features of and dynamics created at the states system As the states system changes and evolves the chances for small states to survive or proliferate change as well In fact a quantitative investigation confirms this showing that over the course of more than 31 2 centuries the number of small states did fluctuate widely and at times dramatically *The Politics of Economic Adjustment* Stephan Haggard, Robert R. Kenya's 2013 General Election Njogu, Kimani, Wekesa, Peter Wafula, 2017-08-09 When voters enthusiastically turn up to cast their vote during general elections they expect that their action would meaningfully change their lives But in most of Africa even when elections are held on a regular basis voters are quite often disappointed by the performance of their leaders who use the new positions as an opportunity to loot public resources and consolidate power It is almost as if elections are of minimal value to the populace Notwithstanding this trend when they are free and fair general elections can be transformative They can bring into the political arena men and women of integrity committed to service and accountability Inspired by the determination to have inclusive governance and the advancement of democracy Kenya's 2013 General

Aspects of the Orange Revolution I Paul D'Anieri,Taras Kuzio,2007-11-22 Ukraine s 2004 presidential election was falsified spurring the Orange Revolution To many observers the Orange Revolution was a shock and the stolen election a recent development However both the election fraud and the effort to topple the government of Leonid Kuchma emerged from political dynamics that had appeared in earlier Ukrainian elections In this path breaking volume leading scholars place Ukraine s 2004 Orange Revolution in the longer perspective of Ukraine s post Soviet electoral politics Covering both presidential and parliamentary elections over the entire post Soviet period the chapters clarify the manner in which earlier elections had emerged as part of the battle for power in Ukraine well before 2004 The opposition that came to power in 2004 had also won the 2002 elections and had developed its strategies during opposition protests that had been catalyzed by the Kuchmagate crisis in 2000 The evolution of the dynamics that led to the fraudulent 2004 election reveals that the events of 2004 represented continuity as well as change By placing the 2004 elections within a longer trajectory the volume enriches our understanding of the Orange Revolution and helps us to understand the difficulties faced in consolidating Ukraine s democratic breakthrough following the Orange Revolution The volume contains an introduction to Aspects of the Orange Revolution I VI by Andreas Umland followed by eight chapters by Robert K Christensen Edward R Rakhimkulov and Charles Wise Paul D Anieri Robert Kravchuk and Victor Chudowsky Paul Kubicek Taras Kuzio Lucan Way and Anna Makhorkina These authors bring complex and varied perspectives that situate Ukraine s post Soviet elections in economic reforms constitutional law foreign policy objectives of integrating into Europe as well as in the broader context of the rough and tumble competition for political control of Ukraine
