*Shakspere's Werke* Shakespeare,1876      *ChainBound* Walid el Hour,2014-02 Every so often a book comes along which challenges everything we think we know about love and relationships a book that takes us on an incredible journey and allows us to glimpse those rare moments in life when love truly conquers all and sometimes the most unlikely candidates find themselves drawn to each other like bees to nectar This is one such book In this book you will discover that true love has no boundaries It is the glue that holds the pages of life together for two unlikely souls who just happen to discover that love is timeless and does not come with an expiration date This book represents the intense love a man has for his wife It s an uncommon union to be sure but make no mistake about it for the love shared by these two unlikely people is real and true You only need to read this love letter written by man to his wife to understand that true love cannot be quenched or stopped it continues to grow into something intense and beautiful What makes this book special is that it proves that fairytales can really come true when you let them Here s one that did I was both entertained and fascinated It is a powerful story and well told A great read John Hughes Wilson British Writer      *What is Knowledge?* Jose Ortega y Gasset,2002-01-01 Appearing in English for the first time this book comprises two of Ortega s most important works *Qu es conocimiento* and the essay *Ideas y creencias* This is Ortega s attempt to systematically present the foundations of his metaphysics of human life and on that basis to provide a radical philosophical account of knowledge In so doing he criticizes idealism and overcomes it Accordingly this book goes well beyond a treatise on epistemology in fact as understood in modern philosophy this discipline and its questions are shown to be derivative and in that sense they are transcended here by Ortega s systematic effort Written during the time of his maturity these works are representative of his fruitful and radical period Both *Qu es conocimiento* and *Ideas y creencias* are equally decisive not only for the understanding and radical completion of Ortega s work but also for their relevance to the work of continental philosophers during the same period and for years to come e g Husserl Jaspers Heidegger Sartre and others      *A Man's Decision to Change* Nathania Sledge,2009-06-11 *Mans Decision to Change* tells the story of how much a man will change when he is looking for love The story surrounds the life of a man that is hiding from his past When he unexpectedly falls in love with someone that he has only known for a short period of time He falls in love without sharing the secret he has been keeping about his past life and his previous marriage That secret is going to lead to the ride of the heart that no one is ready to take Cynthia is the woman in the middle of it all as two men Isaac and Martin battle for her heart While the battle of love persist between the two men the love triangle gets bigger involving Mr X but he keeps holding onto his secret because he doesn t want to let go of his new lover Annette is co worker and friend of Martin s She discovers who Mr X is but because of a promise she made she is unable to tell anyone In the process she finds out that the man she loves is having an affair and is involved with Mr X While the two men continue to battle for Cynthia s love The divorce proceedings by two women Michelle and Francis becomes the dilemma that brings the walls of Mr X Cynthia and
