One God The Political And Moral Philosophy Of Western Civilization:

One God ,2003 The Just War And Jihad R. Joseph Hoffmann,2010-05 The articles collected in this volume represent the independent and considered thinking of internationally known scholars from a variety of disciplines concerning the relationship between religion and violence with special reference to the theories of just war and jihad technical terms that arise in connection with the theology of early medieval Christianity and early Islam respectively The contributors include Hector Avalos Charles K Bellinger Bahar Davary Carol Delaney J Harold Ellens Reuven Firestone R Joseph Hoffmann Judith Lichtenberg Pauletta Otis Gabriel Palmer Fernandez Laura Purdy Joyce E Salisbury Regina M Schwartz and Robert B Tapp In the present global and political climate the significant conversation about why religions provoke conflict and whether any religion is truly harmless cannot be ignored Re-Imagining the Other M. Eid,K. Karim,2014-07-24 The twenty first century exploded into the global imagination with unforgettable scenes of death and destruction An apocalyptic clash of civilizations seemed to be waged between two old foes the West and Islam However the decade long and ruinous war on terror has prompted re assessments of the militaristic approach to Western Muslim relations A growing number of academics policymakers religious leaders journalists and activists view the struggles as resulting from a clash of ignorance Re imagining the Other examines the ways in which knowledge is manipulated by dominant Western and Muslim discourses Authors from several disciplines study how the two societies have constructed images of each other in historical and contemporary times The complexities and subtleties of their mutually productive relationship are overshadowed by portrayals of unremitting clash thus serving as encouragement for the promotion of war and terrorism The book proposes specific approaches to re imagine the Other in order to mitigate Western Muslim conflict **The Publishers Weekly** ,2003

Kabbalah Political Practices and International Order Stefan Heuser, Hans Günter Ulrich, 2007 International order is one of the most challenging issues in political ethics today and its place within the multifaceted field of politics is frequently debated. The diverse phenomena resulting from globalisation particularly in the wake of the end of the so called Cold War urge us to think about our world in terms of a single political entity. Besides the existing international institutions however it is still open to question what this entity should be and what concrete political practices should correspond to it. In the essays collected in this book political scientists sociologists philosophers theologians and policy advisors explore how political practices can be institutionally localised without necessarily becoming incorporated into structures of governance. Political ethics as presented in this book seeks to address the particular practices of power justice and peace of citizens themselves and to assess their relevance for the shaping of international insti The British Study Edition of the Urantia Papers Book [A4 PDF] , **The Blackwell Dictionary of Western Philosophy** Nicholas Bunnin, Jiyuan Yu, 2009-01-27 The Blackwell Dictionary of Western Philosophy The Blackwell Dictionary of Western Philosophy The style is fresh and engaging and it gives a broad and accurate picture of the western philosophical tradition. Alan Montefiore The Soul of Politics Glenn Ellmers, 2023-10-17 WITH A NEW PREFACE BY THE AUTHOR Harry V Jaffa 1918 2015 professor at Claremont McKenna College and distinguished fellow of the Claremont Institute was one of the most influential thinkers of the twentieth century. His hundreds of students have reached positions of power and prestige throughout the intellectual and political world including at the Supreme Court and the Trump White House. Jaffa authored Barry Goldwater's famous 1964 Republican Convention speech which declared Extremism in the defense of liberty is no vice. And moderation in the pursuit of justice is no virtue. William F Buckley Jaffa's close friend and a key figure in shaping the modern conservative movement wrote If you think it is hard arguing with Harry Jaffa try agreeing with him. His widely acclaimed book Crisis of the House Divided An Interpretation of the Issues in the Lincoln Douglas Debates 1959 was the first scholarly work to treat Abraham Lincoln as a serious philosophical thinker. As the earliest prot g of the controversial scholar Leo Strauss Jaffa used his theoretical insights to argue that the United States is the best regime in principle. He saw the American Revolution and the Civil War as world historical events that revealed the true nature of politics. Statesmanship constitutional government and the virtues of republican citizenship are keys to unlocking the most important truths of political philosophy. Jaffa's student Glenn Ellmers was given complete access to Jaffa's private papers at Hillsdale College to produce the first comprehensive examination of his teacher's vast body of work. In addition to Lincoln and the founding fathers the book shares Jaffa's profound insights into Aristotle William Shakespeare Winston Churchill and more.
