Forgotten Warriors Eddie L. Kemp, Sr., 2021-12-16 *Forgotten Warriors Living with PTSD* By Eddie L Kemp Sr On May 16 1968 in North Vietnam Eddie L Kemp Sr a United States Marine was severely wounded by an artillery attack on his military base The U S Marine Corps notified his mother and family at their home in Texas that he had been killed in action Kemp woke up in what he now believes was the morgue filled with beds of dead Marines under white sheets thinking he was the only survivor This Marine returned home with a severe loss of memory excruciating pains in his body and deep emotional scars affecting him throughout his life Like many veterans of the Vietnam War Kemp returned home from combat to find himself hated by the American people he had volunteered to protect defend and die for abandoned by the Federal Government or Veterans Administration who refused to treat him with the dignity and respect he had earned as an honorably discharged combat veteran and suffering with what he would learn decades later were severe symptoms of Post Traumatic Stress Disorder PTSD a condition that has resulted in the suicide of many of our war veterans at an alarming rate today Kemp candidly recalls numerous problems living with PTSD caused in his life He describes in detail the psychological and physical suffering he was forced to live alone with for years because he thought no one would understand or people would think he was insane However like the Marine he is Kemp fought the demons every day to live and is still fighting those same demons from hell today This Marine found the courage and strength to tell the suicidal voices of PTSD in his head that he would not become one of their victims After years of trying to make sense of what happened on that tragic day Kemp was connected with two pieces of the puzzle Exactly forty years after that ill fated day in May 1968 two Marines wounded in combat with him reunited with Kemp After weeks of talking to them the flashbacks experienced almost daily began to form complete pictures for him Finally he had someone else who truly understood what living in hell was all about You never know what tomorrow brings but Kemp hopes this book will help veterans and others living with PTSD find a way to cope fight and live another day With the support of those who found a way to love him in spite of today this Marine continues to battle the U S Department of Veterans Affairs for the dignity and respect earned as a United States Marine Realizing this is a major battle for many Kemp s message is especially for veterans struggling with this problem Choosing death should not be the final option Even when you have been made to feel worthless you are irreplaceable and of immeasurable value to those closest to you Kemp encourages you to continue the fight because somebody needs you to stay in the race Semper Fi *Full Circle: Memoir of A Vietnamese-Canadian Librarian* Vinh-The Lam, 2024-01-05 In *Full Circle Memoir of A Vietnamese Canadian Librarian* Vinh The Lam tells the story of his journey from American trained librarian in South Vietnam to Librarian Emeritus

in Canada After becoming the first US educated President of the Vietnamese Library Association VLA in 1974 Lam worked alongside a team of fellow American trained librarians to modernize and expand the South Vietnamese library system He even founded the country's first library science department at V n H nh University But after the fall of South Vietnam in 1975 the VLA and all of Lam's achievements were lost He spent the next six years in poverty before emigrating to Canada in 1981 and rebuilding his life and career With a new start in North America Lam made valuable contributions to the library community eventually retiring as Librarian Emeritus from the University of Saskatchewan in 2006 When Vietnam appealed to overseas intellectuals to return and help the country move forward in the aftermath of the collapse of the Communist system Lam and his former VLA team answered the call ready to help Vietnam thrive in a new era of innovation and progress This is the personal memoir of Lam's full journey from Vietnam to Canada and back again *The Story of Pain* Joanna

Bourke, 2014-06-26 Everyone knows what it feels like to be in pain Scraped knees toothaches migraines giving birth cancer heart attacks and heartaches pain permeates our entire lives We also witness other people loved ones suffering and we feel with them It is easy to assume this is the end of the story pain is pain and that is all there is to say But it is not In fact the way in which people respond to what they describe as painful has changed considerably over time In the eighteenth and nineteenth centuries for example people believed that pain served a specific and positive function it was a message from God or Nature it would perfect the spirit Suffer in this life and you wouldn't suffer in the next one Submission to pain was required Nothing could be more removed from twentieth and twenty first century understandings where pain is regarded as an unrelenting evil to be fought Focusing on the English speaking world this book tells the story of pain since the eighteenth century addressing fundamental questions about the experience and nature of suffering over the last three centuries How have those in pain interpreted their suffering and how have these interpretations changed over time How have people learnt to conduct themselves when suffering How do friends and family react And what about medical professionals should they immerse themselves in the suffering person or is the best response a kind of professional detachment As Joanna Bourke shows in this fascinating investigation people have come up with many different answers to these questions over time And a history of pain can tell us a great deal about how we might respond to our own suffering in the present and just as importantly to the suffering of those around us *The Vietnam Experience* Kevin Hillstrom, Laurie Collier
