Criticism is a chronicle of the lives and work of the most influential film critics of the past 100 years From the first movie review in the New York Times in 1896 through the Silent Era the pre and postwar years the Film Generation of the 1960s the Golden Age of the 1970s and into the 21st century critics have educated generations of discriminating moviegoers on the differences between good films and bad They call attention to great directors cinematographers production designers screenwriters and actors and shed light on their artistic visions and storytelling sensibilities People interested in what the great film critics had to say have usually been shortchanged as to their backgrounds and just why they are qualified to sit in judgment Using mini biographies placed within a chronological framework The Complete History of American Film Criticism is the biography of a profession whose cultural impact has left an indelible mark on the 20th century's most significant art form *Selected Film Criticism* Anthony Slide, 1982-01-01 Provides a cross section of contemporary American film criticism from 1896 1960 The volumes reprint reviews in their entirety from periodicals such as Photoplay Film Reports The Moving Picture World Variety and The New York Times Of immense value for gauging contemporary reaction both popular and serious to the best known films of the past **Nitrate Won't Wait** Anthony Slide, 2013-05-03 This study looks at the preservation process newsreel television and color preservation the often controversial issue of colorization and commercial film archives It provides detailed histories of the major players in the preservation battle including the International Museum of Photography at George Eastman House the American Film Institute the Museum of Modern Art the UCLA Film and Television Archive and the Library of Congress This first historical overview of film preservation in the United States is also highly controversial in its exposure and criticism of the politicization of film preservation in recent years and the rising bureaucracy which has often lost sight of preservation and restoration as the ultimate purpose of film archives **Selected Vaudeville Criticism** Anthony Slide, 1988-04 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com For No Reason at All Jeffrey A. Hinkelman, 2022-02-04 The years following the signing of the Armistice saw a transformation of traditional attitudes regarding military conflict as America attempted to digest the enormity and futility of the First World War During these years popular film culture in the United States created new ways of addressing the impact of the war on both individuals and society Filmmakers with direct experience of combat created works that promoted their own ideas about the depiction of wartime service ideas that frequently conflicted with established heroic tropes for the portrayal of warfare on film Those filmmakers spent years modifying existing standards and working through a variety of storytelling options before achieving a consensus regarding the fitting method for rendering war on screen That consensus incorporated facets of the experience of Great War veterans and these countered and undermined previously accepted narrative strategies This process reached its

peak during the Pre Code Era of the early 1930s when the initially prevailing narrative would be briefly supplanted by an entirely new approach that questioned the very premises of wartime service. Even more significantly the rhetoric of these films argued strongly for an antiwar stance that questioned every aspect of the wartime experience. For No Reason at All The Changing Narrative of the First World War in American Film discusses a variety of Great War themed films made from 1915 to the present tracing the changing approaches to the conflict over time. Individual chapters focus on movie antecedents animated films and comedies the influence of literary precursors the African American film industry women centered films and the effect of the Second World War on depictions of the First Films discussed include Hearts of the World The Cradle of Courage Birthright The Big Parade She Goes to War Doughboys Young Eagles The Last Flight Broken Lullaby Lafayette Escadrille and Wonder Woman among many others

The first North American film archive and museum the film library pioneered an expansive moving image network comprising popular abstract animated American Canadian and European films. More than a repository MoMA circulated these films nationally and internationally connecting the modern art museum to universities libraries women's clubs unions archives and department stores. Under the aegis of the museum cinema also changed. Like books paintings and photographs films became discrete objects integral to thinking about art history and the politics of modern life

Blackface, White Noise Michael Rogin, 1996-06-01 The tangled connections that have bound Jews to African Americans in popular culture and liberal politics are at the heart of Michael Rogin's arresting and unnerving book. Looking at films from *Birth of a Nation* to *Forrest Gump*, Rogin explores blackface in Hollywood films as an aperture to broader issues: the nature of white identity in America, the role of race in transforming immigrants into Americans, the common experiences of Jews and African Americans that made Jews key supporters in the fight for racial equality, and the social importance of popular culture. Rogin's forcefully argued study challenges us to confront the harsh truths behind the popularity of racial masquerade.

Visions of Vienna Alexandra Seibel, 2025-10-01 Vienna with its stunning architecture and unforgettable streetscape has long provided a backdrop for filmmakers. *Visions of Vienna* offers a close look at how directors such as Erich von Stroheim, Ernst Lubitsch, and Max Ophüls made use of the city and how the nostalgic glorification of the Habsburg era can be seen as directly tied to crucial issues of modernity. Films set in Vienna, Alexandra Seibel shows, persistently articulate the experience of displacement due to emigration, changing gender relations, and anti-Semitism, class distinction, and anti-Semitism themes that run counter to the ongoing mystification of Vienna as the incarnation of waltz, dreams, and schmaltz. **A Companion**

to D. W. Griffith Charles Keil, 2017-12-05 The most comprehensive volume on one of the most controversial directors in American film history, *A Companion to D. W. Griffith* offers an exhaustive look at the first acknowledged auteur of the cinema and provides an authoritative account of the director's life, work, and lasting filmic legacy. The text explores how Griffith's style and status advanced along with cinema's own development during the years when narrative became the dominant mode, when the short gave way to the feature, and when film became the pre-eminent form of mass entertainment. Griffith was at the centre of each of these changes, though a contested figure, he remains vital to any understanding of how cinema moved from nickelodeon fixture to a national pastime, playing a significant role in the cultural ethos of America. With the renewed interest in Griffith's contributions to the film industry, *A Companion to D. W. Griffith* offers a scholarly look at a career that

spanned more than 25 years The editor a leading scholar on D W Griffith and the expert contributors collectively offer a unique account of one of the monumental figures in film studies Presents the most authoritative complete account of the director s life work and lasting legacy Builds on the recent resurgence in the director s scholarly and popular reputation Edited by a leading authority on D W Griffith who has published extensively on this controversial director Offers the most up to date singularly comprehensive volume on one of the monumental figures in film studies *Cinema Arthuriana* Kevin J. Harty,2015-05-07 The legends of King Arthur have not only endured for centuries but also flourished in constant retellings and new stories built around the central themes With the coming of motion pictures Arthur was destined to hit the screen This edition of *Cinema Arthuriana* revised in 2002 presents 20 essays on the topic of the recurring presence of the legend in film and television from 1904 to 2001 They cover such films as *Excalibur* 1981 and *Monty Python and the Holy Grail* 1975 television productions such as *The Mists of Avalon* 2001 and French and German films about the quest for the Holy Grail and the other adventures of King Arthur and the Knights of the Round Table
