**Psychology and the Plural Self** Léon Turner, 2016-02-17 Is the human self singular and unified or essentially plural This book explores the seemingly disparate ways that Christian theology and the secular human sciences have approached this complex question The latter have largely embraced the idea of the plural self as an inescapable even adaptive feature of psychological life Contemporary Christian theology by contrast has largely neglected recent psychological accounts of the naturalness of self plurality and has sought to reaffirm the self's unity in opposition to those postmodern theorists who would dismantle it Through an original analysis of recent theological and secular accounts of self and personhood this book examines the extent of the intertheoretical disparity and its broader implications for theology's dialogue with the human sciences in general and psychology in particular It explains why theologians ought to take questions about the plurality of self very seriously and how they overlap with many of the central concerns of contemporary theological anthropology including the notions of relationality particularity and human sinfulness Introducing a novel psychological framework to distinguish various understandings of self disunity the author argues that contemporary theology's blanket condemnation of self multiplicity is misconceived and identifies a possible means of reconciling theological and human scientific accounts

*Pastoral Identity as Social Construction* Samuel Park, 2017-09-15 How do chaplains and counselors form their identities as pastoral caregivers in challenging clinical contexts such as institutional interdisciplinary postmodern inter cultural and multi faith work environments This book is a product of the fifteen year long journey towards answering a well known but hardly answered question about pastoral identity Based on narratives of many pastoral practitioners who work in hospitals or counseling settings the author puzzles through ways for helping professionals to form their identities in bewildering work environments Previous studies on pastoral identity have focused on an individual interiority of pastoral practitioners and have emphasized mainly the caregivers perceptions and practices from a developmental and training perspective Grounded in an empirical study of active pastoral care providers this book presents pastoral identity as a relational and interactional property socially constructed among pastoral care partners culture and God Findings of the empirical study support contemporary theological and social psychological discourses identity is embedded in and embodied by relationships This book will guide you through confusions worries insights and woes you have experienced while helping others in order to envision yourself more clearly as a spiritually embodied and pastorally tending caregiver You will find yourself to be more

who you are and engage more with others as they become who they are      *Human Identity at the Intersection of Science, Technology and Religion* Christopher C. Knight, 2016-05-13 Humans are unique in their ability to reflect on themselves Recently a number of scholars have pointed out that human self conceptions have a history Ideas of human nature in the West have always been shaped by the interplay of philosophy theology science and technology The fast pace of developments in the latter two spheres neuroscience genetics artificial intelligence biomedical engineering call for fresh reflections on what it means now to be human and for theological and ethical judgments on how we might shape our own destiny in the future The leading scholars in this book offer fresh contributions to the lively quest for an account of ourselves that does justice to current developments in theology science technology and philosophy      *Human Identity at the Intersection of Science, Technology and Religion* Dr Christopher C Knight, Professor Nancey Murphy, 2013-06-28 Humans are unique in their ability to reflect on themselves Recently a number of scholars have pointed out that human self conceptions have a history Ideas of human nature in the West have always been shaped by the interplay of philosophy theology science and technology The fast pace of developments in the latter two spheres neuroscience genetics artificial intelligence biomedical engineering call for fresh reflections on what it means now to be human and for theological and ethical judgments on how we might shape our own destiny in the future The leading scholars in this book offer fresh contributions to the lively quest for an account of ourselves that does justice to current developments in theology science technology and philosophy      *Sex Difference in Christian Theology* Megan K. DeFranza, 2015-05-16 How different are men and women When does it matter to us or to God Are male and female the only two options In *Sex Difference in Christian Theology* Megan DeFranza explores such questions in light of the Bible theology and science Many Christians entrenched in culture wars over sexual ethics are either ignorant of the existence of intersex persons or avoid the inherent challenge they bring to the assumption that everybody is born after the pattern of either Adam or Eve DeFranza argues from a conservative theological standpoint that all people are made in the image of God male female and intersex and that we must listen to and learn from the voices of the intersexed among us

Identity and Idolatry Richard Lints, 2015-08-10 In this *New Studies in Biblical Theology* volume Richard Lints argues that idol language in the Bible is a conceptual inversion of the image language of Genesis 1 He shows how the narrative of human identity runs from creation to fall to redemption in Christ and examines the recent renaissance of interest in idolatry with its conceptual power to explain the culture of desire      Creed and Personal Identity David Baily Harned, 2020-05-13 In eight chapters David Harned explores the theology of the Apostles Creed taking the position that the creed in fact provides us with a master image for self understanding and that controlling image is child of God The creed is seen as being important for personality formation and the development of character rather than as either a statement of beliefs or a loyalty oath Harned's ninth and final chapter is intended for those who wish to pursue further the question of master imagery for the formation of a Christian Sense of Identity      The Authentic Witness C. Norman Kraus, 2010-03-01 Traditional Protestant theology has long

answered the question What is the true church by pointing to the visible church its location nature and structure The recent increase of interest in missions however has raised the issues of the church s role and identity its mission in the world It is no longer enough to use orthodoxy as the criterion for the genuineness of the church identifying the body of Christ by organization or clerical structure perfection in lifestyle or ecstatic experience of the Holy Spirit Rather says Norman Kraus the mark of the true church is its authenticity its ability to remain true to its original prototype in character and purpose Thus the church s mission is to be the authentic community of witness to the world The Christian community affirms each individual as a person in Christ and its objective for the world is the same as for itself it calls the world to peace in Christ The church in mission then must be a sign to the world of the kingdom of God As an authentic community it is a healing community characterized and organized around its mission of reconciling witness rather than creeds various practices or preaching Following Christ as its model its message is salvation and reconciliation *The Self Examined* Jenny

McGill,2018-09-04 Through a fresh investigation of the relationship between faith and identity this diverse group of international contributors offers an engaging discussion of human identity and specifically Christian identity From a biblical foundation they address theological discussions of identity and contemporary cultural themes such as migration ethnicity embodiment attachment and gender Straightforward and thought provoking *The Self Examined* is an accessible guide to this wide ranging and important issue Religious Identity and Cultural Negotiation Jenny McGill,2016-07-22 Given increasing global migration and the importance of positive cross cultural relations across national borders this book offers an interdisciplinary and intercultural exploration of identity formation It uniquely draws from theology psychology and sociology engaging narrative and identity theories migration and identity studies and the theologies of identity and migration and builds on them in an unprecedented study of international migrants to construct an initial theology of Christian identity in migration New sociological research describes the social construction of religious ethnic and national identities among non North American evangelical graduates who entered the United States to pursue advanced academic studies from 1983 to 2013 It provides an intercultural account of Christian identity formation in the context of migration transnationalism and globalization It ultimately argues that an integral component of Christian identity making involves the concept of migration of movement toward a transformation **In Search of Self** J. Wentzel van Huyssteen,Erik P. Wiebe,2011-04-29 Includes bibliographical references and indexes

**Woe to Christianity** Wesner Petit-Frere,2010-03-31 Woe to Christianity is a powerful study on religion and the gospel of Jesus Christ It is a courageous presentation on culture religion and the gospel This book offers a powerful debate on worship from both biblical and cultural perspectives In this book our readers we will find a very clear presentation of the book of Hebrews which is analyzed as the 5th Gospel besides Matthews Mark Luke and John The book of Hebrews exposes failures of religion and the necessity of the sacrifice of Jesus Christ Woe to Christianity is a discourse on How a culture that is in crisis is taking over religion and over some local Christian churches Some colorful

stories and real life challenges presented in this book attests to that evidence Woe to Christianity is a must read by anyone Our passions our attitudes our actions have entangled the gospel of Jesus Christ for too long Free the gospel from any language that is too confusing Free the gospel from this mirage that is too show business like Free the gospel from those internal affairs that are too self driven Free the gospel from this culture that focuses too much on self Hold the gospel in its simplicity so that souls can be saved Hold the gospel in its power so that men and women can change Hold the gospel in its effectiveness so that God be glorified and that people be really transformed to the image of Christ **Sanctified Sexuality**

Snodgrass,2018-01-08 WHO ARE YOU For respected New Testament scholar Klyne Snodgrass this is the most important question a person can ask the question from which everything else in life flows Other questions follow What made you who you are Who gets to say who you are And perhaps most vital Who does God say you are In this book Snodgrass offers wise guidance to all who are wrestling with such universal human questions He examines nine factors including one s body personal history commitments and boundaries that shape human identity and he expertly draws out what the Bible tells us about who God says we are how we fit within God s purposes and how our God given identity can and must impact the way we live our lives **Hermeneutics And Empirical Research In Practical Theology** C. A. Chris A. M. Hermans,Mary

Elizabeth Moore,2004 The contributors of this volume reflect on the writings of Hans van der Ven on the foundations of practical theology the empirical paradigm within practical theology and specific subdisciplines within practical theology especially religious education moral education church development and ministry Eccentricity in Anthropology Stephen R. Milford,2019-06-07 Eccentricity in Anthropology brings into conversation a constructive critical interpretation of David Kelsey s Eccentric Existence with a central yet often overlooked debate in theological anthropology the substantive relational imago Dei Milford s work explores new insights into human identity and dignity In particular he demonstrates the value of an alternate constructive of humanity in the image of God This construction utilizes an interpretation of Kelsey s anthropological formula so as to describe human identity as part of the created order in terms of its myriad features which are externally rooted Eccentricity in Anthropology demonstrates that an alternate approach to this debate is possible and that one can

combine important aspects of both substantive and relational thinking As such Milford s work is an important contribution to studies in the doctrine of the imago Dei Taking Eccentric Existence s invitation to act as a springboard for further debate seriously it presents one possible fruitful use of Kelsey s work to address theological anthropological questions In a very real sense this book is both a discussion in systematic theology and at the same time a work in contemporary historical theology

**The Body God Gives** Robert S. Smith,2025-02-19 What is the relationship between sex and gender Understand society s shifts in thinking and talking about sex and gender Discover how biological sex guides gender Recognize how the Bible speaks to gender and transgender Respond to affirming interpretations of Scripture Answer gender confusion with clarity and compassion In *The Body God Gives* A Biblical Response to Transgender Theory Robert S Smith argues that God intends a person s gender to be grounded in the reality of his or her biological sex the body God has given In making his case Smith critiques the central claim of transgender theory that the sexed body does not determine the gendered self He also evaluates contemporary changes in thought and speech about sex and gender responding to modern confusion with biblical conviction and compassion God speaks clearly both in his word and in his world

**Choose Life** John Goodrich,Jeanette Hagen Pifer,2022-05-03 You re pro life But can you explain why You already believe in choosing life But when the counterarguments are coming at you from every angle legal biological medical ethical moral philosophical and biblical how do you defend the pro life view And as you defend it how do you speak with wisdom humility and compassion Now more than ever the times call for a balance of truth and mercy There are good wise and thoughtful rebuttals of every claim made by pro abortion advocates Collected here in one place Choose Life offers you reasonable responses from leading experts in their respective fields The authors are accomplished women and men from all walks of life They ll help you know what to say and why to say it when you re faced with claims like The courts have already settled the issue The fetus is not a person My body my choice I shouldn t have to raise an unwanted child My circumstances justify ending my pregnancy Abortions are helpful to women and society The pro life movement doesn t care about social justice It s time to set aside the strident fist shaking and hurled insults Learn to make the pro life case with intelligent arguments and compassionate love just the way a Christian should
