Lost Zodiac:

The Original Zodiac Graham Phillips, 2025-10-28 Explores ancient Mesopotamian astrology which originated with those who created G bekli Tepe and details the system's eighteen zodiac signs Shares the author's decades long research to decipher the meanings and characteristics behind each of the original eighteen signs Shows how the original zodiac can enrich and expand our understanding of astrology personal relationships and our sense of self and destiny Today the zodiac is divided into twelve signs through which the sun appears to travel in a year A person's sign can influence their personality physical characteristics and fate However in ancient Mesopotamia the first zodiac was divided into eighteen signs different from the Western and Vedic systems in use today The Original Zodiac reveals for the first time in more than 4 000 years this earliest known system of astrology The original Mesopotamian zodiac offered very different birth signs including the Serpent Swan Crane Horse Wolf and Eagle This zodiac was recorded on a clay tablet that is now housed in the British Museum cataloged as BM 86378 but there is no written record of how these signs were interpreted Now after decades of intensive research Graham Phillips reveals the meanings of these mysterious signs and their relevance for our times To determine what traits might be shared by those born in each sign of the original zodiac Phillips comprehensively surveyed hundreds of volunteers from diverse backgrounds He measured each participant's likes dislikes hobbies habits employment health information and other pertinent aspects of their lives and identities Not intended to replace or challenge our traditional understanding of astrology his findings offer an original system to enrich our current knowledge of the personality character and destiny of those born in each of its enigmatic signs

Kelly, Simon Kurt Unsworth, Terry Dowling, 2012-07-26 THE WOODS Michael Kelly Michael Kelly reveals The Woods was written for an anthology seeking regional horror and ghost stories I d just read Hemingway s Hills Like White Elephant s Now in no way am I comparing myself to Hemingway but I wanted to write a similarly brief tale with only two main characters and where the horror was off stage As well the setting had to be distinctly Canadian What I thought could be more Canadian than the frozen north and allusions to mythical beasts MAMI WATA Simon Kurt Unsworth Unsworth reveals When I was first asked to contribute to Exotic Gothic 3 which was to feature Gothic influenced stories in non Gothic environments I agreed without really thinking about it and then spent a long time struggling trying to work out how precisely I was going to manage it or quite how to make a start I knew what I wanted to do sort of but not exactly how to do it so one day alarmingly close to the deadline I did a fun thing I freewheeled through Google Using a small document about Zambian myths and cultures I found online I set the story in Zambia for no reason other than an old family friend lives there and it seemed exotic in Gothic terms I used one Zambian word from it as a search term and read what came up took one intriguing Zambian term from the search results and searched for that etc and disappeared into Google s merry depths I ended up with an academic paper about a particular myth a travel blog about a sort of beer made from corn and a weird little my God s better than your God blog by a kid in Africa and somewhere in the middle of that the story appeared THE AXHOLME TOLL Mark Valentine In the following story the book called The MS in a Red Box really exists the author reveals All of the legends about the Isle and about Beckett s assassins are also genuine except so far that of the Toll and their final place of rest or unrest TWO STEPS ALONG THE ROAD Terry Dowling Two Steps Along the Road came out of a conversation with US editor Danel Olson Dowling explains where we discussed me doing a ghost story set in Vietnam for Exotic Gothic 3 and the interesting possibilities it might provide for delivering atmosphere and an interesting perspective on familiar things Before I knew it I was blending two separate elements that were demanding attention the notion of a root form behind all hauntings regardless of what form they took and the unnerving realization that the eyes of a quite attractive teaching colleague would be truly terrifying to behold if they were set just a tad closer together The ideas were intended for very different stories but as so often happens they decided they were meant for each other *The Mammoth Book of Best New Horror 21* Stephen Jones, 2010-10-28 The year s best and darkest tales of terror showcasing the most outstanding new short stories and novellas by both contemporary masters of the macabre and exciting newcomers As ever this acclaimed anthology also offers the most comprehensive annual overview of horror around the world in all its incarnations a comprehensive necrology of famous names and a list of indispensable contact addresses for the dedicated horror fan and writer alike The Mammoth Book of Best New Horror remains the world s leading annual anthology dedicated solely to presenting the best in contemporary horror fiction Praise for Stephen Jones The best horror anthologist in the business is of course Stephen Jones whose Mammoth Book of Best New Horror is one of the major bargains of this as of any other year Roz Kavaney An essential volume for horror readers Locus
