Lord Lister 1827 191:

Lord Lister Sir Rickman John Godlee, 1917 The Ascent of John Tyndall Roland Jackson, 2018-03-13 Rising from a humble background in rural southern Ireland John Tyndall became one of the foremost physicists communicators of science and polemicists in mid Victorian Britain In science he is known for his important work in meteorology climate science magnetism acoustics and bacteriology His discoveries include the physical basis of the warming of the Earth s atmosphere the basis of the greenhouse effect and establishing why the sky is blue But he was also a leading communicator of science drawing great crowds to his lectures at the Royal Institution while also playing an active role in the Royal Society Tyndall moved in the highest social and intellectual circles A friend of Tennyson and Carlyle as well as Michael Faraday and Thomas Huxley Tyndall was one of the most visible advocates of a scientific world view as tensions grew between developing scientific knowledge and theology He was an active and often controversial commentator through letters essays speeches and debates on the scientific political and social issues of the day with strongly stated views on Ireland religion race and the role of women Widely read in America his lecture tour there in 1872 73 was a great success Roland Jackson paints a picture of an individual at the heart of Victorian science and society He also describes Tyndall s importance as a pioneering mountaineer in what has become known as the Golden Age of Alpinism Among other feats Tyndall was the first to traverse the Matterhorn He presents Tyndall as a complex personality full of contrasts with his intense sense of duty his deep love of poetry his generosity to friends and his combativeness his persistent ill health alongside great physical stamina driving him to his mountaineering feats Drawing on Tyndall s letters and journals for this first major biography of Tyndall since 1945 Jackson explores the legacy of a man who aroused strong opinions strong loyalties and strong enmities throughout his life

Scotland Litellus Russell Muirhead, 1967 Scientific Advice to the Nineteenth-Century British State Roland Jackson, 2023-11-14 In twenty first century Britain scientific advice to government is highly organized integrated across government departments and led by a chief scientific adviser who reports directly to the prime minister But at the end of the eighteenth century when Roland Jackson s account begins things were very different With this book Jackson turns his attention to the men of science of the day who derived their knowledge of the natural world from experience observation and experiment focusing on the essential role they played in proffering scientific advice to the state and the impact of that advice on public policy At a time that witnessed huge scientific advances and vast industrial development and as the British state sought to respond to societal economic and environmental challenges practitioners of science engineering and medicine were drawn into close involvement with politicians Jackson explores the contributions of these emerging experts the motivations behind their involvement the forces that shaped this new system of advice and the legacy it left behind His book provides the first detailed analysis of the provision of scientific engineering and medical advice to the nineteenth century British government parliament the civil service and the military Beacon Lights of History: General index John Lord, 1913

Beacon Lights of History John Lord, 2009-01-01 First published posthumously in 1902 this collection of the lectures of American historian JOHN LORD 1810 1894 is a charming rummage through 6 000 years of European and American history exploring the past from the old pagan civilizations to modern leaders and cultures on both sides of the Atlantic This replica edition features all the original illustrations hard to come by in other recent versions It will delight both readers of history and lovers of beautiful classic books Volume XV features the general index for the entire 15 volume series topical questions that teachers and discussion groups will find useful a chronology of world history and other reference material

Index-catalogue of the Library of the Surgeon-General's Office, United States Army National Library of Medicine (U.S.), 1939 Beacon Lights of History: General index. Topical questions. The world's history: a chronological view John Lord, 1902 The Healers David Hamilton, 1999-03-31 A medical history of Scotland including practices innovations politics diseases and pandemics from medieval times to the twentieth century Scotland offers almost unique opportunities for medical historians For a conventional history there is a rich stock of famous doctors and their discoveries There are also the contributions of four ancient universities and three equally old colleges of physicians and surgeons For historians of public health there is the famous struggle against the problems of the industrial revolution and the lives and works of the great sanitary reformers in Glasgow and Edinburgh For the social historian there are equal opportunities in the diversity of the health care in the Highlands and Lowlands the rich traditions of Scottish folk medicine and the interactions of Scottish and English medical practice Much else can be learnt in relating Scotland's great innovative periods to her cultural and political state at the time In this book author David Hamilton explores new sources and evaluates the rich history of medicinal practices in Scotland Thus for historians both of medicine and of Scotland this study is necessary to more fully understand the country's history *July 1, 1827* Walter Scott, David Douglas, 1890
