poems from writers such as Lorraine Marwood Sofie Laguna and Michael Wager and illustrations from artists such as Shaun Tan Leigh Hobbs Mark Wilson and Marc McBride Secrets of a Boy, Lost William C. Prentiss,2012-02 Kim is not his real name but this is the first of his important secrets he must keep to himself as he runs away following the death of his parents in an auto accident At the age 15 he naively enters a difficult search on his own for a new identity and new family Supported by his strong religious and moral convictions he struggles to survive as he encounters many serious crises Can he not only survive but achieve his goals and eventually prevail This is an authentic semi autobiographical coming of age story set in the post WWII era but still highly relevant for the 21st century *Saving Susie-Belle - Rescued from the Horrors of a Puppy Farm, One Dog's Uplifting True Story* Janetta Harvey,2014-02-03 In the week before Christmas on a cosy bed beside a log burner a dog snoozes happily her belly full of lobster Just a few months earlier she had lain in the cold and filth of a Welsh puppy farm her belly empty of food but full of yet another litter of puppies The contrast could not have been greater For six years Susie Belle had been trapped in a life of misery as someone s commodity a breeding bitch in a puppy farm tied up in the back of a putrid shed never seeing the outside world receiving little or no care and experiencing neglect to a horrifying degree For dogs like her the end is usually a grim death whether it s because they fail to be a good breeder or because they have simply become too old and weary to produce and raise the puppies that are demanded of them A far happier ending awaited this little dog though as she was rescued lifted out of the dark and grubby hidden nightmare that is puppy farming and brought to safety by someone who cared enough to make a difference This is the moving tale of what life was like for one small dog how it changed and why no dog should ever be allowed to suffer at the hands of humans who value commercial profits more than life itself This is the story of Susie Belle and her road to recovery *Holy Moments* Martha Dalton Ward,2018-07-06 Momentslife is a sequence of them In the joyous times the spectacular instances seem to hurry by too quickly In the routine of everyday life ordinary moments slip by often unnoticed During anxious times it is as though every minute creeps by at an agonizingly slow pace But as Rev Martha Ward illustrates God is present at all times and if we open ourselves to that reality every moment is holy In *Holy Moments* When Life and Faith Intersect Rev Ward links her own personal stories and those of her family with key scriptures to illustrate the variety of ways our life events become holy moments Her hope is that readers will use her reflections as a springboard to consider how God is present in the moments of their lives **The Devil's Castle** Susanne Paola Antonetta,2025-09-23 The Devil s Castle delves into the forgotten history of eugenics and links it to present day psychiatry to explain how we as a culture continue to get mind care so wrong In *The Devil s Castle* Susanne Paola Antonetta weaves a haunting narrative that confronts the darkest chapters of psychiatric history while offering a bold vision for the future of mental health care In 1939 the eugenics movement growing throughout the West did its worst in Nazi Germany Through the Aktion T4 euthanasia program five asylums and an abandoned jail were transformed into gas chambers Tens of thousands of lives predominantly adults with neuropsychiatric conditions were

extinguished in those structures ultimately paving the way for the horrors of the Holocaust Interlacing her experiences of psychosis with the complex history of psychiatry Antonetta sheds light on the intersections of madness and societal perceptions of mental difference She brings to life the stories of Paul Schreber and Dorothea Buck two historical figures who act as models for mind care and acceptance This gripping exploration traverses the spectrum of neurodiversity from the devastating consequences of dehumanization to the transformative potential of understanding and acceptance With *The Devil's Castle* Antonetta not only unearths the failures of our past but also envisions a more compassionate enlightened approach to consciousness and mental health care This is a story of tragedy resilience and hope a rallying cry for change that dares to challenge the limits of how we define and support the human mind
