My Mum Needs Me Helping Children With Ill Or Disabled Children:

Helping Children with Ill Or Disabled Parents Julia Segal, John Simkins, 1996 The authors explore the range of issues that can arise when a parent falls ill or becomes disabled focusing on what children need to know issues of dependency and separation the role of teachers and schools the child's sense of responsibility and how to help children cope with their feelings Annotation copyright by Book News Inc Portland OR

Helping Children of Troubled Parents Margot Sunderland, 2017-04-28 Enables practitioners to help children whose emotional wellbeing is being adversely affected by troubled parents This title explores the fact that when parents are preoccupied with their own troubles they are often unable to effectively address their child's core relational needs such as soothing validating attunement and co-adventure

Social Work with Children Eric Blyth, Judith Milner, 2018-10-08 The recent review of the Diploma in Social Work highlighted the fact that children and young people who are in care have less successful records of educational achievement than their peers Social Work with Children encourages students to view the educational experiences of the young people they will work with seriously and to provide them with the necessary information to do so with confidence and authority It takes account of the problems associated with inter-agency and inter-professional work drawing upon the authors own practical experience and research Illustrative case studies are provided

The Trouble with Illness Julia Segal, 2017-06-21 A candid look at how people respond when someone close to them has an illness or disability and what can be done to avoid discomfort causing a rift in that relationship The book explores relationships between partners children and professionals and considers the different ways in which understanding can transform how people feel and react

Helping Children with Troubled Parents Margot Sunderland, Nicky Armstrong, 2017-04-28 This book is designed to enable practitioners to help children whose emotional wellbeing is being adversely affected by troubled parents These are children who live with the burden of having to navigate their parent's troubled emotional states often leaving them with a mass of painful feelings about a chaotic and disturbing world They can feel alarmed by their parent rather than experiencing them as home and a place of safety and solace The author explores the fact that when parents are preoccupied with their own troubles they are often unable to effectively address their child's core relational needs e.g. soothing validating attunement co-adventure interactive play As a result children are left self-helping which all too often means drugs drink self-harm depression anxiety eating disorders or problems with anger in the teenage years This guidebook offers readers a wealth of vital theory and effective interventions for working with these children and specifically the key feelings such children need help with Particular focus is given to the effects on children of family breakdown separation and divorce witnessing parents fighting and parents who suffer from depression or anxiety mental or physical ill health alcohol or drug addiction Readers will learn the complexity of children's feelings about their troubled parents how to enable children to address their unspoken hurt fear grief rage and resentment about their troubled parent in order to move forward in their lives how to empower children to find their voice when they

have been left in the role of impotent bystander effective parent child intervention when parental troubles are adversely affecting the child and how to help a parent and child find each other again **Children's Reflections On Family Life** Michele Moore,2012-11-12 How important is the family for children How do children cope when parents have to juggle child care employment and other responsibilities In this volume these questions and others are raised and reflected upon by children themselves providing insights for parents and professionals **Psychological Approaches to Rehabilitation after Traumatic Brain Injury** Andy Tyerman,Nigel S. King,2009-01-26 The psychological effects of traumatic brain injury TBI provide a major challenge to rehabilitation services This text will increase understanding of the nature of these effects and provide practical guidance from experienced practitioners about psychological interventions for use in both rehabilitation and long term adjustment Provides practical guidance and illustrative case examples from experienced practitioners Structured around five main areas overview of psychological effects and services cognitive rehabilitation managing emotional and behavioural problems vocational rehabilitation and family impact and interventions *Health and Healing after Traumatic Brain Injury* Heidi Muenchberger,Elizabeth Kendall,John J. Wright,2013-05-09 In this groundbreaking book experts show what a difference support systems family friends community and social programs can make towards the recovery of the millions of people who suffer a traumatic brain injury each year Health and Healing after Traumatic Brain Injury Understanding the Power of Family Friends Community and Other Support Systems stresses the importance of an integrated and systems approach to healing This book offers a unique combination of practitioner perspectives on what works for individual patients consumer stories and learned insights over time as well as researcher insights from innovative programs It provides a holistic account of the important factors in living with a brain injury that will inform and benefit health practitioners and policy makers as well as people with brain injuries and their family members and friends The chapters explore the current best evidence and contemporary views on healing that draw on optimism aspirational living and meaningful partnerships The authors focus on the emergent area of the salutogenic experience of injury how brain injury changes and shapes lives in positive ways and on the variables within individuals and their environments that provide a supportive influence in long term healing *Hidden Hands* Angela Bolton,Phillip Mizen,Christopher Pole,2002-01-04 Hidden Hands focuses on a specific and neglected area of contemporary child welfare that of children s paid work and labour This book provides the first cross cultural examination of children s productive activities their relationship to children s broader social lives and their implications for the child s education welfare and well being The contributors look at the situation both here and overseas They discuss issues including conflicts between schooling education and work in the UK child poverty motivating children to work children from ethnic minorities the work and labour of children in industrialised countries and the situation in the US Denmark Germany and Russia The growth in the study of childhood encompasses anthropology sociology social policy and social work as well as education This book will be of use in

all of these areas **Understanding What Children Say** Sarah Gorin,2004-01-01 Focusing on UK research dating from 1990 to 2003 this literature review examines what children say about living in families where there is domestic violence parental substance misuse or parental health problems Psychosocial Issues in Palliative Care Mari Lloyd-Williams,2008-05-08 Psychosocial Issues in Palliative Care is for anyone working the field of palliative care both in the community and in hospitals this includes those in medicine nursing social work chaplaincy counseling primary care and mental health Jacket **AIDS as a Gender Issue** Lydia Bennett,Catherine Hankins,Lorraine Sherr,2013-10-15 This international collection examines a wide range of psycho social aspects of AIDS and HIV infection including prevention education healthcare and policy in terms of gender challenges **Reconceptualising Work with 'carers'** Kirsten Stalker,2003 Demonstrating the scope and diversity of caring the contributors highlight the positive aspects of caring and the interdependence of many caring relationships but also broach the sensitive and complex subject of poor care and the importance of identifying and meeting the needs of hidden carers *My Mum Needs Me* Julia Segal,John Simkins,1993-01-01 Resilience in Palliative Care Barbara Monroe,David Oliviere,2007-09-06 The first book of its kind Resilience and Palliative Care Achievement in adversity takes the increasing international literature on resilience and applies it to palliative and end of life care The book offers an overview of all key aspects of palliative care presented through a resilience perspective Why do some patients and families break down while others surmounts the challenges facing them What interventions strengthen individual family and community coping This book aims to facilitate change with people facing the crisis of death dying and bereavement Much of the existing literature has focused on risk problems and vulnerability the emerging concept of resilience focuses on strengths and possibilities The total pain total care approach pioneered by Dame Cicely Saunders and St Christopher s Hospice now needs reinterpreting in the light of changing contexts and challenges The realities of demographic change and resource constrained health and social care environments have generated an increasingly risk focused approach to service delivery A narrowly medicalised approach has inevitable limitations professional care alone will be unable to meet need and demand in the face of ageingpopulations changing patterns of illness and the need for equity The resilience approach offers a counterbalance that harnesses the strengths of individuals and the communities in which they live and in which most of their dying will take place Resilience thinking emphasises the importance of publichealth and creates a partnership between patients professionals and community structures seeking to build community capacity and to deliver a preventive health care that will leave future generations less afraid of the dying and bereavement that will confront all of us This book offers insights into how at all levels of planning and delivering palliative care there is the opportunity to maximise coping build an infrastructure for self help and increase the capacity of strengthened teams and organisations *The Pain Mothers Must Never Expose:* Michelann Parr,2024-07-04 In this collection contributors reject the narrative that suggests that the pain of mothers must never be exposed They allow their

pain to wander outside the frame of the requisite pathos individual pieces reveal pain to be a complex and intersectional practice that encompasses denial and disenfranchisement where pain is birthed and named disorientation leading to a search for stable ground destabilization that inspires non normative mothering and discovery as an active stance that transforms intergenerational pain As contributors take up the challenge of unravelling their stories they reach for a life sustaining and hopeful shift in consciousness that allows them to listen to what pain has to offer without judgment to imagine and create a different future for themselves their children and the world and to let go of maternal pain and suffering as a way of being Readers will be inspired by raw honesty authenticity and willingness to embrace story as a gift to self **Social**
