as easy as leaving her hometown was the first time No attachments No regrets Chase wasn't looking for a hook up and definitely not with his boss's little sister Besides Chase isn't about to fall for Sookie Their relationship is all about the great sex thank you very much he's been burned in the past and there's no chance of a repeat No way Not even if Sookie is starting to get under his skin and he can't seem to get that little firecracker out of his head Blazing Hot Rugged loner Landon Brenner has a problem and she's beautiful intelligent and he's falling for her fast Injured while fighting the fire threatening the small town of Cedar Springs and haunted by past failures that drive him to get back to the action despite his injuries Landon reluctantly agrees to take a room in the house of the sexy nurse who treated him while he was in the hospital Their attraction is combustible and the more time they spend together the more Landon finds himself yearning for more than just a temporary fling It's hard not to fall for a guy who likes to go around saving everything in his path from small animals to people but Alexandra Appleby is determined to resist Landon's many charms He's too much like her late husband Henry a cop who died in the line of duty She doesn't need another hero in her life A man around who rushes into danger without thinking twice And she sure as heck doesn't want to fall in love with a man whose bravery could kill him and leave her heartbroken She's got her job and she's perfectly content to spend the rest of her days alone But Alex can't help thinking that maybe just maybe Landon is worth putting her heart on the line Burning Flame He's back Hank Logan the man who broke Lana Sweet's heart the man she never forgot is back in their little town and making her fall in love with him all over again After her brother Michael's death ten years ago Hank disappeared leaving behind the devastated girl who'd loved him since the first grade Lana is one tough nut to crack except when it comes to Hank With him she's just a big pushover One smile one kiss and she's back where she started Except now she's pregnant and wondering if she can count on a man who walked away who could walk away again leaving her to deal with the consequences Just like before Hank never meant to come back to his hometown but when he heard about the wildfire threatening Cedar Springs he had to return Who's he kidding Sure there was a fire but the bigger draw was Lana In the ten years since Michael's death Hank hasn't been back but he never could get Lana out of his thoughts never could move on when she was the only girl he'd ever loved Blaming himself for Michael's death Hank can't bring himself to tell Lana the truth of what happened that night Not when telling her would mean he might never get her back Hank and Lana are about to say good bye forever just as the embers of the flames reignite giving them one more chance to realize they can't live without one another But do they have the courage to rekindle their love
