Reflections Peter James Ford, 2024-03-27 Peter James Ford The Unlikely Messenger is a unique individual with a broad understanding of life from having lived life from many lifestyles Peter experienced the good the bad the ugly and then an awakening and redemption His younger years found him struggling with alcoholism and the drugs of the sixties with having learning disabilities including attention deficit disorder and growing up in a violent environment Peter turned to physical training and motorcycles and found much satisfaction in both At an early age Peter crawled into the 12 step recovery program a broken man This was the beginning of Peter's spiritual journey Over the years Peter attained the promises of the program and began living a great life Many years later Peter was initiated into a yogic path that had begun thousands of years ago by an ancient lineage of Masters Peter did not realize that his profound spiritual experience at that time was actually a powerful Kundalini Awakening within him Shortly after his awakening these mystic tales of past lives and powerful wisdom truths began flowing Peter has just completed his seventh book about his life adventures and spiritual journey Peter hopes people find something useful in his writings or at least that they will bring a smile to your face when thinking about Peter this Unlikely Messenger *The Christian Review*, 1836 **Life's Messy, Live Happy** Cy Wakeman, 2022-03-29 A simple shift in thinking can change everything you believe about your own happiness By the time we become adults most of us have joined the religion of suffering which preaches that unless circumstances are controlled life will be a mess We compare ourselves to others and speculate about an impossible to know future holding out hope for an improved life through getting ahead fulfilling passion or finding true love But the idea that happiness comes from putting effort toward altering one's circumstances is harmful and backward What if we instead learned to understand that circumstances can rarely be controlled and that life is and always will be messy From that starting point we could learn to use our minds to create happiness despite life's ever changing circumstances and events Life's Messy Live Happy by Cy Wakeman is about dramatically changing the level of happiness you feel in your daily life by learning to disconnect happiness from external forces stop worrying about the future and realize that most of your negative feelings are about things that never even happened Wakeman is a credible relatable teacher a business owner mother and community member who has lived her philosophy and achieved profound happiness and success in a crazy messy life Filled with concrete daily practices and true

Wake Up, Sleeping Beauty June Fellhauer,2010-08-25 *The Supernatural in Short Fiction of the Americas* Dana Del George,2001-08-30 The continuing cultural encounters of the Americas between European and indigenous cultures and between scientific materialism and premodern supernaturalism have originated new narrative forms While supernatural short fiction of the Americas belongs to the broad category of the fantastic which is generally approached synchronically reading audiences of the past 200 years have shifted their beliefs about the supernatural several times While nineteenth century readers understood science as real and the supernatural as imaginary modern audiences recognize both as inaccurate a shift which allows authors of supernatural fiction to celebrate premodern indigenous beliefs which were once disdained by a materialist culture This book situates supernatural short fiction of the Americas within the changing cultural and epistemological contexts of the last 200 years and explores how authors have drawn upon a wealth of indigenous traditions The book begins with a discussion of theories of the supernatural and the fantastic It then looks at some of the first encounters of European and Native American supernatural beliefs and points to the common elements of these early traditions The volume next focuses on American literature of the nineteenth century which has a complex fusion of

materialist biases and metaphysical fascinations The final portion of the book gives greater attention to Spanish American literature and the blending of the supernatural with attitudes of nostalgia and uncertainty **Congressional Record**
