Lord Mountbatten The Last Viceroy:

Lord Mountbatten, 1985 **Lord Mountbatten** David Butler, 1985 , **My Life, Pakistan and the Great Balidan** Zaki Sabih, 2025-09-10 Every act of creation has the potential to change the world whether a little bit at a time or all at once The creation of Pakistan in 1947 certainly changed the geopolitical landscape of the world forever But the lives of more than fifteen million people were changed as well with the partitioning of India sowing hatred and division between generational neighbors turning long standing harmony into brutally violent dissonance and displacing entire families from their ancestral homes This is the personal memoir of Author Zaki Sabih who nearly eighty years ago found himself among those displaced millions torn from both his homeland and his idyllic childhood for reasons he was far too young at the time to understand But it is more than a memoir as well It is the story of the millions of Indian Muslims who were slaughtered and betrayed in the name of Pakistan an overt criticism of religious extremism and ultranationalism and finally a fiercely taken stance on the vital importance of secularism in all aspects of the political sphere Return of the Rishi Deepak Chopra, 1991 With his earlier books Quantum Healing Perfect Health and Creating Health Dr Chopra developed a blend of Eastern and Western medical philosophy with the intention of creating a cleaner richer view of the road to perfect health a balance of mind body and spirit He now continues his prescription as he describes his journey from India to the West and from a formal practice as a board certified endocrinologist to a wider view of the primacy of the mind and spirit India After Gandhi: The History of the World's Largest Democracy Ramachandra Guha, 2017-07-13 Ramachandra Guha s India after Gandhi is a magisterial account of the pains struggles humiliations and glories of the world s largest and least likely democracy A riveting chronicle of the often brutal conflicts that have rocked a giant nation and of the extraordinary individuals and institutions who held it together it established itself as a classic when it was first published in 2007 In the last decade India has witnessed among other things two general elections the fall of the Congress and the rise of Narendra Modi a major anti corruption movement more violence against women Dalits and religious minorities a wave of prosperity for some but the persistence of poverty for others comparative peace in Nagaland but greater discontent in Kashmir than ever before This tenth anniversary edition updated and expanded brings the narrative up to the present Published to coincide with seventy years of the country s independence this definitive history of modern India is the work of one of the world s finest scholars at the height of his powers The Story of Bhimrao Ramji Ambedkar Sushmita Dutta, 2023-08-02 Bhimrao Ramji Ambedkar Architect of Equality and Justice is a compelling biography that delves into the life and achievements of an iconic figure who reshaped the socio political landscape of India Born into a marginalized community Bhimrao Ambedkar s journey from facing caste based discrimination to becoming the chief architect of the Indian Constitution is a testament to his indomitable spirit This book meticulously traces Ambedkar s early struggles academic brilliance and transformative years abroad which fueled his determination to combat social injustices As a fierce advocate for the oppressed he championed the eradication of

untouchability spearheaded movements for social reform and laid the groundwork for India's inclusive democracy. The narrative highlights Ambedkar's pivotal role in drafting the Indian Constitution, emphasizing his commitment to securing fundamental rights and affirmative action for marginalized communities. His courageous conversion to Buddhism, seeking empowerment beyond the confines of caste, adds depth to his multifaceted persona. Through vivid storytelling, *Architect of Equality and Justice* illuminates Ambedkar's enduring legacy as a beacon of hope and an agent of change.
