

Dear Younger Self

Dear Younger Self,

You have been through so much,
But yet you have stayed strong.
Picking yourself up,
And carrying on.

For this, I must express,
An abundance of gratitude.
I wouldn't be where I am today,
Without your determined attitude.

I am a different person,
Different to you now,
This is because of you,
Growing and showing me how.

I am so thankful that you carried on
And your dreams you worked towards.
As for all your struggles,
I have received glorious rewards.

Love your Older Self

My Self:

My Self, My Muse Patricia Boyle Haberstroh, 2001-07-01 A unique look into the minds and creative processes of contemporary Irish women poets this book focuses on the transformation of their life experiences into poetry that blends personal identity with national identity It assembles many voices around common themes that are emerging to change Irish poetry permanently Patricia Boyle Haberstroh whose book *Women Creating Women Contemporary Irish Women Poets* was a Choice Outstanding Academic book in 1996 shows in this new work how nine of the most prolific Irish women writers generate their poetry broadening our understanding of the context of the poems She pairs each author's verse with a companion and often autobiographical prose piece to illuminate the ways in which the poetry expresses the poet's personal experience As women in a politically and religiously charged male dominated genre and country these poets feel compelled to transcend daily life by articulating against the norm In this book they describe the issues they confronted in their growth as poets and the strategies they developed to translate life into art In linking these poets drawn from Northern Ireland and England as well as the Republic of Ireland Haberstroh throws into relief the characteristics that define their unique individual subjects themes and styles

My Mother/My Self Nancy Friday, 1997-09-08 When Nancy Friday began her research for *My Mother My Self* in the early 1970s no work existed that explored the unique interaction between mother and daughter Today psychotherapists throughout the world acknowledge that if women are to be able to love without possessing to find work that fulfills them and to discover their full sexuality they must first acknowledge their identity as separate from their mother's Nancy Friday's book played a major role in that acceptance The greatest gift a good mother can give remains unquestioning love planted deep in the first year of life so deep and anassailable that the tiny child grown to womanhood is never held back by the fear of losing that love no matter what her own choice in love sexuality or work may be Through candid self disclosure and hundreds of interviews Friday investigates a generational legacy and reveals the conflicting feelings of anger hate and love the daughter's hold for their mothers and why they so often become that mother themselves

Confessions of a Heretic Eric Leland Saak,2025-06-15 This book is the second of a planned three volume systematic theology under the title Confessions of a Heretic Volume One which has the subtitle Philosophical Considerations was published by Archway in 2024 The project now turns to Theological Considerations with the forthcoming Volume Three being Ecclesiological Consideration Organized into three Parts Volume Two focuses on the theological endeavor and the doctrines distinctive to Christianity namely the Trinity Jesus Christ sin and salvation Based on the foundational distinctions and definitions explicated in Volume One the current volume seeks to ask what the philosophical considerations imply for basic traditional understandings and terminology of Christian theology including that of Jesus of Nazareth his crucifixion and resurrection The project as a whole adopts a trinitarian structure with this second volume focused on God the Son or as here termed God the

Perfector The argument is that Christian Theology needs to shift from an anthropocentric to a theocentric approach recognizing human beings simply as creatures and having the courage to face what that entails Yet doing so necessitates a radical reconceptualization of the very foundations of Christian Theology itself in the attempt to combat idolatry Leveling the Playing Field in spite of Myself Vincent N. Cefalu, Sr., M.D.,2014-10-15 This is a consolidation of both of my previous publications and a revision of my autobiography portrayed in a more explicit manner I present more details as to how with my pronounced limited academic ability I managed to utilize both positive and detrimental factors from my early childhood to my advantage in order to accomplish my ultimate success in life I present my usual witty satire in discussing the many hardships and hurdles I encountered during my seemingly impossible educational path My eventual goal was also undoubtedly attributed to my life long ability of being able to overachieve and outperform Along with these factors and endless battles with bipolar illness and gross obesity I managed to convert these deterrents into an incredibly advantageous situation as I explain how some of the characteristics resulting from my illness actually helped to sustain my drive to success Even one of my decisions to quit medical school turned out to be a very important impetus in my eventual success I eventually served thirty years as a rural family practice physician and fourteen years as coroner of a mid sized Louisiana parish I strive to add and discuss more pertinent information regarding my life experiences that was previously erroneously but unintentionally omitted and address many of the questions that arose unanswered along with relating more gruesome and mischievous incidents including a more recent mishap that left me with a slight handicap I discuss the countless problems that I faced while treating my patients relate my numerous conflicts with various governmental agencies and organizations and detail many unusual cases that helped mold my life and influenced my decisions I also reveal even more of my innermost secrets and confessions during my practice and I elaborate further on my bipolar illness and its impact on my life I feel that this book is a must read for bipolar individuals who should have no problems identifying with me *Learning to Tell Myself the Truth* William Backus,1994-11 A six week guide to freedom from anger anxiety perfectionism and more that utilizes the principles of truth therapy Workbook format **Daring to Dream: Reflections on the Year I Found Myself** Karen Ely,2006 *The Way to Myself* , **The Interpreted World** Ernesto Spinelli,2005-02-16 Praise for First Edition This book is highly recommended to a wide range of people as a clear and systematic introduction to phenomenological psychology the book has set the stage for possible new colloquia between the phenomenological and other approaches in psychology Changes As a trainee interested in matters existential I have been put off in the past by the long winded and confusing texts usually available in academic libraries Thankfully here is a text that remedies that situation it provides a readable and insightful account Clinical Psychology Forum Spinelli s classic introduction to phenomenology should be essential reading on all person centred existential and humanistic trainings and any other counselling or psychotherapy course which aims to help students develop an in depth understanding of human lived experience This book is sure to remain
