Colbeck,2011-11-01 The Colbeck collection was formed over half a century ago by the Bournemouth bookseller Norman Colbeck Focusing primarily on British essayists and poets of the nineteenth century from the Romantic Movement through the Edwardian era the collection features nearly 500 authors and lists over 13 000 works Entries are alphabetically arranged by author with copious notes on the condition and binding of each copy Nine appendices provide listings of selected periodicals series publications anthologies yearbooks and topical works **Leonard Woolf** Victoria Glendinning,2008-04-28 This meticulously researched and compassionately rendered portrait of Leonard Woolf the dark star of Bloomsbury is the first to capture his troubled relationship with his wife his own intellect and the tumultuous world of artists and eccentrics around him A man of extremes Woolf was by turns ferocious and tender violent and repressed opinionated and nonjudgmental always an outsider of sorts within the exceptionally intimate fractious and sometimes vicious society of brilliant but troubled friends and lovers In telling Woolf s story Victoria Glendinning traces the development of the Bloomsbury circle bringing to life the group s literary and personal discussions She also provides an unprecedented account of Woolf s marriage to the legendary Virginia revealing his undying creative and emotional support for her amid her numerous breakdowns Leonard Woolf is a perceptive and lively biography of a man whose far reaching influence is long overdue the full appreciation Glendinning provides New Frameworks for Old E. J. Kenney,1975-04-23 *Writers, Readers, and Reputations* Philip Waller,2008 Philip Waller explores the literary world in which the modern best seller first emerged with writers promoted as stars and celebrities advertising both products and themselves **Twentieth Century British Literature** Martin Tucker,1968 **Artful Dodgers** Marah Gubar,2009-03-04 In this groundbreaking contribution to Victorian and children s literature studies Marah Gubar proposes a fundamental reconception of the nineteenth century attitude toward childhood The ideology of innocence was much slower to spread than we think she contends and the people whom we assume were most committed to it children s authors and members of the infamous cult of the child were actually deeply ambivalent about this Romantic notion Rather than wholeheartedly promoting a static ideal of childhood purity Golden Age children s authors often characterize young people as collaborators who are caught up in the constraints of the culture they inhabit and yet not inevitably victimized as a result of this contact with adults and their world Such nuanced meditations on the vexed issue of the child s agency Gubar suggests can help contemporary scholars to generate more flexible critical approaches to the study of childhood and children s literature **Whitaker's Cumulative Book List** ,1964 **A Chronological Outline of British Literature** Samuel Rogal,1980-04-16 Product information not available **The City** Virginia Schomp,2011-01-15 Describes daily life in the cities of England during the reign of Queen Victoria 1837 1901 from the poor to the middle classes to the upper classes with a focus on the lives of women and children as well as men *A Bibliography of and about the Works of Anthony Edward Montagu Compton Mackenzie* Phillips V.
