relatively simple and the culture was family oriented and deeply rooted in traditional American values based on loyalty to God and country Unlike today there were no distractions from television the Internet computer games and social networks so youngsters had to provide their own means for leisure time activities Some of those activities are described from Dr Nowatzkis perspective as a participant I Can Hold My Own will be of interest to anyone growing up in the United States at that time whether on a farm or in a large city like New York The story will also be of interest to any first generation American faced with a similar transition between two different cultures

**Patio Time** Sandra Evans, 2022-04-06 I never realized that when I started writing my first *Patio Time* that it would be what brings me healing from God All of us have a past Not all of us have trust issues but I did I always said that if I couldn't trust my own father how could I trust my Father in heaven But not all of us grow from our childhood surroundings without some type of damage I can honestly say that I used my upbringing as a crutch and an excuse for not growing Everything I thought I was failing at I blamed on my life as a child in West Virginia That's how I began most of my *Patio Time* Growing up as a child in West Virginia I blamed failed relationships lack of financial gain and listening to the wrong people I also spent years of trying to fix everyone who had alcoholism because my father was an alcoholic and wanting to heal everyone who had cancer because I watched my mother die of that horrible disease When you're a child you

can't process death or addiction I realized I was holding myself back because I could never get close to anyone Whenever I tried I would always push them away Maybe because I was thinking everyone leaves One day I went on my patio sat in my rocking chair and started writing about things that went on in my home and my small community Patio Time is a collection of my life and circumstances in that little rural area with a lot of dysfunctions I guess it's true what goes on behind closed doors stays behind closed doors But with this writing I realized that I had all I needed just by my surroundings and the love of the community I often found that my solace came from playing in the mountains and creeks Patio Time is my perception of the lessons that I learned from every situation I am hoping that this little collection will move the heart of others who need to realize they are exactly where they needed to be at that time All the situations that happened to me can clearly and has taught me a lesson of life I never realized it at that time but as an adult I see it clearly now My goal is for someone to read any page of my book and see their own life and be able to look back and see the beauty and how they were molded as an adult What my readers don't know is that I was an Italian child who was given away to a white couple in West Virginia in the fifties Skin color was never an issue in my family but so prevalent in that era My parents showed nothing but love to me But a lot of burden comes with that scenario I grew up with molestation alcoholism physical and emotional abuse along with bullying But with all of that exposure I still could find something to be thankful for in every one of those situations I lost both of my parents my mother when I graduated from high school and my father shortly after Patio Time has been a way to express the memories that I was trying to forget Now I'm grateful for my writings I am hoping that my journey is a light for others

*Eleftheria, Forever in Black* Alkiviadis Pappas, 2016-03-15 Several years ago I was diagnosed and consequently had surgery for spinal stenosis This condition forced me to spend more time at home I became tired of watching the same reality shows over and over and began thinking of my own life Over the course of three years I began to write down my memories and those of my sister Eleftheria I soon realized it was quite the story All the names places and dates of this book are real and truthful Every incident described in this book was witnessed by me or confirmed by members of my immediate or extended family The horrible truth is that we lived in hellish indignation After WWII and during the Greek Civil War in many instances the hatred intensified and the fear took over I witnessed fathers and sons turning on each other and even go as far as shooting one another Everyone was dressed alike One couldn't discern friend from foe If you were asked a question and gave the wrong answer you had better start praying For 10 whole years we lived in a chaotic dangerous and corrupted environment I witnessed arson and death I even saw people tortured with hot oil and slashings All these experiences culminated into excruciating nightmares that have haunted and continue to haunt me all my life This book is about the war and two families the Papaioannou and the Kalogeras families which battled hunger sickness resentment immigration and death
