Los ovnis de oro Ernesto Cardenal, 1992 **Obras completas** Ernesto Cardenal, 1991 **Los Ovnis de Oro** Ernesto Cardenal, 1992 **Sandino's Nation** Stephen Henighan, 2014-05-01 How two of Latin America s greatest writers dramatized Nicaraguan nationhood before during and after the Sandinista Revolution **Die Romische Republik** EPUB 2-3, 2015-04-22 Provides a comprehensive introduction to 20th and 21st century world poets and their most famous most distinctive and most influential poems

Modern Nicaraguan Poetry Steven F. White, 1993 This work demonstrates that twentieth century Nicaraguan poetry can not be comprehended in its fullest dimension without an understanding of the literary traditions of France and the United States Ever since Ruben Dario established Hispanic America s literary independence from Spain in the nineteenth century with his modernista revolution poets in Nicaragua actively have engaged in a dialogue with the works of French and North American authors as a means of assimilating and transforming them and thereby inventing a profoundly Nicaraguan literary identity This process has resulted in what might be called a double genealogy in Nicaraguan poetry certain poets attracted to the alchemical properties of the poetic word and a transcendent mythic meta reality seem to have descended from French literary forebears others interested in an expansive poeticized version of history and verisimilitude have roots that might be traced to North American soil This division is a provisional experimental means of grouping Nicaraguan poets based not on the traditional compartmentalization of literary generations but on the family resemblances of poetic affinities Presented here is an effective analysis of the familial nature of the Nicaraguan poets achieving their own literary independence by taking into account socio political and historical considerations common literary themes as well as the intertextual relations that form the basis of international literary dialogues This rigorous but flexible approach to modern Nicaraguan poetry enables the reader to accompany the poets on

their journeys toward God and the end of the world into a timeless Nicaraguan landscape invaded by U S Marines beyond a contemporary urban portrait of Los Angeles through the horrifying European battlefields of World War I and the trenches of Nicaragua s revolution against the Somoza dictatorship The English speaking reader probably will be unfamiliar with most of the seven preeminent Nicaraguan poets whose works are the subject of this book but it is hoped that the reader will realize that the poetry of Nicaraguans Alfonso Cortes Salomon de la Selva Jose Coronel Urtecho Pablo Antonio Cuadra Joaquin Pasos Carlos Martinez Rivas and Ernesto Cardenal is worthy of serious study Furthermore the poems of these authors take on a richer meaning when they are studied as co presences in relation to certain texts by Baudelaire Rimbaud Mallarme and Supervielle or in an American context by poets such as Whitman Pound Eliot and Masters A relatively small country with a rich diverse tradition in poetry Nicaragua has maintained high literary standards generation after generation and has produced poets of a world class stature whose time has come for greater recognition

Blacks and Blackness in Central America Lowell Gudmundson, Justin Wolfe, 2010-10-18 Essays recovering the forgotten and downplayed histories of blacks in Central America demonstrating the centrality of African Americans to the regions history from the earliest colonial times to the present

Chiefs, Scribes, and Ethnographers James Howe, 2010-01-01 The Kuna of Panama today one of the best known indigenous peoples of Latin America moved over the course of the twentieth century from orality and isolation towards literacy and an active engagement with the nation and the world Recognizing the fascination their culture has held for many outsiders Kuna intellectuals and villagers have collaborated actively with foreign anthropologists to counter anti Indian prejudice with positive accounts of their people thus becoming the agents as well as subjects of ethnography One team of chiefs and secretaries in particular independently produced a series of historical and cultural texts later published in Sweden that today still constitute the foundation of Kuna ethnography As a study of the political uses of literacy of western representation and indigenous counter representation and of the ambivalent inter cultural dialogue at the heart of ethnography Chiefs Scribes and Ethnographers addresses key issues in contemporary anthropology It is the story of an extended ethnographic encounter one involving hundreds of active participants on both sides and continuing today
