Rereadings Anne Fadiman, 2006-09-05 A Bibliophile's Journey Revisiting the Books That Shaped Us Is a book the same book or a reader the same reader the second time around In this witty and poignant collection seventeen renowned authors including Sven Birkerts Allegra Goodman Vivian Gornick Patricia Hampl Phillip Lopate and Luc Sante revisit the books that made a deep impression in their youth From *Pride and Prejudice* to Sue Barton *Student Nurse* and even the lyrics on the back of the Sgt Pepper album these essays explore the powerful relationship between reader and book and how it evolves over time Edited by Anne Fadiman author of the bestselling *Ex Libris* *Rereadings* offers a unique blend of memoir and literary criticism Each essay is a miniature memoir that focuses on the protean nature of love the love between reader and book These personal reflections reveal as much about the reader as the book itself highlighting the ways in which our most beloved works shape and change us A must read for any bibliophile

Rereadings reminds us that no love is more life changing than the love of a book The Other Walk Sven Birkerts, 2011-09-13 Other Walk is a series of autobiographical pieces by the master of reflection and slow time Throughout his life Sven Birkerts one of the country's foremost literary critics has carved out time for himself to walk to swim to read to contemplate Now in his late fifties he has clocked up many thousands of hours of reflection It shows in his prose which proceeds at a refreshingly deliberative pace as it draws the reader into his patterns and rhythms In this deeply appealing and engaging collection of essays Birkerts looks back through his own life as well as at the generations before him and ahead at the lives of his children We read how the writer witnesses his son's frightening sailing accident how he feels when he encounters his own prose from many years ago how finding a cigarette lighter or a lost ring releases a cascade of memories The objects he sees around him old friends remembered places are excavated their layers exposed But most winning of all is the emerging character of Birkerts himself We come to have great respect for this competitive but deeply loyal friend the caring father who respects his children's independence even as he tries to connect with them the traveler the onetime bookseller the writer at all stages of his writing life and throughout it all the attentive passionate reader

**Changing the Subject** Sven Birkerts, 2015-10-06 Trenchant expansive essays on the cultural consequences of ongoing all permeating technological innovation In 1994 Sven Birkerts published *The Gutenberg Elegies* his celebrated rallying cry to resist the oncoming digital advances especially those that might affect the way we read literature and experience art the very cultural activities that make us human After two decades of rampant change Birkerts has allowed a degree of everyday digital technology into his life He refuses to use a smartphone but communicates via e-mail and spends some time reading online In **Changing the Subject** he examines the changes that he observes in himself and others the distraction when reading on the screen the loss of personal agency through reliance on GPS and one-stop information resources an increasing acceptance of hive behaviors An unprecedented shift is underway he argues and this transformation is dramatically accelerated and more psychologically formative than any previous technological innovation He finds solace in engagement with art particularly literature and he brilliantly describes the countering energy available to us through acts of sustained attention even as he

worries that our increasingly mediated existences are not conducive to creativity It is impossible to read Changing the Subject without coming away with a renewed sense of what is lost by our wholesale acceptance of digital innovation and what is regained when we immerse ourselves in a good book     Adventures with the Buddha Jeffery Paine,2005 Paine has assembled the adventures of nine Westerners in a book that yields an understanding of Buddhism not by its metaphysics or rituals but through real characters and true stories as dramatic as those in the most imaginative novel     Seaview Toby Olson,2006 The action of Toby Olson s PEN Faulkner Award winning novel Seaview sweeps eastward following three men and two women across a wasted American continent to an apocalyptic confrontation on Cape Cod Melinda hopes to reach the seaside where she was born before she dies of cancer Allen her husband earns their way back by golf hustling working the links en route Outside of Tucson the two meet up with a Pima Indian also headed toward the Cape to help a distant relative who has claims on a golf course there that is laid out on tribal grounds Throughout the journey Allen knows he is being stalked by a former friend Richard a drug pusher whom he has crossed and who is now determined to murder him The tortured lives of Richard and his wife Gerry stand as a dream of what might have become of Allen and Melinda had things been otherwise The lines that draw these people together converge at Seaview Links and on the mad battlefield that this golf course becomes the novel reaches its complex ending Seaview s vibrant language and fateful plot make this study of an America on the edge an unforgettable read     **My Sky Blue Trades** Sven Birkerts,2002 One of the nation s great literary critics shares memories of growing up as an outcast in suburban Detroit reaching deep back into his own family s history to paint a portrait of a life lived as an outsider in America     **Re-enchantment** Jeffery Paine,2004 With great flair for both the sublime and the human Paine narrates in page turning richly informative fashion how Tibetan Buddhism rarefied and sensual mystical and commonsensical became the ideal religion for a post religious age     **Joseph Brodsky** Lev Losev,2011-01-01 Originally published Moscow Molodaia gvardiia 2006 under title Iosif Brodskii Opyt literaturnoi biografii     **American Latvians** Ieva Zake,2017-09-08 This book analyzes the political experience of a small and unique American ethnic group American Latvians This community was constituted by post World War II political refugees who fled Communism and arrived in the United States seeking safety and protection For decades they insisted on preserving their ethnic identity and therefore did not call themselves Latvian Americans Instead they formed a distinctive double identity that is they blended into the American society economically and socially but refused to become assimilated culturally and politically The book offers a detailed look into the life of this community of political refugees which also provides a novel perspective on the Cold War as experienced by certain ethnic groups From a theoretical point of view the book makes two major contributions First it reasserts the need to understand the generalized category of white Americans or white ethnics with more nuance and attention to differences and second it strengthens the so called realist claim that refugees are not like other immigrants In order to achieve these goals the book provides compelling descriptions and interpretations of the most politically relevant

moments in the experience of American Latvians in the period between the 1950s and the 1990s. Concretely the book deals with topics as the American Latvians anti communist activism the impact of the hunt for Nazis on Latvian emigres the Soviet Union s anti emigre propaganda campaigns and the exiled Latvians involvement in the politics of national liberation in Latvia. The author strives to reveal the complexity of the refugee experience in the United States during the Cold War and its aftermath. Since such aspects of the life of ethnic groups in the United States have not been sufficiently studied this book makes a substantial contribution to a fuller understanding of American immigration history and sociology of ethnic groups. It is well written expertly organized and will be of interest to a large readership at many levels of academia.

Latvians in Michigan Silvija D. Meija, 2005-07-11 Latvians have contributed to the cultural mosaic and economy of Michigan far more than one might imagine. There are three large Latvian communities in Michigan Kalamazoo Detroit and Grand Rapids with several smaller enclaves elsewhere in the state. An underlying goal of Latvians who now live in Michigan as well as other parts of the United States and Canada is to maintain their language and culture. More than five thousand Latvians came to Michigan after World War II found gainful employment purchased homes and became a part of the Michigan population. Most sought to reeducate themselves and struggled to educate their children in Michigan s many colleges and universities. Latvians in Michigan examines Latvia and its history and describes how World War II culminated in famine death and eventual flight from their homeland by many Latvian refugees. After the war ended most Latvian emigrants eventually made their way to Sweden or Germany where they lived in displaced persons camps. From there the emigrants were sponsored by individuals or organizations and they moved once again to other parts of the world. Many came to the United States where they established new roots and tried to perpetuate their cultural heritage while establishing new lives.

Magill's Literary Annual 2003 Salem Press, 2003-06 Magill's Literary Annual 2003 is the fiftieth publication in a series that began in 1954. The philosophy behind the annual has been to evaluate critically 200 major examples of serious literature published during the previous year. Our focus is to provide coverage for works that are likely to be of particular interest to the general reader that reflect the publishing trends of a given year that add to careers of authors being taught and researched in literature programs and that will stand the test of time. By filtering the thousands of books published each year down to two hundred notable titles the editors have provided the busy librarian with an excellent reader s advisory tool and patrons with fodder for book discussion groups and a guide for selection. The essay reviews in the Annual also provide a more academic reference review of a work than is typically found in newspapers and other periodical sources. This year s works are drawn from such categories as anthropology autobiography biography current affairs diaries economics environment essays history language literary criticism medicine memoirs nature philosophy poetry psychology religion science short fiction sociology technology travel and women s issues. The articles are arranged

alphabetically by book title A complete list of included titles can be found at the beginning of volume 1 Each 2 000 word article begins with a block of top matter that indicates the title author publisher and price of the work When possible the year of the author s birth is also provided The top matter also includes the number of pages of the book the type of work and when appropriate the time period and locale represented in the text Next comes a capsule description of the work When pertinent a list of principal characters or personages with brief descriptions introduces the review These original essay reviews analyze intent and relative success of the author and the work under discussion To assist the reader further the articles are supplemented by a list of additional reviews for further study Every essay includes a brief biography of the author or authors and thumbnail photographs of the book covers and authors are included as available At the end of volume 2 are four cumulative indexes listing works covered from the years 1977 to 2003 an index of Biographical Works by Subject a Category Index a Title Index and an Author Index The index of Biographical Works by Subject is arranged by subject rather than by author or title
