The Downfall of America Jake Klausner, 2022-07-20 Far too often people are introduced to a caricature of the conservative movement before they ve actually heard what the average conservative has to say In *The Downfall of America* Jake Klausner presents a conservative perspective on the forces currently working to tear down long standing American traditions and institutions The book outlines the ways in which the Left has waged war against traditional American values and even reality itself In an age of emotional appeals it makes the conservative argument using logic and statistics The challenge conveyed to the reader is simple but critical Don t let freedom be extinguished in your lifetime make sure that it s still there for your kids and theirs *Buddy System* Geoffrey Greif, 2009 Much has been made of the complex social arrangements that girls and women navigate but little scholarly or popular attention has focused on what friendship means to men Drawing on in depth interviews with nearly 400 men therapist and researcher Geoffrey L Greif takes readers on a guided tour of male friendships explaining what makes them work why they are vital to the health of individuals and communities and how to build the kinds of friendships that can lead to longer and happier lives Another 120 conversations with women help map the differences in what men and women seek from friendships and what if anything men can learn from women s relationships The guiding feature of the book is Greif s typology of male friendships he dispels the myth that men don t have friends showing that men have must trust just and rust friends A must friend is the best friend a man absolutely must call with earthshaking news A trust friend is liked and trusted but not necessarily held as close as a must friend Just friends are casual acquaintances while rust friends have a long history together and can drift in and out of each other s lives essentially picking up where they last left off Understanding the role each of these types of friends play across
