Newsday The Film That Changed My Life Robert K. Elder, 2011-01-01 The movie that inspired filmmakers to direct is like the atomic bomb that went off before their eyes *The Film That Changed My Life* captures that epiphany It explores 30 directors love of a film they saw at a particularly formative moment how it influenced their own works and how it made them think differently Rebel Without a Cause inspired John Woo to comb his hair and talk like James Dean For Richard Linklater something was simmering in me but *Raging Bull* brought it to a boil *Apocalypse Now* inspired Danny Boyle to make larger than life films A single line from *The Wizard of Oz* Who could ever have thought a good little girl like you could destroy all my beautiful wickedness had a direct impact on John Waters That line inspired my life Waters says I sometimes say it to myself before I go to sleep like a prayer In this volume directors as diverse as John Woo Peter Bogdanovich Michel Gondry and Kevin Smith examine classic movies that inspired them to tell stories Here are 30 inspired and inspiring discussions of classic films that shaped the careers of today's directors and in turn cinema history **In Search of La Grande Illusion** Nicholas Macdonald, 2013-11-22 This is an extended analysis of the film from different perspectives The first half is largely a discussion of the cinematic technique with key sequences analyzed shot by shot The second half approaches the film from many other angles including its history the critical reception Renoir's life and career and film theory e.g. film in relation to music A case is made that Renoir's career was inconsistent especially after *La Règle du jeu* but also during the 1930s And rather than emphasizing the humanist anti-war thrust of *La Grande Illusion* the film is approached as a work of art that is deeply expressive cinematically **My Life as a Filmmaker** Satsuo Yamamoto, 2017-01-03 In his posthumous autobiography *Watakushi no eiga jinsei* 1984 Yamamoto reflects on his career and legacy beginning in the prewar days as an

assistant director in a well established film company under the master Naruse Mikio to his wide ranging experiences as a filmmaker including his participation in the tumultuous Toho Labor Upheaval soon after Japan's defeat in World War II and his struggles as an independent filmmaker in the 1950s and 1960s before returning to work within the mainstream industry. In the process he established himself as one of the most prominent and socially engaged film artists in postwar Japan. Imbued with vibrant social realism and astute political commentary, his filmic genres ranged widely from melodramas, period films from the Tokugawa era, samurai action, jidaigeki, social satires and antiwar films. Providing serious insights into and trenchant critique of the moral corruption in Japanese politics, academe, industry and society, Yamamoto at the same time produced highly successful films that offered drama and entertainment for Japanese and international moviegoers. His considerable artistic distinction, strong social and political consciousness and filmic versatility have earned him a unique and distinguished position among Japan's world class film directors. In addition to detailed annotations of the autobiography, translator Chia-ning Chang offers a comprehensive introduction to the career and the significance of Yamamoto and his works in the context of Japanese film history. It contextualizes Yamamoto's life and works in the historical and cultural zeitgeist of prewar, wartime and postwar Japan, before scrutinizing the unique qualities of his narrative voice and social conscience as a film artist.

Boats on the Marne Prakash Younger, 2017-10-16 *Boats on the Marne* offers an original interpretation of Jean Renoir's celebrated films of the 1930s, treating them as a coherent narrative of philosophical response to the social and political crises of the times. Grounded in a reinterpretation of the foundational film philosopher André Bazin and drawing on work from a range of disciplines—film studies, art history, comparative literature, political and cultural history—the book's coordinated consideration of Renoir's films, writings and interviews demonstrates his obsession with the concept of romanticism. Renoir saw romanticism to be a defining feature of modernity, a hydra-headed malady which intimately shapes our personal lives, culture and politics, blinding us and locking us into agonistic relationships and conflict. While mapping the popular manifestations of romanticism that Renoir engaged with at the time, this study restores the philosophic weight of his critique by tracing the phenomenon back to its roots in the work and influence of Jean-Jacques Rousseau, who first articulated conceptions of human desire, identity, community and history that remain pervasive today. Prakash Younger argues that Renoir's films of the 1930s articulate a multi-stranded narrative through which the director thinks about various aspects of romanticism and explores the liberating possibilities of an alternative paradigm illuminated by the thought of Plato, Montaigne and the early Enlightenment. When placed in the context of the long and complex dialogue Renoir had with his audience over the course of the decade, masterpieces such as *La Grande Illusion* and *La Règle du Jeu* reveal his profound engagement with issues of political philosophy that are still very much with us today.
