Nihilism Its Origin And Nature With A Christian Answer:

Nihilism, Its Origin and Nature-- with a Christian Answer Helmut Thielicke, 1961 *The Banalization of Nihilism* Karen Leslie Carr, 1992-01-01 After a historical and conceptual overview of the changing face of nihilism in the last century Carr examines Nietzsche's diagnosis of nihilism as modernity's major crisis She then compares the responses to nihilism given by the early Karl Barth and by Richard Rorty To some nihilism is losing its crisis connotations and becoming simply an unobjectionable characteristic of human life Carr argues that this transformation ultimately absolutizes community preference and reflects an increasing inability to criticize and change the existing structures of thought The author contends that the uncritical acceptance of nihilism which characterizes much of postmodernism ironically culminates in its complete opposite dogmatism **The Self-Overcoming of Nihilism** Keiji Nishitani, 1990-10-02 The first English translation by Graham Parker with Setsuko Aihara of a forty year old Japanese classic Nishitani's treatment of the problem of nihilism with particular reference to Nietzsche's philosophical ideas and from a perspective influenced by Buddhist thought Paper edition unseen 14 95 Annotation copyrighted by Book News Inc Portland OR Nihilism, Its Origin and Nature, with a Christian Answer. Translated by John W. Doberstein Helmut Thielicke, 1961 *Nihilism* Helmut Thielicke, 1969 **Nihilismus** Helmut Thielicke, 1961 **Der Nihilismus. Nihilism. Its Origin and Nature-with a Christian Answer ... Translated by John W. Doberstein** Helmut Thielicke, John Walter DOBERSTEIN, 1962 *Christian Apologetics* Douglas Groothuis, 2022-02-08 The Christian faith offers people hope But how can we know that Christianity is true How can Christians confidently present their beliefs in the face of doubts and competing views In this second edition of a landmark apologetics text Douglas Groothuis makes a clear and rigorous case for Christian theism addressing the most common questions and objections raised regarding Christianity **Nihilism** Helmut Thielicke, 1951 **The Specter of the Absurd** Donald A. Crosby, 2016-03-22 This book is our century's most comprehensive and wise treatment of nihilism in all of its guises comparing favorably with Rosen Cavell and indeed with Spengler Crosby argues that our culture is genuinely haunted by nihilism expressing itself in the fideism of fundamentalism as well as in the debilitating alienation from all orientation This results from a one-sided development of Western culture Unlike most writers on this topic Crosby acknowledges many sources colluding to frame the culture of nihilism including the death of God the objectification of nature the meaninglessness of suffering in a mechanical universe the ephemerality of time in a world where value does not accumulate the arbitrariness of historicized reason the reduction of value to will and the alienation of the Cartesian ego These sources are reviewed in the first two parts of the book with the result that the phenomenon of nihilism becomes understandable In its third and fourth parts Crosby provides a critical analysis of the religious and philosophical forces leading to nihilism by discussing authors from the early modern period through Dostoyevsky Sartre Russell and Derrida He shows that these forces are skewed and impoverished and should not be allowed to determine our situation The comprehensive attention to detail

and the multi perspectival interpretation demonstrates as well as asserts the richness of the culture that puts nihilism in its place Part Five finally rephrases the criticism of the sources of nihilism in positive ways Part Four in particular is a tour de force of philosophical argument Its richness of nuance plurality of views examined and adroitness of critical interpretation provide cumulatively a powerful non nihilistic reading of the philosophic tradition The force of the argument derives from its comprehensive cumulative character Crosby distinguishes and relates five areas of nihilism political moral epistemological cosmic and existential Throughout the book he illustrates and examines these as they are expressed in literature and art in daily life and practical affairs and in philosophy The book is richly erudite in its marshalling of consciousness from so many domains
