Gene Weltfish

Lost Universe 3:

The Lost Universe Gene Weltfish, 1977-01-01 A fascinating insight into the life and culture of the Pawnee people is achieved here by the author's presentation of carefully gathered information in the form of a narrative of one year in Pawnee village. The first few chapters lay the groundwork of kinship lines followed by a narration of the life of one person in the village. Customs, ceremonies, beliefs, and hard work become apparent as the author leads one through the intricacies of the activities. Although it presents a great deal of detailed anthropological material, the manner of presentation turns the book into a readable account. The book is based on years of first-hand study as well as scholarly research and is recommended as an in-depth study of Plains Indian life. Reprint Bulletin Book Reviews. Gene Weltfish is coauthor with Ruth Benedict of *The Races of Mankind*. She is also the author of *The Origins of Art* and other books.

Lost, Britannia Vol. 3: Lost Eagles of Rome TPB Peter Milligan, 2019-01-09 A terrifying new quest into the unknown. The Roman standard, the eagle borne at the front of each Roman legion, was more than just a symbol of the soldiers that carried it. It was a symbol of Rome itself, the ultimate embodiment of the empire's power. But now in the mist-shrouded Germanic forest of Tottenwald, the unthinkable has happened. A rampaging barbarian horde has crushed three of Rome's most highly skilled detachments in battle and captured their mighty Roman eagles. His authority threatened by this all-too-public shame, the mad emperor Nero has dispatched Antonius Axia, the empire's finest detective and hero of Britannia, and Achillia, the sword-wielding champion of the gladiatorial arena, to reclaim his stolen relics at any cost. But what began as a simple mission will soon become a terrifying journey into the dark heart of belief itself as the isolated woodlands of Rome's enemies reveal unseen dimensions and the true power of the legion's lost eagles threatens to consume any who would pursue them. Valiant's sold-out descent into the horrors of the ancient world returns with an all-new volume from legendary comics master Peter Milligan. Detective Comics and Harvey Award-nominated artist Robert Gill. *BOOK OF DEATH* as Antonius Axia's history's first detective launches into an otherworldly mystery of monsters, magic, and conspiracy at the boundaries of human understanding. Collecting *BRITANNIA LOST EAGLES OF ROME* 1-4.

The Lost Sermons of C. H. Spurgeon Volume III Charles Haddon Spurgeon, 2018-06-01 The *Lost Sermons* of C. H. Spurgeon shed light on Spurgeon's earliest thinking and preaching from previously unpublished sermons from his first five years of ministry.

Kansas and the West Rita Napier, 2003 By incorporating voices from history that have too long been lost in the din of tradition, especially the voices of Native Americans and black women and laborers, *Kansas and the West* provides a provocative and much-needed new view of the state's past.

The Theatre of Empire Douglas S. Harvey, 2015-10-06 Focusing on the years between 1750 and 1860, this study follows the creation and perpetuation of an imperial culture from the London metropole to the Great Plains.

Homesteading the Plains Richard Edwards,Jacob K. Friefeld,Rebecca S. Wingo,2017 Homesteading the Plains offers a bold new look at the history of homesteading overturning what for decades has been the orthodox scholarly view The authors begin by noting the striking disparity between the public s perception of homesteading as a cherished part of our national narrative and most scholars harshly negative and dismissive treatment Homesteading the Plains reexamines old data and draws from newly available digitized records to reassess the current interpretation s four principal tenets homesteading was a minor factor in farm formation with most Western farmers purchasing their land most homesteaders failed to prove up their claims the homesteading process was rife with corruption and fraud and homesteading caused Indian land dispossession Using data instead of anecdotes and focusing mainly on the nineteenth century Homesteading the Plainsdemonstrates that the first three tenets are wrong and the fourth only partially true In short the public s perception of homesteading is perhaps more accurate than the one scholars have constructed Homesteading the Plainsprovides the basis for an understanding of homesteading that is startlingly different from current scholarly orthodoxy **New York Magazine**,1987-08-10 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
