Personally Speaking Womens Thoughts On Womens Issues:

Personally Speaking Liz Steiner-Scott, 1985 *Immigrant Women's Voices and Integrating Feminism Into Migration Theory* Nyemba, Florence, Chitiyo, Rufaro, 2020-12-25 Migration is a multifaceted phenomenon that plays a critical role in today's world yet there have been few attempts to look beneath the surface of the mass movements of people. Particularly the changing face of migration is becoming more feminized with women increasingly moving as independent or single migrants rather than as the wives, mothers, or daughters of male migrants. Yet in literature on migration the voices of women are still silent. This creates an urgent need to advance academic research on female international migration by examining women as independent migrants. *Immigrant Women's Voices and Integrating Feminism Into Migration Theory* comprehensively documents the experiences of immigrant women across the globe and the important theories that define their experiences. The chapters give firsthand accounts of women speaking about their own experiences on migration and topics associated with women and migration. This book aims to give women their own voice and to stand apart from previous literature in which male relatives spoke on behalf of immigrant women to tell their stories for them. While highlighting topics on women in migration including feminism, gendered social roles, first person narratives, and the female identity, this book is ideally for professionals in social science disciplines as well as practitioners, stakeholders, researchers, academicians, and students wanting to expand their knowledge on women and migration, gender violence, and women empowerment. [Handbook of Research on Translating Myth and Reality in Women Imagery Across Disciplines](#) Ciolăneanu, Roxana, Marinescu, Roxana-Elisabeta, 2020-11-13 Women have been represented in art, literature, music, and more for decades with the image of the woman changing through time and across cultures. However, rarely has a multidisciplinary approach been taken to examine this imagery and challenge and possibly reinterpret old, women-related myths and other taken-for-granted aspects. *g* grammatically inclusive gender. Moreover, this approach can better place the ideologies as myth creators and propagators, identify and deconstruct stereotypes and prejudices, and compare them across cultures with the view to spot universal vs. culturally specific approaches as far as women's studies and interpretations are concerned. It is important to gather these perspectives to translate and unveil new interpretations to old ideas about women and the feminine that are universally accepted as absolute, impossible to challenge, and invalidated truths. *The Handbook of Research on Translating Myth and Reality in Women Imagery Across Disciplines* is a comprehensive reference book that provides an interdisciplinary and multidisciplinary perspective on the perception and reception of women across time and space. It tackles various perspectives: gender studies, linguistic studies, literature and cultural studies, discourse analysis, philosophy, anthropology, sociology, etc. Its main objective is to present new approaches and propose new answers to old questions related to gender inequalities, stereotypes, and prejudices about women and their place in the world. Covering significant themes that include the ethics of embodiment, myth of motherhood at the crossroad of ideologies, translation of women's experiences and ideas across cultures.

and discourses on women's rehabilitation and dignification across centuries this book is critical for linguists professionals researchers academicians and students working in the fields of women's studies gender studies cultural studies and literature as well as other related categories such as political studies education studies philosophy and the social sciences

Women in Ireland, 1800-1918 Maria Luddy, 1995 Women in Ireland 1800 1918 presents a valuable and significant collection of over 100 sources and documents relating to the public and private aspects of women's lives in Ireland during the period 1800 1918 The documents reveal aspects of the women's working lives educational experiences involvement in politics and of their private lives such as contraception childbirth love marriage and religion Each section has a comprehensive introduction which discusses the contents of the documents As the first major survey of Irish women's lives during this period it will appeal to those who want a deeper understanding of how women of all classes lived their lives and it will prove indispensable to second and third level students those attending women's studies courses as well as a wide general readership interested in assessing the role of women in nineteenth and early twentieth century Irish history

Writing Women's History Karen M. Offen, Ruth Roach Pierson, Jane Rendall, 1991-08-23 Five essays address such themes as the relationship between feminist history and women's history the use of the concept of experience the development of the history of gender demographic history and women's history and the importance of post structuralism to women's history

Sexual Politics and the European Union R. Amy Elman, 1996 Ten essays from the Women The European State and Community conference in Kalamazoo Michigan May 1994 apply to the coalescing superstate of the European Union the lessons feminists have learned dealing with national governments Among the topics are women's rights policy sexual harassment pornography sexual trafficking reproductive technologies in Germany abortion in Ireland and the future of European feminism Paper edition unseen 14 95 Annotation copyright by Book News Inc Portland OR

Secrecy and Silence in the Research Process Roisin Ryan-Flood, Rosalind Gill, 2013-05-13 Feminist research is informed by a history of breaking silences of demanding that women's voices be heard recorded and included in wider intellectual genealogies and histories This has led to an emphasis on voice and speaking out in the research endeavour Moments of secrecy and silence are less often addressed This gives rise to a number of questions What are the silences secrets omissions and and political consequences of such moments What particular dilemmas and constraints do they represent or entail What are their implications for research praxis Are such moments always indicative of voicelessness or powerlessness Or may they also constitute a productive moment in the research encounter Contributors to this volume were invited to reflect on these questions The resulting chapters are a fascinating collection of insights into the research process making an important contribution to theoretical and empirical debates about epistemology subjectivity and identity in research Researchers often face difficult dilemmas about who to represent and how what to omit and what to include This book explores such questions

in an important and timely collection of essays from international scholars *Feminism, Prostitution and the State* Eilis Ward, Gillian Wylie, 2017-02-17 This edited volume focuses on charting the rise of neo abolitionism and offering a critique of the idea its logics and consequences A model of state policy which aims to abolish prostitution through legislation Neo abolitionism criminalises the buyer of sex but not the seller It is currently law in Sweden and other Nordic states and dominates the framing of policy debates in many other Western liberal contexts Pressure for adoption of this policy has come from radical feminists who understand prostitution and sex trafficking as a form of violence against women This volume argues that this convergence between radical feminism and state s interests arises from the emergence of on the one hand governance feminism which seeks to have its ideals implemented through top down sovereigntist means and on the other hand state s interests in legitimising stricter border controls and law enforcement responses in relation to transnational organised criminality illegal migration and security Based around a series of country case studies each chapter will explore the politics surrounding the emergence of neo abolitionism and its trajectory through those polities whether the paradigm has been adopted rejected or is still under debate The volume will be of great interest to students and scholars of Social and Public Policy Gender and Women s Studies Politics and International Relations and Critical Legal Studies Criminology

Lone Mothers in European Welfare Regimes Jane E. Lewis, 1997 Based on a long term study of the policies of several European nations lone mothers this text reveals the contrasting attitudes in Europe towards lone mothers and how they have been categorized and treated Also examined is the role of men as both carers and cash providers **Emerging Voices** Pat O'Connor, 1998 *Why Feminism Matters* K. Woodward, 2009-09-16 This exciting book is an innovative and creative critique of the theories and practices of feminism arguing that it still matters in the 21st century Written by a mother and daughter authorial team the book presents a dialogue across generations and reinstates a politics of difference and the importance of the category of woman Moving Histories Jennifer Redmond, 2018-11-30 Moving Histories explores the story of Irish female emigrants in Britain from their working lives to their personal relationships Using a wide range of sources including some previously unavailable this book offers a new appraisal of an important but often forgotten group of Irish migrants

Two Irelands Rebecca Pelan, 2005-06-27 The very different histories of the North and South are reflected in their literature While women in the Republic of Ireland have tended to write about social issues sexism crime unemployment and domestic violence women in Northern Ireland focused on their society s historical tension and primarily nationalist and unionist politics However Pelan maintains that feminist ideology has provided contemporary Irish women with an alternate political stance that incorporates gender and nationality ethnicity and allows them to move beyond the usual binaries of politics history and language Irish and English In an analysis enriched by a sophisticated but accessible engagement with contemporary feminist and gender theory Pelan concludes that Irish women s writing whether at the community or mainstream level North or South consistently articulates political issues of direct relevance to the lives of Irish women today

As a result such work retains close links with the initial impetus of the second wave of feminism as a political movement and questions the legitimacy of long standing social religious and political conventions From within the framework provided by this second wave argues Pelan Irish women can critique certain masculine ideologiesnationalist unionist imperialist and capitalistwithout forfeiting their own sense of gender and national or ethnic identity The book s significance lies in its placement of women s writing in the center of contemporary political discourse in Ireland and in ensuring that the writing from this periodmuch of it long out of printcontinues to exist as sociological as well as literary records It will be of interest to a general and scholarly audience especially those in the fields of contemporary Irish writing feminism and literary history

Stirring It Gabriele Griffin,Marianne Hester,Shirin Rai,Sasha Roseneil,2023-12-30 First published in 1994 Stirring It debates the challenges which confront feminism and Women s Studies in the 1990s In the face of current worldwide political and social upheavals Stirring It poses questions about women their bodies their identities and positions which need to be addressed by contemporary feminists The chapters therefore challenge the orthodoxies and theories which are exploded by contemporary feminist practice They raise new issues for feminist debate The volume is divided into four sections Feminist Politics in Action investigates the inter relationship between politics and action with reference to issues such as the women s movement in Britain and women s position in and in relation to Ireland Disrupting Sexual Identities provides critiques of heterosexuality monogamy and conceptualization of the female body Imaging and Imagining explores the politics of women s cultural production and Women s Studies and Feminist Practice analyzes the often fraught connections between theory and practice This is a must read for scholars and researchers of Women s Studies Sociology and Gender Studies **Misreading**

Ritual Abby Kaplan,2022-05-25 Many Christians treat the first half of Leviticus with at best benign neglect Bloody animal sacrifices Rituals for skin diseases and genital discharges Surely these things are irrelevant for a modern follower of Jesus Our engagement with these texts often doesn t go beyond a pious thank God we don t have to do that anymore But this isn t enough if we want to take the world of the Bible seriously Scripture itself testifies that plenty of ancient worshippers found beauty and meaning in these laws that they encountered God even in those sacrificial rituals that seem so bizarre to us This book offers a constructive interpretation of Old Testament rituals for Christians today even for the majority of us who don t practice them literally Drawing on contemporary scholarship as well as the long history of Jewish and Christian interpretation the book explores how sacrifice was a way to experience worship cleansing and fellowship with God what systems of ritual impurity teach us about embodied holy living and how dietary regulations can train God s people in humility and reverence for God s good creation It provides followers of Jesus with the tools to treat Leviticus as a valuable theological resource not an embarrassment The Northern Ireland Troubles in Britain Graham Dawson,Jo Dover,Stephen

Hopkins,2016-11-28 This ground breaking book provides the first comprehensive investigation of the history and memory of the Northern Ireland Troubles in Britain It examines the impacts of the conflict upon individual lives political and social

relationships communities and culture in Britain and explores how the people of Britain including its Irish communities have responded to and engaged with the conflict in the context of contested political narratives produced by the State and its opponents Setting an agenda for further research and public debate the book demonstrates that unfinished business from the conflicted past persists unaddressed in Britain and advocates the importance of acknowledging legacies understanding histories and engaging with memories in the context of peace building and reconciliation

Personally Speaking Candace Spigelman,2004-10-07 Responding to contemporary discussion about using personal accounts in academic writing *Personally Speaking* Experience as Evidence in Academic Discourse draws on classical and current rhetorical theory feminist theory and relevant examples from both published writers and first year writing students to illustrate the advantages of blending experiential and academic perspectives Candace Spigelman examines how merging personal and scholarly worldviews produces useful contradictions and contributes to a more a complex understanding in academic writing This rhetorical move allows for greater insights than the reading or writing of experiential or academic modes separately does *Personally Speaking* foregrounds the semi fictitious nature of personal stories and the rhetorical possibilities of evidence as Spigelman provides strategies for writing instructors who want to teach personal academic argument while supplying practical mechanisms for evaluating experiential claims The volume seeks to complicate and intensify disciplinary debates about how compositionists should write for publication and what kinds of writing should be taught to composition students Spigelman not only supplies evidence as to why the personal can count as evidence but also relates how to use it effectively by including student samples that reflect particular features of personal writing Finally she lays the groundwork to move narrative from its current site as confessional writing to the domain of academic discourse

Changing Ireland Christine St. Peter,2000-03-17 During the past twenty five years Ireland has seen an explosion of women s fiction hundreds of published works that reimagine the inherited literary traditions and the social contexts of women s lives *Changing Ireland* examines women s use of historical fiction exile literature Northern war narratives speculative fiction and classic realism and looks at the local Irish forms of international women s genres like the romance novel and feminist fiction

Irish Childhoods Pádraic Whyte,2011-05-25 While much has been written about Irish culture s apparent obsession with the past and with representing childhood few critics have explored in detail the position of children s fiction within such discourses This book serves to redress these imbalances illuminating both the manner in which children s texts engage with complex cultural discourses in contemporary Ireland and the significant contribution that children s novels and films can make to broader debates concerning Irish identity at the end of the twentieth and beginning of the twenty first centuries Through close analysis of specific books and films published or produced since 1990 *Irish Childhoods* offers an insight into contrasting approaches to the representation of Irish history and childhood in recent children s fiction Each chapter interrogates the unique manner in which an author or filmmaker engages with twentieth century Irish history from a contemporary perspective and reveals that

constructions of childhood in Irish children's fiction are often used to explore aspects of Ireland's past and present
