place at the right time and Stephanie Jenkins a young photographer with no formal education but sheer talent proved that sometimes opportunities exist in the unlikely places. It was a chance in a lifetime when she was offered the job of being the photographer of a rock band which entailed touring with the band for 6 months and taking photographs for their collection. Every young girl's fantasy is to fall in love with a rock star and be swept off their feet in glitz and glamour. It started out as an infatuation on the lead singer Chris but as time goes by she began to develop strong feelings for him. He was involved with another girl at first and paid her minimal attention but her kindness and patience paid off in the end when he broke off with his girlfriend and started a relationship with her. However, Stephanie has a secret that will tear their relationship apart. Will Chris ever forgive Stephanie when he finds out and will their love survive the different curveballs thrown their way? Only time will tell. The Photo-American Edward W. Newcomb, 1897

**It's All About The Dog: Using a Therapy Dog in the School Setting** Leona Davis, 2016-04-15 Years ago a colleague came up with the novel idea of bringing my dog to school to work with students with emotional issues. Since then this one dog has touched many people and has prompted other programs to add a therapy dog to their staff. My book explores my personal experiences working with a therapy dog in three different school settings over a 7 year period. The therapy dog program involves using dog and handler teams that have been certified through Therapy Dogs International. TDI Animal assisted therapy is a nontraditional method for working with regular and special education students in a variety of programs. This research project involved the work of many individuals. I have been blessed to work with many outstanding people throughout my career who have been willing to think outside of the box and support such a nontraditional idea. This book is a must read for educators, therapists, and animal lovers and sends a message about the climate of our schools and connecting with our youth. *Torch*, 2010
