Personality Assessment in Treatment Planning James Butcher, Julia Perry, 2008-03-20 The establishment of frank and honest communication is one of the most important early goals of psychotherapy Indeed the most prominent challenge in the early stages of treatment is to develop a comfortable relationship that allows disclosure In this volume the authors show that objectively interpreted personality measures can be applied in psychotherapeutic assessments to facilitate an understanding of the patient and a thriving treatment program Successful psychotherapy depends upon an early understanding of the patient's problems and personality and the establishment of attainable treatment goals The extensive accumulated base of knowledge about personality and its maladjustment has become crucial when making treatment decisions about individuals in psychotherapy and the field of personality assessment provides both methods and substantive information to support treatment oriented evaluation The MMPI has a long tradition of providing personality information about clients in mental health settings since the 1940s James Butcher participated in the creation of the Minnesota Multiphasic Personality Inventory MMPI 2 in 1989 which has continued to be one of the most commonly used personality tests in clinical evaluation Over a thousand studies have been conducted on the effectiveness of the MMPI in treatment related assessments Here Butcher and co author Julia Perry explore the MMPI 2 as well as a new assessment tool the Butcher Treatment Planning Inventory BTPI In using psychological evaluation techniques for treatment planning many clinicians incorporate information from a broad base of instruments clinical interview projective testing behavioral data and personal history and do not rely on data from a single source Therefore while this volume focuses on the use of the MMPI 2 and the BTPI in treatment planning it will provide a context not to the exclusion of other measures

Teaching and Learning Personality Assessment

Leonard Handler, Mark J. Hilsenroth, Mark Hilsenroth, 2013-06-17 How do we move from an understanding of the administration scoring and interpretation of responses on various personality assessment instruments to the ability to put our understanding into words and communicate it effectively to referral agents and to patients themselves And how do we transmit that ability to students Teaching and Learning Personality Assessment strives to fill a gap in the literature and in many training programs The editors have assembled a group of renowned clinicians noted not only for their own acumen in personality assessment but also for their teaching talent who present in detail time tested techniques for teaching assessment Readers have the opportunity to sit beside these seasoned mentors and learn their special skills Numerous examples illustrate the key concepts For every instructor of personality assessment who has ever pondered ways to organize a course or to convey difficult material and for every student who has worried about how to translate theory into practice in the context of a course or on his or her own this book will offer enlightenment and provide uniquely practical assistance It
