Perspectives Francaises 1:

Perspectives on France Philip J.-L. Westfall,1984 **The British and French Mandates in Comparative Perspectives/Les mandats français et anglais dans une perspective comparative** Nadine Méouchy,Peter Sluglett,2004-01-01 This collection represents the first large scale attempt to discuss the Middle Eastern mandates as a totality It compares the application and effects of this very specific form of late colonialism from a variety of different disciplinary perspectives including anthropology architecture archival conservation economics history law and sociology It contains analyses at both micro and macro levels including specific instances of revolt or collaboration studies of particular individuals of professional groups and their contributions to nation building comparisons between the various political and cultural policies of the mandatory powers and the formation and practice of le savoir colonial by contemporary ethnographers officials physicians and teachers The volume will be of interest to historians of imperialism and of the twentieth century Middle East British Establishment Perspectives on France, 1936-40 Michael L. Dockrill,1999-04-12 This book analyses British official reactions to the apparent decline of France politically socially and economically in the three years before the outbreak of war in Europe The book is based on public and private archival sources and on the memoirs and biographies of leading British figures and describes the British Government s efforts to cope with the desperate strategic situation created by its own military weakness and the malaise of the Third Republic its own potential great power ally in a war with the Axis powers **Reproductive Decision-Making in a Macro-Micro Perspective** Dimitar Philipov,Aart C. Liefbroer,Jane E. Klobas,2014-10-17 This book provides new insights into the significant gap that currently exists between desired and actual fertility in Europe It examines how people make decisions about having children and demonstrates how the macro level environment affects micro level decision making Written by an international team of leading demographers and psychologists the book presents the theoretical and methodological developments of a three year European Commission funded project named REPRO Reproductive Decision Making in a Macro Micro Perspective It also provides an overview of the research conducted by REPRO researchers both during and after the project The book examines fertility intentions from quantitative and qualitative perspectives demonstrates how the macro level environment affects micro level decision making and offers a multi level analysis of fertility related norms across Europe Overall this book offers insight into how people make decisions to have children when they are most likely to act on their decisions and how different social and policy settings affect their decisions and actions It will appeal to researchers graduate students and policy advisors with an interest in fertility demography and life course decision making Stereo: Comparative Perspectives on the Sociological Study of Popular Music in France and Britain Philippe Le Guern,2016-04-01 The term Popular Music has traditionally denoted different things in France and Britain In France the very concept of popular music has been fiercely debated and contested whereas in Britain and more largely throughout what the French describe as the Anglo saxon world

popular music has been more readily accepted as a description of what people do as leisure or consume as part of the music industry and as something that academics are legitimately entitled to study French researchers have for some decades been keenly interested in reading British and American studies of popular culture and popular music and have often imported key concepts and methodologies into their own work on French music but apart from the widespread use of elements of French theory in British and American research the Anglo saxon world has remained largely ignorant of particular traditions of the study of popular music in France and specific theoretical debates or organizational principles of the making and consuming of French musics French British and American research into popular music has thus coexisted with considerable cross fertilization for many years but the barriers of language and different academic traditions have made it hard for French and anglophone researchers to fully appreciate the ways in which popular music has developed in their respective countries and the perspectives on its study adopted by their colleagues This volume provides a comparative and contrastive perspective on popular music and its study in France and the UK

A Christian Perspective on Political Thought Stephen Charles Mott,1993 The author seeks to advance the role of biblical and theological values in the political lives of individual Christians and the public discourse of American society He argues that Americans want to make choices in terms of standards of right and wrong but tend to lack the formulation of a theory

The French Revolution in Global Perspective Suzanne Desan,Lynn Hunt,William Max Nelson,2013-03-19 Situating the French Revolution in the context of early modern globalization for the first time this book offers a new approach to understanding its international origins and worldwide effects A distinguished group of contributors shows that the political culture of the Revolution emerged out of a long history of global commerce imperial competition and the movement of people and ideas in places as far flung as India Egypt Guiana and the Caribbean This international approach helps to explain how

the Revolution fused immense idealism with territorial ambition and combined the drive for human rights with various forms of exclusion The essays examine topics including the role of smuggling and free trade in the origins of the French Revolution the entwined nature of feminism and abolitionism and the influence of the French revolutionary wars on the shape of American empire The French Revolution in Global Perspective illuminates the dense connections among the cultural social and economic aspects of the French Revolution revealing how new political forms at once democratic and imperial anticolonial and centralizing were generated in and through continual transnational exchanges and dialogues Contributors Rafe Blaufarb Florida State University Ian Collier La Trobe University Denise Davidson Georgia State University Suzanne Desan University of Wisconsin Madison Lynn Hunt University of California Los Angeles Andrew Jainchill Queen's University Michael Kwass The Johns Hopkins University William Max Nelson University of Toronto Pierre Serna Université Paris I Panthéon Sorbonne Miranda Spieler University of Arizona Charles Walton Yale University

France, 1922 **Environmental Health Perspectives**, 1993 **International law in historical perspective.** 10 Jan H.
