The Lost Paradise Philip Caraman, 1990 The Lost Paradise Philip Caraman, 1975 "The" Lost Paradise Philip Caraman, 1976 **Based on a True Story** Donald F. Stevens, 1998-07-01 Combining history with discussions of dramatic cinema Based on a True Story Latin American History at the Movies examines how film has portrayed Latin America from the late fifteenth century to the present The book opens with an introduction on the visual presentation of the past in the movies while the rest of the book consists of essays that explore the best feature films on Latin America from the professional historian's perspective **The Jesuits in Spanish America in 1767** Robert H. Jackson, Juan Antonio Siller Camacho, 2023-01-26 On June 25 1767 royal officials in all Spanish territories including the Americas began the process of expelling the members of the Society of Jesus At the time there were some 2 200 2 400 Jesuits in Spanish America and they staffed urban colegios and frontier missions This book provides an overview of Jesuit institutions at the time of the expulsion order their urban role and the status of frontier missions focusing on the case study of several issues related to the Missions among the Guaran in South America This volume contains a visual catalog of historic maps and historic and contemporary images of selected Jesuit colegios and other urban institutions **Sacred Dialogues: Christianity and Native Religions in the Colonial Americas 1492-1700** Nicholas Griffiths, 2017 A Spanish conquistador who posed as a sorcerer and cured native Americans as he trekked across an unknown wilderness a French Jesuit who conjured rain clouds in order to impress his indigenous flock with the potency of Christian magic a Puritan minister who healed a native chief in order to win him for God a Mexican noble who was burned at the stake for resisting the gentle Franciscan friars an Andean chief who was haunted by nightmares in which his native gods did battle with the Christian Father a Huron magician who vied with French missionaries over spirits of the night in a shaking tent ceremony These are a few of the individuals whose struggles are brought to life in the pages of this book Their experiences among others reveal what happened when Christianity came into contact with Native American religions in three distinct regions of sixteenth and seventeenth century colonial America Spanish French and British *The World Turned Inside Out* Lorenzo Veracini, 2021-09-21 A history and theory of settler colonialism and social control Many would rather change worlds than change the world The settlement of communities in empty lands somewhere else has often been proposed as a solution to growing contradictions While the lands were never empty sometimes these communities failed miserably and sometimes they prospered and grew until they became entire countries Building on a growing body of transnational and interdisciplinary research on the political imaginaries of settler colonialism as a specific mode of domination this book uncovers and critiques an autonomous influential and coherent political tradition a tradition still relevant today It follows the ideas and the projects and the failures of those who left or planned to leave growing and chaotic cities and challenging and confusing new economic circumstances those who wanted to protect endangered nationalities and those who intended to pre-empt forthcoming revolutions of all sorts including civil and

social wars They displaced and moved to other islands and continents beyond the settled regions to rural districts and to secluded suburbs to communes and intentional communities and to cyberspace This book outlines the global history of a resilient political idea to seek change somewhere else as an alternative to embracing or resisting transformation where one is

A History of Western Public Law Bruno Aguilera-Barchet, 2014-12-31 The book outlines the historical development of Public Law and the state from ancient times to the modern day offering an account of relevant events in parallel with a general historical background establishing and explaining the relationships between political religious and economic events

The Age of Wars of Religion, 1000-1650 Cathal J. Nolan, 2006-04-30 The Age of Wars of Religion saw navies armies armed merchant companies and mercenaries battle one another and local potentates in many lands and along numerous shores Wars of religion were fought in and between all the major religions and civilizations from Europe to China in Africa and in the isolated Americas mixing motives of knightly idealism mercenary greed and competing claims of divine sanction This unparalleled work traces the extraordinary upheavals of the period in military technology competing theologies and civilizational change that were brought about by or impinged upon military conflict It offers nearly 2 000 discrete but cross referenced entries on cultural military religious and political history as well as geography biography and military literature Close to 2 000 entries offer detailed information on the major events places battles figures technologies and ideas one must know to begin to make sense of the past six centuries of global conflicts Though especially ferocious and intense the Wars of Reformation and Counter Reformation fought by Europeans from the 15th through 17th centuries were hardly unique in world or military history The Byzantine Empire bastion of Christian Orthodoxy staggered to the tortuous end of its long conflict with the Ottoman Empire the Great Power of the Sunni Muslim world The Ottomans in turn were still engaged in an equally ancient intra Muslim war between Sunnis and Shi ites In India the Hindu Rajputs and Marathas and also the Sikhs organized armies around religious communities to throw off the Muslim Yoke Mughul Empire and also fought against Christian invaders from Europe As for the isolated Americas ideas of divine kingship sustained by powerful priesthoods and religious warfare also prevailed as exemplified by the Inca and Aztec empires

Defiance and Deference in Mexico's Colonial North Susan M. Deeds, 2010-01-01 Thomas F McGann Memorial Prize Rocky Mountain Council on Latin American Studies 2004 Southwest Book Award Border Regional Library Association 2003 In their efforts to impose colonial rule on Nueva Vizcaya from the sixteenth century to the middle of the seventeenth Spaniards established missions among the principal Indian groups of present day eastern Sinaloa northern Durango and southern Chihuahua Mexico the Xiximes Acaxees Conchos Tepehuanes and Tarahumaras Yet when the colonial era ended two centuries later only the Tepehuanes and Tarahumaras remained as distinct peoples the other groups having disappeared or blended into the emerging mestizo culture of the northern frontier Why were these two indigenous peoples able to maintain their group identity under conditions of conquest while the others could not In this book Susan Deeds constructs authoritative ethnohistories of the

Xiximes Acaxeos Conchos Tepehuanes and Tarahumaras to explain why only two of the five groups successfully resisted Spanish conquest and colonization Drawing on extensive research in colonial era archives Deeds provides a multifaceted analysis of each group s past from the time the Spaniards first attempted to settle them in missions up to the middle of the eighteenth century when secular pressures had wrought momentous changes Her masterful explanations of how ethnic identities subsistence patterns cultural beliefs and gender relations were forged and changed over time on Mexico s northern frontier offer important new ways of understanding the struggle between resistance and adaptation in which Mexico s indigenous peoples are still engaged five centuries after the Spanish Conquest *Latin American Theology* Bingemer, Maria Clara ,2016-06-08

Jesuits in Spanish America before the Suppression Robert H. Jackson,2021-02-22 From the late sixteenth century until their expulsion in 1767 members of the Society of Jesus played an important role in the urban life of Spanish America and as administrators of frontier missions This study examines the organization of the Society of Jesus in Spanish America in large provinces as well as the different urban institutions such as colegios and frontier missions It outlines the spiritual and educational activities in cities The Jesuits supported the royal initiative to evangelize indigenous populations on the frontiers but the outcomes that did not always conform to expectations One reason for this was the effect of diseases such as smallpox on the indigenous populations Finally it examines the 1767 expulsion of the Jesuits from Spanish territories Some died before leaving the Americas or at sea The majority reached Spain and were later shipped to exile in the Papal States *History of the Catholic Church* James Hitchcock,2012-11-26 The Catholic Church is the longest enduring institution in the world Beginning with the first Christians and continuing in our present day the Church has been planted in every nation on earth The Catholic Church claims Jesus Christ himself as her founder and in spite of heresy from within and hostility from without she remains in the twenty first century the steadfast guardian of belief in his life death and resurrection The teachings and redemptive works of Jesus as told in the Gospels are expressed by the Church in a coherent and consistent body of doctrine the likes of which cannot be found in any other Christian body The history of the Catholic Church is long complicated and fascinating and in this book it is expertly and ably told by historian James Hitchcock As in the parable of Christ about the weeds that were sown in a field of wheat evil and good have grown together in the Church from the start as Hitchcock honestly records He brings before us the many characters some noble some notorious who have left an indelible mark on the Church while never losing sight of the saints who have given living testimony to the salvific power of Christ in every age This ambitious work is comprehensive in its scope and incisive in its understanding a valuable addition to any school or home library *The New Latin American Mission History* Erick Langer,Robert Howard Jackson,1995-01-01 The subject of missions formal efforts at religious conversion of native peoples of the Americas by colonizing powers is one that renders the modern student a bit uncomfortable Where the mission enterprise was actuated by true belief it strikes the modern sensibility as fanaticism where it sprang from territorial or economic motives it seems the rankest sort of hypocrisy

That both elements greed and real faith were usually present at the same time is bewildering In this book seven scholars attempt to create a new mission history that deals honestly with the actions and philosophic motivations of the missionaries both as individuals and organizations and as agents of secular powers and with the experiences and reactions of the indigenous peoples including their strategies of accommodation co optation and resistance The new mission historians examine cases from throughout the hemisphere from the Andes to northern Mexico to California in an effort to find patterns in the contact between the European missionaries and the various societies they encountered Erick Langer is associate professor of history at Carnegie Mellon University He is the author of *Economic Change and Rural Resistance in Southern Bolivia 1880 1930* and editor with Zulema Bass Werner de Ruiz of *Historia de Tarija Corpus Documental* Robert H Jackson is the author of *Indian Population Decline The Missions of Northwestern New Spain 1687 1840* and *Regional Markets and the Agrarian Transformation in Bolivia Cochabamba 1539 1960* He is an assistant professor in the Department of History and Geography at Texas Southern University

The Guaraní under Spanish Rule in the Río de la Plata Barbara Anne Ganson, 2003 This ethnographic study is a revisionist view of the most significant and widely known mission system in Latin America that of the Jesuit missions to the Guaran Indians who inhabited the border regions of Paraguay Argentina and Brazil It traces in detail the process of Indian adaptation to Spanish colonialism from the sixteenth through the early nineteenth centuries The book demonstrates conclusively that the Guaran were as instrumental in determining their destinies as were the Catholic Church and Spanish bureaucrats They were neither passive victims of Spanish colonialism nor innocent children of the jungle but important actors who shaped fundamentally the history of the R o de la Plata region The Guaran responded to European contact according to the dynamics of their own culture their individual interests and experiences and the changing political economic and social realities of the late Bourbon period

Colonial Kinship Shawn Michael Austin, 2020-12-15 In *Colonial Kinship Guaran Spaniards and Africans in Paraguay* historian Shawn Michael Austin traces the history of conquest and colonization in Paraguay during the sixteenth and seventeenth centuries Emphasizing the social and cultural agency of Guaran one of the primary indigenous peoples of Paraguay not only in Jesuit missions but also in colonial settlements and Indian pueblos scattered in and around the Spanish city of Asunci n Austin argues that interethnic relations and cultural change in Paraguay can only be properly understood through the Guaran logic of kinship In the colonial backwater of Paraguay conquistadors were forced to marry into Guaran families in order to acquire indigenous tributaries thereby becoming brothers in law to Guaran chieftains This pattern of interethnic exchange infused colonial relations and institutions with Guaran social meanings and expectations of reciprocity that forever changed Spaniards African slaves and their descendants Austin demonstrates that Guaran of diverse social and political positions actively shaped colonial society along indigenous lines

An Overview of Historical and Socio-economic Evolution in the Americas Alberto Ciferri, 2019-08-09 This book includes concise descriptions of the history of 28 nations on the American continent and focuses

on features that hinder authentic development particularly ethnic or class conflicts and wealth distribution Its purpose is to stimulate an appreciation of history and cultural values thus reinforcing the harmony of social relations Essential elements of history economics and sociology are presented in a plain and easily readable form allowing the book to be directed to a non specialized audience of individuals and students at the bachelors level in both developed and developing countries The leadership of new generations will need to consider new development models based on balanced compromises between economic and technological progress and the most basic aspirations of society Each chapter includes a brief presentation of data on the territory and the ethnic composition and current socio economic situation of a particular American nation They also provide a scholarly description of the main historical events and end with a brief insight into how the successes or difficulties of the individual country relate to cultural and historical events and to the evolution of that country s national identity or indeed identities

The Americas in the Spanish World Order James Muldoon,2015-09-01 Juan de Solorzano Pereira 1575 1654 was a lawyer who spent eighteen years as a judge in Peru before returning to Spain to serve on the Councils of Castile and of the Indies Considered one of the finest lawyers in Spain his work *De Indiarum Jure* was the most sophisticated defense of the Spanish conquest of the Americas ever written and he was widely cited in Europe and the Americas until the early nineteenth century His work and that of the Spanish School of international law theorists generally is often seen as leading to Hugo Grotius and modern international law However as James Muldoon shows the *De Indiarum Jure* represents the fullest development of a medieval Catholic theory of international order that provided an alternative to the Grotian theory

The Great Encounter Jayme A. Sokolow,2016-07-08 Traditional histories of North and South America often leave the impression that Native American peoples had little impact on the colonies and empires established by Europeans after 1492 This groundbreaking study which spans more than 300 years demonstrates the agency of indigenous peoples in forging their own history and that of the Western Hemisphere By putting the story of the indigenous peoples and their encounters with Europeans at the center a new history of the New World emerges in which the Native Americans become vibrant and vitally important components of the British French Spanish and Portuguese empires In fact their presence was the single most important factor in the development of the colonial world By discussing the great encounter of peoples and cultures this book provides a valuable new perspective on the history of the Americas

Land Without Evil Richard Gott,1993 Gott describes his journey through the heart of South America across the swampland that forms the watershed between the Plate and the Amazon rivers He intermingles his travel account with the results of his extensive research into the history of this land that once formed the contested frontier between Spanish and Portuguese territory and was the setting for a string of Jesuit missions and later for the extermination of the local peoples
