My Life with the Tsar & Other Poems Susan Firer, 1979 Notable American Women with Czechoslovak Roots Miloslav Rechcigl Jr., 2019-09-16 Even though there exist only a few general studies on the subject of Czechoslovak American women this is not at all a reflection of the paucity of work done by these women as this publication demonstrates This monograph is a compendium of notable American women with Czechoslovak roots who distinguished themselves in a particular field or area from the time they first immigrated to America to date Included are not only individuals born on the territory of former Czechoslovakia but also their descendants This project has been approached strictly geographically irrespective of the language or ethnicity Because of the lack of bibliographical information most of the monograph comprises biobibliographical information in which area a plethora of information exists As the reader will discover these women have been involved practically in every field of human endeavor in numbers that surprise On the whole they have been noted for their independent spirit and nonconforming role

Encyclopedia of Bohemian and Czech-American Biography Miloslav Rechcigl Jr., 2016-11-10 As the Czech ambassador to the United States H E Petr Gandalovic noted in his foreword to this book that Mla Rechcigl has written a monumental work representing a culmination of his life achievement as a historian of Czech America The Encyclopedia of Bohemian and Czech American Biography is a unique and unparalleled publication The enormity of this undertaking is reflected in the fact that it covers a universe starting a few decades after the discovery of the New World through the escapades and significant contributions of Bohemian Jesuits and Moravian brethren in the seventeenth and eighteenth centuries the mass migration of the Czechs after the revolutionary year of 1848 and up to the early years of the twentieth century and the influx of refugees from Nazism and communism The encyclopedia has been planned as a representative a comprehensive and authoritative reference tool encompassing over 7 500 biographies This prodigious and unparalleled encyclopedic vade mecum reflecting enduring contributions of notable Americans with Czech roots is not only an invaluable tool for all researchers and students of Czech American history but is also a carte blanche for the Czech Republic which considers Czech Americans as their own and as a part of its magnificent cultural history

[Notable Americans of Czechoslovak Ancestry in Arts and Letters and in Education](#) Miloslav Rechcigl Jr.,2021-11-02 As pointed out in my last two publications no comprehensive study has been undertaken about the American Learned Men and Women with Czechoslovak

roots The aim of this work is to correct this glaring deficiency with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Whereas in the two mentioned monographs the emphasis has been on scholars and social and natural scientists and men and women in medicine applied sciences and engineering respectively the present compendium deals with notable Americans of Czechoslovak ancestry in arts and letters and in education With respect to women although most professional fields were closed to them through much of the nineteenth century the area of arts and letters was opened to them as noted earlier and as this compendium authenticates **Creativity and the Poetic Mind** Jean Tobin,2004

Creativity and the Poetic Mind mingles the voices of well known writers such as Nikki Giovanni Donald Hall John Koethe Marge Piercy and Robert Pinsky with newer voices and includes engaging excerpts from interviews with thirty eight American poets Within a sustained argument about creative states of mind this book innovatively presents and explores the technique of going to the place as more reliable in writing poetry than waiting for inspiration It explains why poets frequently believe that talking about their own poetry may damage their creativity and why for centuries inspiration has seemed to come from somewhere beyond the poet In addition it discusses the practicality of poets thinking that being creative and writing poetry are two separate skills inspiration is unreliable but experienced poets create daily *International Who's Who in Poetry* 2004 Europa Publications,2003 Provides up to date profiles on the careers of leading and emerging poets

Beyond the Sea of Beer Miloslav Rechcigl Jr.,2017-11-09 This is a comprehensive history of immigrants from the historic lands of the Bohemian Crown and its successor states including Czechoslovakia and the Czech Republic based on the painstaking lifetime research of the author The reader will find lots of new information in this book that is not available elsewhere The title of the book comes from a popular song of the famous Czech artistic duo Voskovec and Werich who described America in those words when they lived here reflecting on their love for this country It covers the period starting soon after the discovery of the New World to date The emphasis is on the US although Canada and Latin America are also covered It covers the arrival and the settlement of the immigrants in various states and regions of America their harsh beginnings the establishment of their communities and their organization A separate section is devoted to the contributions of notable individuals in different areas of human endeavor including Bohemians Moravians Bohemian Jews and the Slovaks These people excelled in just about every facet of human undertaking Even though a total number of these immigrants were fewer than other ethnic groups their accomplishments were phenomenal Nothing like this has ever been published since the time Thomas Capek wrote his classic *The Cechs Bohemians in America* some one hundred years ago **The Transit of Venus** Susan Firer,2019-09 In Firer s poems place often the western shore of Lake Michigan provides an imagistic and sonic landscape in which language explores the empire of skin with its daily happinesses and sorrows gifts and losses Often blue light illuminates these poems and frequently the language of a Catholic childhood shows up Ezra Pound and William Carlos
