Bureau of the Census,1984 1980 Census of Population: Characteristics of the population ,1982 Forsaken Relics Alessandro Buono,Gianluca Miniaci,Anna Anguissola,2024-12-31 Uses case studies to examine the social context and cultural and political management of appropriating abandoned objects and assets Forsaken Relics is the result of an interdisciplinary dialogue between history archaeology and ethnography on the topic of the appropriation of disputed goods and places Scholars with diverse backgrounds convened to address this common challenge how different societies in time and space managed to claim and re appropriate alleged abandoned or ownerless goods or things in ruin The volume includes a diverse range of case studies from Neolithic sites in Eastern Europe to ancient Egypt and the Mediterranean encompassing early modern and present day Europe reflecting on the ways in which actions can be used to legitimise appropriation with a particular focus on ritual actions and practices The objective of this book is to stimulate comparative analysis of this topic in both ancient and modern societies by identifying the actors of appropriation examining the definition of abandonment and exploring the ritual aspects intrinsic in actions such as inventorying dedication and communication to ancestors and prayers to gods Ritual actions in the last instance were designed to legitimise the reappropriation and resignification of places and goods classified as abandoned or in a state of ruin and to recreate locality kinship and communities **The Law of U.S. Foreign Relations** Sean D. become a source of U S law Individual chapters focus on the special challenges posed by the exercise of war powers by the federal government including during recent incidents of international armed conflict the complex role of the several states in foreign affairs and the imperative to protect individual rights in the transnational sphere Among the contemporary issues discussed are the immunity of foreign heads of State treatment of detainees at Guant namo movement of the U S Embassy in Israel to Jerusalem state level foreign compacts to address climate change bans affecting refugees and asylum seekers and recent interpretations of key statutes such as the Alien Tort Statute the Torture Victim Protection Act and the Foreign Sovereign Immunities Act
