My Body, My Muse Leda van der Post, 2021-05-01 Imagine waking up and not dreading looking at yourself in the mirror no longer standing in front of a packed wardrobe with absolutely nothing to wear Instead you put on clothes that make you feel gorgeous eat a breakfast of favourite food that will give you energy for the day go out confidently into the world without comparing yourself unfavourably to others In short you are happy and comfortable in your own body You know it's not perfect but it's yours and you love that person you see in the mirror Whether you consider yourself a creative or not this book is for you if you are exhausted by diets exercise plans and weight loss programmes and have decided it is time to stop letting your poor body image rule your life Discover THE creative approach that will change the way you live in your body [My City Links](#) *My City Links*, 2020-08-01 WFH An Innovative Concept That Can Get Uncomfortable At Times The world as we know it may not be the same again at least until an effective cure is found for the Coronavirus which has devastated the world since the beginning of 2020 Social distancing has become the norm as has the use of face covers and regular washing of hands to keep the virus at bay The most noticeable and powerful impact has however been on the way we work In our Cover Story we try and understand how the concept of Work From Home or WFH has changed the way people have been living their lives these past few months As we speak to employers and employees there is a noticeable sense of inevitability and resignation that this is something that is not going to change anytime soon [My Muse Has Many Moods](#) Barbara J.
