Scott, 2016-08-03 It is common to hear heavy metal music fans and musicians talk about the metal community This concept which is widely used when referencing this musical genre

encompasses multiple complex aspects that are seldom addressed in traditional academic endeavors including shared aesthetics musical practices geographies and narratives The idea of a metal community recognizes that fans and musicians frequently identify as part of a collective group larger than any particular individual Still when examined in detail the idea raises more questions than answers What criteria are used to define groups of people as part of the community How are metal communities formed and maintained through time How do metal communities interact with local cultures throughout the world How will metal communities change over the lifespan of their members Are metal communities even possible in light of the importance placed on individualism in this musical genre. These are just some of the questions that arise when the concept of community is used in relation to heavy metal music And yet in the face of all these complexities heavy metal fans continue to think of themselves as a unified collective entity This book addresses this notion of metal community via the experiences of authors and fans through theoretical reflections and empirical research Their contributions focus on how metal communities are conceptualized created shaped maintained interact with their context and address internal tensions The book provides scholars and other interested in the field of metal music studies with a state of the art reflection on how metal communities are constituted while also addressing their limits and future challenges From MTV to Mecca by Mereo Books Kristiane Backer, 2016 In the early 1990's Kristiane Backer was one of the very first presenters of MTV Europe For some years she lived and breathed the international music scene guickly gaining a cult following amongst viewers and becoming a darling of European press As she reached the pinnacle of her success she realised that despite having all she could have wished for she was never truly satisfied Something very important was missing A fateful meeting with Pakistani cricket hero Imran Khan changed her life He invited her to his country where she encountered a completely different world from the one she knew the religion and culture of Islam Instead of pop and rock stars she was meeting men and women whose lives were dominated by the love of God and who cared very little for the brief glories of this world She began to read the Quaran and to study books about the Faith A few years later after travelling more widely in the Islamic world and knowing that she had discovered her spiritual path she embraced Islam in a London mosque And then her real adventures began In this very personal memoir Kristiane Backer tells the story of her conversion and explains how faith despite the many challenges she faced has given her inner peace and the meaning she sought Let Me: Second Chance Love Stories Books 4-6 Box Set Lily Foster, 2023-03-30 This discounted collection includes three full length standalone novels from Lily Foster's bestselling Let Me series First loves forbidden love second chance romance and friends to lovers Find out why readers are calling the Let Me series an irresistible binge worthy read LET ME HEAL YOUR HEART One hockey phenom destined for the pros One summer he can t forget One girl he ll never stop loving Anna and Declan met under the worst circumstances imaginable but the summer they spent together branded them both That summer gave her something to smile about again and it gave him something to hope for But that was a long long time ago When they literally collide years later
