Words I Love, Volume 7 Charles Santiago, 2025-09-18 Friends of grieving widows and widowers often advise them after a certain point that they need to get on with their lives Life goes on they say implying that the deceased loved ones are forever gone remaining only in the cherished memories of their loved ones The widows and widowers are told that they will be united with their loved ones at long last when they themselves depart this life In the meantime they must get on with their lives But are we as human beings dependent totally upon our earthly bodies for our existence If not is it so that when we survive the death of the body we must depart from our loved ones in order to enter the afterlife Here on Earth if we can conceive that we might be able to continue living with our departed loved ones in a spiritual way is it possible that we might then discover that we actually can The poems of Words I Love might be considered by some to be the wishful thinking of a bereaved widower On the other hand the poems could be considered to be an actual dialogue between an earthly beau and his heavenly belle
