The Beginner's Guide To Metaphysics Kimberly A. James,2025-02-28 The Beginner s Guide to Metaphysics is an introduction into certain types of metaphysical knowledge that has been presented throughout time immemorial It is by no means all inclusive Some of the material presented dates back to Atlantis Mu Lemurian and Ancient Egyptian times Recent discoveries are now indicating that

Atlantis existed well over 13 000 years ago It is the hope of this author to provide some basic insight into our Earthly perspective of the Universe for our true understanding has been hidden for thousands of years It should also be noted that the ultimate goal of this project is to broaden one s perspective and provide opportunities to expand one s consciousness and not just individually or even globally but on a galactic level The world in which we live is based upon metaphysics The Greeks considered metaphysics to be one of the branches of philosophy Merriam Webster defines metaphysics as a division of philosophy that is concerned with the fundamental nature of reality and being emphasis added which also includes the study of ontology cosmology and epistemology While physics is based upon our three dimensional existence and concerns the nature of matter and energy the prefix meta refers to going beyond nature and the origin of reality itself A few topics discussed in this Beginner s Guide include Chakras Numerology Intuition and Reincarnation By having basic knowledge of each topic contained in this book the opportunity to hone in on a specific subject that resonates with one s understanding of the universe will become clear In turn this will provide the reader the jump start needed to pursue a specific field of interest s and gain a greater understanding of the true limitlessness of every human being

Abraham in the Old Testament and Early Judaism John Eifion Morgan-Wynne,2020-04-23 In this book John Morgan Wynne carefully examines the pivotal figure of Abraham in the Old Testament and Early Judaism Our earliest literary evidence concerning Abraham is the stream of tradition known as J the so called Yahwist source ca tenth century BCE and also the Elohist stream of tradition ninth to eighth century or perhaps earlier The subsequent eclipse of the Abrahamic tradition in the south is probably accounted for by the stress on the Davidic monarchy However Abraham s profile begins to rise again during and after the Babylonian exile when Jewish theologians had to come to terms with the traumatic events of the fall of the northern and southern kingdoms He is frequently discussed in many non canonical early Jewish writings as he became a figure of identification a pre eminently righteous man and an example to imitate as Jews came to terms with being a subject people and with persecution
