Paul Joseph

Perspectives On Humanitarian Military Intervention:

Perspectives on Humanitarian Military Intervention George R. Lucas, Anthony C. Zinni, 2001 **Humanitarian Military Intervention** Taylor B. Seybolt, 2007

Military intervention in a conflict without a reasonable prospect of success is unjustifiable especially when it is done in the name of humanity. Couched in the debate on the responsibility to protect civilians from violence and drawing on traditional just war principles, the central premise of this book is that humanitarian military intervention can be justified as a policy option only if decision makers can be reasonably sure that intervention will do more good than harm. This book asks: Have past humanitarian military interventions been successful? It defines success as saving lives and sets out a methodology for estimating the number of lives saved by a particular military intervention. Analysis of 17 military operations in six conflict areas that were the defining cases of the 1990s—northern Iraq after the Gulf War, Somalia, Bosnia and Herzegovina, Rwanda, Kosovo, and East Timor—shows that the majority were successful by this measure. In every conflict studied, however, some military interventions succeeded while others failed, raising the question: Why have some past interventions been more successful than others? This book argues that the central factors determining whether a humanitarian intervention succeeds are the objectives of the intervention and the military strategy employed by the intervening states. Four types of humanitarian military intervention are offered: helping to deliver emergency aid, protecting aid operations, saving the victims of violence, and defeating the perpetrators of violence. The focus on strategy within these four types allows an exploration of the political and military dimensions of humanitarian intervention and highlights the advantages and disadvantages of each of the four types. Humanitarian military intervention is controversial. Scepticism is always in order about the need to use military force because the consequences can be so dire. Yet it has become equally controversial not to intervene when a government subjects its citizens to massive violation of their basic human rights. This book recognizes the limits of humanitarian intervention but does not shy away from suggesting how military force can save lives in extreme circumstances.

Ethics Education for Irregular Warfare Don Carrick, James Connelly, Paul Robinson, 2009

Following on from *Ethics Education in the Military* which analyzed the existing theory and practice of educating soldiers, sailors, and airmen in the ethics of old-fashioned warfaring, this volume considers the extent to which such theory and practice is adequate to prepare members of the military to meet the more complex ethical challenges faced when engaging in irregular warfare in the 21st century.

Just and Unjust Military Intervention Stefano Recchia, Jennifer M. Welsh, 2013-09-26

Classical arguments about the legitimate use of force have profoundly shaped the norms and institutions of contemporary international society. But what specific lessons can we learn from the classical European philosophers and jurists when thinking about humanitarian intervention, preventive self-defense, or international trusteeship today? The contributors to this volume take seriously the admonition of contextualist scholars not to uproot classical thinkers' arguments from their social, political, and intellectual environment. Nevertheless, this collection demonstrates that contemporary students, scholars, and

policymakers can still learn a great deal from the questions raised by classical European thinkers the problems they highlighted and even the problematic character of some of the solutions they offered The aim of this volume is to open up current assumptions about military intervention and to explore the possibility of reconceptualizing and reappraising contemporary approaches

From Kosovo to Darfur Sidita Kushi, 2025-07-07 Why are some violent crises more likely to prompt humanitarian military interventions than others Conventional wisdom says that humanitarian military interventions occur due to national interests shared values and norms or economic benefits for the interveners Yet neither of these factors can fully explain the selectivity of such interventions The international community continues to ignore the decades long suffering in Darfur often dismisses the genocidal policies within Myanmar and even perpetuates the suffering in contemporary Yemen while undertaking humanitarian laden missions in Libya Syria and the Balkans Using in depth case studies and new data on all post Cold War internal armed conflicts matched to third party responses From Kosovo to Darfur offers the first regionally sensitive analysis of humanitarian military intervention since the end of the Cold War It shows that international military interventions in the context of acute humanitarian crises are driven by different pathways within the Western versus the non Western world and fueled by elite perceptions of the crisis making interventions closer to the geographic and cultural West most probable and most intense As our international community becomes increasingly interdependent and aware of human suffering across borders From Kosovo to Darfur points to new pathways of conflict trajectories and reveals vital implications for leaders scholars and nongovernmental actors advocating for or against international military intervention as a policy choice

Regional Organizations and Peacemaking Peter Wallensteen, Anders Björner, 2014-08-21 This book analyses the new and difficult roles of regional organizations in peacemaking after the end of the Cold War and how they relate to the United Nations UN Regional organizations have taken an increasingly prominent role in international efforts to deal with international security The book highlights the complex interaction between the regional and sub regional organizations on the one hand and their relations with the United Nations on the other Thus the general issues of UN and its authority are scrutinized from legal practical and geopolitical perspectives Taking on a broad geographical focus on Africa the Arab world and Europe the book also provides an extensive range of case studies with detailed analysis of particular situations organizations and armed conflicts The authors scrutinise the heterogeneous relationship between the different organizations as well as the challenges to them political resources legal standing financial assets capabilities and organizational set up Moreover they investigate whether regional organizations as compared to the UN are better suited to deal with today's intra state conflicts The book also aims to dissect the evolution of these institutions historically in relation to Chapter VIII of the UN Charter which mentions the resort to regional arrangements for conflict management as well as more generally in relation to the principles of international law and UN principles of peacemaking This book written by a mixture of established scholars diplomats and high level policymakers will be of great interest to

students as well as practitioners in the field of peace and conflict studies regional security international organisations conflict management and IR in general **Perspectives on Power** Jernej Letnar Černič, Lindsay Milligan, Heather M.

Morgan, 2010-01-08 Although power can appear a vague term the dichotomy between have and have nots the desire to gain autonomy and the dire consequences of subjugation are three issues that resound across the arts and social sciences In this book postgraduate students from the constituent disciplines use the freedom of their positions as early career researchers to boldly explore power relations From a legal perspective papers are included geared towards human rights issues and violations Further the applied perspectives from business and education researchers consider how access to wealth and education and to equal education can and must be achieved Then interpreted through the perspectives of anthropological sociological and historical approaches power has become a resonant issue among the creations of culture and human interaction s Finally within the soft sciences the very same preoccupations as they appear in creative expression are examined within literature and music Indeed through the twenty one articles chosen for inclusion in this collection distinct in their disciplinary origins approaches and foci together the authors are emphasising the many similarities that exist among the arts and social sciences subjects **Perspectives on Power An Interdisciplinary Approach** was conceived as a result of the quality and reception of papers presented at the 2008 Moving Forward Postgraduate Conference held at the University of Aberdeen The volume comprises twenty one articles on the theme of power carefully chosen by the editorial team from in excess of eighty presentations These represent and tender a wide range of scholarly approaches to and within the arts and social sciences the remit of Moving Forward The collection is aimed at scholars and scholarly institutions within the United Kingdom in particular but contains contributions from scholars across the globe The collection should especially appeal to and inspire delegates visiting the Moving Forward Postgraduate Conference in the years to come **Ethics and Foreign**

Intervention Deen K. Chatterjee, Don E. Scheid, 2003-07-17 This book is a collection of original essays by some of the leading moral and political thinkers of our time on the ethical and legal implications of humanitarian military intervention As the rules for the new world order are worked out in the aftermath of the Cold War this issue is likely to arise more and more frequently and the moral implications of such interventions will become a major focus for international law the United Nations regional organizations such as NATO and the foreign policies of nations The essays collected here present a variety of normative perspectives on topics such as the just war theory and its limits secession and international law and new approaches toward the moral legitimacy of intervention They form a challenging and timely volume that will interest political philosophers political theorists readers in law and international relations and anyone interested in moral dimensions of international affairs *Asian Strategic and Military Perspective* Ravi Shekhar Narain Singh Singh, 2005 Nation states are compelled to function within the parameters of their respective geo political and geo strategic environment The behavior of nations and the interplay of their strengths and vulnerabilities particularly their foreign and military posturing is predicated

on geographic political and economic factors Besides historical imperatives also coalesce in determining the way States shape their policies Many Asian countries today are threatened by a war that is of a subtle and imperceptible nature There is also a paradigm shift in the perception of national security especially with the blurring of the notion of internal and external security This is reflected in the growing military expenditures of several Asian countries This volume attempts to examine the critical factors that influence the foreign and defense policies of Asian countries It provides comprehensive information and analyses of the strengths needs aspirations and compulsions that shape their strategic and military outlook On State Secession from International Law Perspectives Jing Lu, 2018-10-30 This book provides essential legal information on state secession in an innovative manner unlike conventional approaches which invariably focus on whether there is a right to secession here the discussion centers on how secessionist conflicts can be effectively resolved To that end the book not only reveals the inadequacy of the current international legal framework but also carefully considers how relevant actors can work to improve the legal system In short it argues that secessionists and non secessionists should conclude an agreement to reconcile their conflicting rights to self determination while external actors should do their utmost to ensure the success of these efforts Positive external involvement requires external actors to refrain from the use of force and to participate more rationally in secessionist conflicts Given its subject matter the book will appeal to a broad readership including students and researchers in international law international relations and ethnic studies as well as enthusiasts in these fields

Humanitarian Competencies for Global Mental Health Professionals Elena Cherepanov, 2024-11-01 This book provides a comprehensive guidance for mental health professionals to humanitarianism and humanitarian culture When responding to disasters wars famines political violence and other humanitarian emergencies mental health providers join other multidisciplinary and multisectoral humanitarian actors coming from around the world and united by a common purpose of saving lives and eliminating suffering This book orients globally minded mental health and human services providers to the professional and personal challenges they can face and equips them with core humanitarian competencies the understanding of the context of humanitarian work the knowledge of relief systems and best practices Familiarity with the guidelines and regulations is essential for establishing effective collaborations and conducting contextually appropriate and ethical interventions avoiding duplication of services minimizing fragmentation and reducing risks for all involved The recognition of tremendous differential power and the extreme vulnerability of people served call for the highest standards and integrity of conduct and practice as the price for an ethical indiscretion in a humanitarian emergency can be very high Humanitarian competencies mitigate risks associated with aid work in the increasingly polarized and politicized world This mentally and morally demanding environment emphasizes the importance of peer support self awareness and self care to manage fantasies and prevent burnout The book is written by a global mental health expert with over 20 years of experience responding to international humanitarian emergencies and teaching theory and practice of global mental health in academic settings In this

volume Dr Elena Cherepanov combines empirical evidence with academic rigor to share unique insights and original observations with mental health professionals interested in learning the nuts and bolts of humanitarian action The author also reviews ethically questionable practices emerging myths and misconceptions in global mental health work and suggests protocols for negotiating ethical and moral dilemmas in the humanitarian situation Critical Perspectives on the Responsibility to Protect Philip Cunliffe, 2011-03-31 This edited volume critically examines the widely supported doctrine of the Responsibility to Protect and investigates the claim that it embodies progressive values in international politics Since the United Nations World Summit of 2005 a remarkable consensus has emerged in support of the doctrine of the responsibility to protect R2P the idea that states and the international community bear a joint duty to protect peoples around the world from mass atrocities While there has been plenty of discussion over how this doctrine can best be implemented there has been no systematic criticism of the principles underlying R2P This volume is the first critically to interrogate both the theoretical principles and the policy consequences of this doctrine The authors in this collection argue that the doctrine of R2P does not in fact embody progressive values and they explore the possibility that the R2P may undermine political accountability within states and international peace between them This volume not only advances a novel set of arguments but will also spur debate by offering views that are seldom heard in discussions of R2P The aim of the volume is to bring a range of criticisms to bear from a variety of disciplinary perspectives including international law political science IR theory and security studies This book will be of much interest to students of the Responsibility to Protect humanitarian intervention human security critical security studies and IR in general Routledge Handbook of Ethics and War Fritz Allhoff, Nicholas G. Evans, Adam Henschke, 2013-06-26 This new Handbook offers a comprehensive overview of contemporary extensions and alternatives to the just war tradition in the field of the ethics of war The modern history of just war has typically assumed the primacy of four particular elements jus ad bellum jus in bello the state actor and the soldier This book will put these four elements under close scrutiny and will explore how they fare given the following challenges What role do the traditional elements of jus ad bellum and jus in bello and the constituent principles that follow from this distinction play in modern warfare Do they adequately account for a normative theory of war What is the role of the state in warfare Is it or should it be the primary actor in just war theory Can a just war be understood simply as a response to territorial aggression between state actors or should other actions be accommodated under legitimate recourse to armed conflict Is the idea of combatant qua state employed soldier a valid ethical characterization of actors in modern warfare What role does the technological backdrop of modern warfare play in understanding and realizing just war theories Over the course of three key sections the contributors examine these challenges to the just war tradition in a way that invigorates existing discussions and generates new debate on topical and prospective issues in just war theory This book will be of great interest to students of just war theory war and ethics peace and conflict studies philosophy and security studies Global Media Perspectives on the Crisis in Panama

Nelson Michaud, 2016-04-22 Operation Just Cause the United States incursion into Panama was the culmination of a gradually escalating confrontation between the United States and the Noriega dominated government of Panama that extended from June 1987 until early January 1990 Applying diverse methodological approaches this volume examines the various ways representative examples of the global media covered the developing crisis and the eventual US incursion into Panama The volume sets the stage for this analysis by delineating the chronological development of the escalating confrontation as well as by examining the confrontation from the perspective of the US government analyzes the crisis from the perspective of the US Soviet Canadian French Portuguese Arab and the People s Republic of China media exposes the challenges for public affairs officers operating within the context of the global media response to international crises and provides an assessment of the implications of the crisis for inter American and international relations This analysis and evaluation of a variety of global media perspectives on the escalating US Panamanian confrontation will serve to better illuminate and further enrich our understanding of a major international event indeed one of the final events of the Cold War era

Russia, the West, and Military Intervention Roy Allison, 2013-05-09 Russia has been embroiled in bitter disputes with major Western powers over high profile military interventions over Kosovo 1999 Iraq 2003 Georgia 2008 and even Libya 2011 which had a UN Security Council mandate Moscow and the West reached much more agreement over the Gulf War 1990 and intervention in Afghanistan 2001 but these cases are exceptional This interdisciplinary study explores the persistent differences between Russian and Western leaders about most Western led military campaigns and about Russia s own use of force in the CIS region What does this tell us about emerging norms on the use of force in humanitarian crises How and why has there been such controversy over the legal justifications for these military operations Has greater consensus been possible over force in global counterterrorism What do all these controversies tell us about international rule making More specifically how can we understand Russian political and diplomatic responses during international crises around major interventions This book argues that Russia has been influential in these debates on norms and law as a permanent United Nations Security Council member and as a major military power Moscow s approach to these questions has reflected distinctive and quite entrenched attitudes to international order and sovereignty as well as a preoccupation with its own status The book draws deeply on Russian sources to show how these attitudes are expressed among the Russian leadership and the political elite This raises challenging questions about the ability of Russia and Western states to cooperate in emerging crises in Syria Iran or elsewhere and about Russia s role in international society

Perspectives on the Crisis in Libya United States. Congress. Senate. Committee on Foreign Relations, 2011

Perspectives on International Relations Henry R. Nau, 2018-01-03 Perspectives on International Relations Power Institutions and Ideas shows students new to the field how theories perspectives of international affairs realism liberalism constructivism identity and critical theory play a decisive role in explaining every day debates about world affairs Why for example do politicians and political scientists

disagree about the causes of the ongoing conflict in Syria even though they all have the same facts Or why do policymakers disagree about how to deal with North Korea when they are all equally well informed The new Sixth Edition of this best seller includes updates on Brexit the rise of Donald Trump and other populist leaders and continuing developments for ISIS Syria and Russia **The Responsibility to Protect** International Commission on Intervention and State

Sovereignty, International Development Research Centre (Canada), 2001 Responsibility to Protect Research bibliography background Supplementary volume to the Report of the International Commission on Intervention and State Sovereignty

The SAGE Encyclopedia of War: Social Science Perspectives Paul Joseph, 2016-10-11 Traditional explorations of war look through the lens of history and military science focusing on big events big battles and big generals By contrast The SAGE Encyclopedia of War Social Science Perspective views war through the lens of the social sciences looking at the causes processes and effects of war and drawing from a vast group of fields such as communication and mass media economics political science and law psychology and sociology Key features include More than 650 entries organized in an A to Z format authored and signed by key academics in the field Entries conclude with cross references and further readings aiding the researcher further in their research journeys An alternative Reader's Guide table of contents groups articles by disciplinary areas and by broad themes A helpful Resource Guide directing researchers to classic books journals and electronic resources for more in depth study This important and distinctive work will be a key reference for all researchers in the fields of political science international relations and sociology *U.S. Foreign Policy in Perspective* David Sylvan, Stephen Majeski, 2009-02-05 What is the long term nature of American foreign policy This new book refutes the claim that it has varied considerably across time and space arguing that key policies have been remarkably stable over the last hundred years not in terms of ends but of means Closely examining US foreign policy past and present David Sylvan and Stephen Majeski draw on a wealth of historical and contemporary cases to show how the US has had a client state empire for at least a century They clearly illustrate how much of American policy revolves around acquiring clients maintaining clients and engaging in hostile policies against enemies deemed to threaten them representing a peculiarly American form of imperialism They also reveal how clientilism informs apparently disparate activities in different geographical regions and operates via a specific range of policy instruments showing predictable variation in the use of these instruments With a broad range of cases from US policy in the Caribbean and Central America after the Spanish American War to the origins of the Marshall Plan and NATO to economic bailouts and covert operations and to military interventions in South Vietnam Kosovo and Iraq this important book will be of great interest to students and researchers of US foreign policy security studies history and international relations This book has a dedicated website at www.usforeignpolicy.org featuring additional case studies and data sets

Perspectives On Humanitarian Military Intervention Introduction

Perspectives On Humanitarian Military Intervention Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Perspectives On Humanitarian Military Intervention Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Perspectives On Humanitarian Military Intervention : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Perspectives On Humanitarian Military Intervention : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Perspectives On Humanitarian Military Intervention Offers a diverse range of free eBooks across various genres. Perspectives On Humanitarian Military Intervention Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Perspectives On Humanitarian Military Intervention Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Perspectives On Humanitarian Military Intervention, especially related to Perspectives On Humanitarian Military Intervention, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Perspectives On Humanitarian Military Intervention, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Perspectives On Humanitarian Military Intervention books or magazines might include. Look for these in online stores or libraries. Remember that while Perspectives On Humanitarian Military Intervention, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Perspectives On Humanitarian Military Intervention eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While

this might not be the Perspectives On Humanitarian Military Intervention full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Perspectives On Humanitarian Military Intervention eBooks, including some popular titles.

FAQs About Perspectives On Humanitarian Military Intervention Books

1. Where can I buy Perspectives On Humanitarian Military Intervention books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Perspectives On Humanitarian Military Intervention book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Perspectives On Humanitarian Military Intervention books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Perspectives On Humanitarian Military Intervention audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Perspectives On Humanitarian Military Intervention books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
