**My Little Cabbage** Susan Gold Purdy, 1965 Expressions of endearment used by loving parents in nine different countries are humorously depicted in bright illustrations with pronunciation guide and English translation **The Lecture** Lydie Salvayre, 2005 One of the oddest characters in contemporary fiction the lecturer can't help but digress about his sad life in the midst of his speech although he's too self-deluded to realize quite how sad it is Salvayre's *The Lecture* is an example of political double talk and misogyny run wild Jacket **The Gambit** HW Coyle, 2013-12-04 What begins as a case of mistaken identity evolves into an adventure of a lifetime one that is both dangerous and exciting A young Lady Elizabeth Tudor eager to experience life beyond the palace and Henry an orphan seeking to flee the brutal conditions that are his lot cross paths The two are so close in age and looks that they could be twins The freedom the Lady Elizabeth enjoys while assuming the role of a boy is tempered by the cruel realities of battle For Henry what should have been a brief respite from a life of deprivation becomes something more as he is drawn up into court intrigues that are just as vicious and unforgiving as the back alleys of London As the two youths tread their way along uncharted paths the King arranges for the betrothal of the Lady Elizabeth Sir Robert who had passed Henry off as Elizabeth must keep that from occurring When she learns of this Elizabeth aided by Sir Thomas race to undo a comedy of errors that threatens to turn deadly **Shutterbabe** Deborah Copaken, 2002-01-08 NATIONAL BESTSELLER The remarkable memoir of an ambitious young photojournalist who went off to war as a twenty-two year old girl and came back four years and many adventures later a woman Eloquent and well observed not only about the memoirist but about the world war death photojournalism and of course the worldwide battle between the sexes The Washington Post Book World In 1988 fresh out of Harvard Deborah Copaken Kogan moved to Paris with a small backpack a couple of cameras the hubris of a superhero and a strong thirst for danger She wanted to see what a war would look like when seen from up close Naïvely she figured it would be easy to filter death through the prism of her wide angle lens She was dead wrong Within weeks of arriving in Paris after begging to be sent where the action was Kogan found herself on the back of a truck in Afghanistan her tiny frame veiled from head to toe the only woman and the only journalist in a convoy of rebel freedom fighters Kogan had not actually planned on shooting the Afghan war alone However the beguiling French photographer she'd entrusted with both her itinerary and her heart turned out to be as dangerously unpredictable as well a war Kogan found herself running from one corner of the globe to another each linked to the man she was involved with at the time From Zimbabwe to Romania from Russia to Haiti Kogan takes her readers on a heartbreaking yet surprisingly hilarious journey through a mine strewn decade her personal battles against sexism battery and even rape blending seamlessly with the historical struggles of war revolution and unfathomable abuse it was her job to record In the end what was once adventurous to the girl began to weigh heavily on the woman Though she had finally been accepted into photojournalism's macho fraternity her photographs splashed across the front pages of international newspapers and magazines Kogan began

to feel there was something more she was after Ultimately what she discovered in herself was a person a woman for whom life not death is the one true adventure to be cherished above all

This epic novel by master writer James Clavell, loosely based on the Namamugi Incident and Anglo-Satsuma War that took place in the late 1800s, is a richly researched panoramic view of Japan's budding relationship with the Western powers, its sweeping societal changes and the political upheaval that followed.
