*Death a la Carte* George East, 2017-02-10 For more than a decade Inspector Jack Mowgley has been keeping a sort of rough hewn order at Portsmouth Continental Ferry Port Critics and those who fell foul of his notions of natural and sometimes rough justice say he regarded the port as his personal fiefdom They are right But times have changed and the Police Force has become a Service The day that a fast track and very politically correct female took over as his boss The Ferry King knew his days were numbered He was right After an investigation Mowgley is invited to jump before he is pushed and to take early retirement Now he must start a new life in new surroundings During a visit to Normandy a decade earlier his wife had lost her heart to a ruined manor house and also to the man selling it In the divorce she settled for the town house in Portsmouth and left Mowgley with the ruin in northern France Now he is homeless and jobless but has been offered a job by a former French policeman who runs a private detective agency in Northern France Yann Cornec needs someone like Jack Mowgley to take on the agency's rapidly growing portfolio of cases involving British expatriates He is looking for someone who speaks the same language as the expats understands their strange ways and knows how to handle sometimes difficult people and cases He thinks he has found the right man in Jack Mowgley In spite of himself the former policeman finds himself feeling increasingly at home in a land where things are done so differently But after a gruesome discovery at his ruined property he also finds himself involved in a bloody territorial struggle involving drug and people smuggling murders most foul and general mayhem

Figures of Ill Repute Charles Bernheimer, 1997 Ubiquitous in the streets and brothels of nineteenth century Paris the prostitute was even more so in the novels and paintings of the time Charles Bernheimer discusses how these representations of the sexually available woman express male ambivalence about desire money class and the body Interweaving close textual analysis with historical anecdote and theoretical speculation Bernheimer demonstrates how the formal properties of art can serve strategically to control anxious fantasies about female sexual power Drawing on methods derived from cultural studies psychoanalysis social history feminist theory and narrative analysis this interdisciplinary classic available now for the first time in paperback was awarded Honorable Mention in 1990 for the James Russell Lowell prize awarded by the Modern Language Association for the best
