## **My Friends Little Celebration:**

*The Friends of Freeland* Brad Leithauser, 2011-11-02 In this roomy bawdy exuberantly comic novel Brad Leithauser takes us to an imaginary island country Freeland during a crucial election year Freeland occupies its own place in the North Atlantic somewhere between Iceland and Greenland A geological miracle it is desolate What green is to Ireland gray is to Freeland and inspiring The friends of the title are Hannibal an expansive lovable unruly giant of a man who has been President of Freeland for twenty years and Eggert his shrewd often prickly always devious sidekick and adviser who is Poet Laureate of Freeland and the book's narrator As the book opens Freeland long happily isolated and stubbornly independent is in trouble The sins of the rest of the world have begun to wash up on its shores in the form of drugs restless youth and a polluted fished out ocean And to add to the complications when Hannibal who has promised to step down as president decides to run again the opposition imports three electoral consultants from the United States As the story unfolds the histories of the friends are revealed While Hannibal is Fate's adored Eggert travels perpetually under a cloud Orphaned early he must make his way by his wits We follow him from his youth as he adventures Down Below any place south of Freeland collecting women lovers children restlessly churning out fifty books in his search for love and admiration returning home at last to raise a family and to serve his friend in his political hour of need This huge stunning magical book brims with pleasures delicious satire as the independent minded natives meet the U S trained spin doctors a vibrant comic strip vitality and an edgy poignancy Best of all Leithauser has created a whole world at once uncannily like and unlike our own Readers who journey to Freeland will find it both a land of wonders and an ideal place from which to view the world they've left behind

*The Chasm Crossed* Kit Cain, 2006-05 There are always those of us who feel compelled or drawn to reach out beyond the confines of what we can see feel hear taste or smell into the area of the unknown and unprovable which has been in the past the rather exclusive domain of religion and Spirituality I was myself compelled beyond my capacity to resist to reach not only out into the unknown but to climb whatever ladder needed to be climbed to rise up out of each box I found myself contained within and limited by as some sort of doctrine philosophy belief system scripture or group thought I ended up on a very long and sometimes lonely journey which took me to a place of comfort where I felt I at least knew something that something being a lot more than I knew before beginning the journey Since that journey to understanding turned out to be the primary thrust and focus of attention of my whole life I kept track of my thoughts and experiences and wrote them down sometimes as poetry sometimes as song sometimes as narrative This book highlights the narrative portion of that journey and it describes in a mystical sort of way what I found to be of practical and impractical value For most of us the journey through life is a journey from nothing to something I finished that journey about age 35 and then started on the journey from something to nothing As you will see if you read further inside nothing merely means no thing The understanding of the word and concept is however tantamount to understanding every thing *Continent*, 1915

[Gift from God](#) James A. Gauthier J.D.,2018-01-16 God created Eve from Adam s rib Did God create Hayden from Ian and Eli  
The young pregnant mother appeared and said I am here to deliver this child Ian delivered her baby but she died instantly  
when anesthesia was administered DNA established that the young woman was a hermaphrodite Biblical angels are  
hermaphrodites Her body was sent to the morgue and later requests were made to return the body for further DNA testing  
but the young woman was gone leaving behind her surgical gown The child she delivered was the mirror image of Ian Eli  
Hayden shares an equal IQ blood chemistry and DNA with her adoptive parents Her heart beats in unison with her adoptive  
parents and she has many of gifts possessed by her mother The DNA verifies that Hayden is Of her parents and not From her  
parents To be of means to be created in the likeness of the parents as Eve was created from Adam by God Read this book and
