Orthodoxy from an Empirical Perspective Mirko Blagojević, Dragan Todorović, 2011. *Cyber Worship in Multifaith Perspectives* Mohamed Taher, 2006. Cyber Worship in Multifaith Perspectives, as implied by its name, explores worship, i.e. Prayer, Praise, Scripture, Sacrament, Rituals, Confessions, Eucharist, Rites, Pilgrimages, Reflection, Contemplation, etc. on the Internet. It is not an everything-you-need-to-know guide about the subjects of faith and belief; religions online; religions on the Net; or religions in cyberspace. Rather, it is a book about religious and spiritual experience under the rubric of cyber worship, which is the variety of ways religious devotion is performed and carried out on the Internet. The term Cyber Worship is a catchall phrase which includes variants such as online worship, virtual worship, electronic prayer, cyber puja, cyber synagogue, and so on. Dr Mohamed Taher has thus assembled a quick reference for two groups: those communities that are involved in Cyber Worship and business Webs that collaborate in sustaining wired environments. As such, this book provides an interesting and current perspective on a practice that will continue to grow in the future.

Sexual Reformation? Manitza Kotze, Nadia Marais, Nina Muller van Velden, 2022-02-28. Inasmuch as sex and sexuality are not words often spoken from pulpits and in academic theological circles, a vast number of utterances have been made in the name of so-called Christian values and biblical views on sex and sexuality. These are often given from moral, ethical perspectives and seemingly very prescriptive: who should have sex with whom, when sex should take place, which purposes sex should serve, and especially when sex is wrong. Moreover, often there is little or no recognition of the complexities surrounding human sexuality, resulting in what appears to be a blueprint for sexuality applicable to all persons. This volume contains fourteen theological and ethical reflections by South African scholars on human sexuality, with the aim of exploring what a sexual reformation within Christian dialogue might entail. Presented in three sections—namely, systematic theological reflections, biblical reflections, and ethical reflections—the essays represent a range of topics from a variety of

perspectives Luther and marriage sexual abuse in the Catholic Church body theology and the sexual revolution reproductive technologies sexuality and reproduction reproductive loss hermeneutical choices and gender reformation in South Africa queer engagements with bra Joseph explorations on Paul and sex rape culture and violent deities the church's moral authority and sexual ethics practical theological considerations regarding infertility empirical research on masculinities in Zambia and the lived experience of transgender people in African Independent Churches

Defining the New Testament Logia on Divorce and Remarriage in a Pluralistic Context Yordan Kalev Zhekov, 2009-01-01 Christian marriage is a permanent union which requires the commitment of both spouses for its maintenance through fulfillment of its stipulations. The failure of the fulfillment of the latter provides legitimate grounds for divorce and remarriage of the innocent party. This work employs a fourfold approach for the development of NT ethical argumentation based on Richard B. Hays' Moral Vision of the New Testament. The author establishes the proper contextual grounds for the NT study through formulation of the Old Testament perspective on marriage as covenant. The relevant NT passages are examined through historical critical and narrative critical methods. A critical study of the main Christian traditions leads to an ecumenical formulation of the theological conclusions. Pragmatic implementation of the thesis follows an examination of the contemporary pluralistic context and applications in both Christian communities and the larger society within its legislative system.

Gender Essentialism and Orthodoxy Bryce E. Rich, 2023-05-16 Within contemporary orthodoxy debates over sex and gender have become increasingly polemical over the past generation. Beginning with questions around women's ordination, arguments have expanded to include feminism, sexual orientation, the sacrament of marriage, definitions of family, adoption of children, and care of transgender individuals. Preliminary responses to each of these topics are shaped by gender essentialism, the idea that male and female are ontologically fixed and incommensurate categories with different sets of characteristics and gifts for each sex. These categories in turn delineate gender roles in the family, the church, and society. Gender Essentialism and Orthodoxy offers an immanent critique of gender essentialism in the stream of the contemporary Orthodox Church, influenced by the Paris School of Russian migr theologians and their heirs. It uses an interdisciplinary approach to bring into conversation patristic reflections on sex and gender, personalist theological anthropology, insights from gender and queer theory, and modern biological understandings of human sexual differentiation. Though these are seemingly unrelated discourses, Gender Essentialism and Orthodoxy reveals unexpected points of convergence as each line of thought eschews a strict gender binary in favor of more open-ended possibilities. The study concludes by drawing out some theological implications of the preceding findings as they relate to the ordination of women, the priesthood, same-sex unions, and sacramental understandings of marriage, definitions of family, and pastoral care for intersex, transgender, and nonbinary parishioners.

Receptive Ecumenism As Transformative Ecclesial Learning Paul D. Murray, Gregory A. Ryan, Paul Lakeland, 2022 Receptive Ecumenism asks not what other churches can learn from us but what can we learn and receive with

integrity from our ecclesial others The chapters in this volume by academics church leaders and ecumenical practitioners show how Receptive Ecumenism has grown and matured over the past two decades **Being One at Home** Thomas Knieps-Port le Roi,Ray Temmerman,2015 Taking seriously Pope John Paul II s statement t he Christian family constitutes a specific revelation and realization of ecclesial communion and for this reason too it can and should be called the domestic Church this book explores the lived reality of the Domestic Church from the perspective of that subset known as interchurch families Approaching the issue both experientially and theologically the book delves into what these families reveal and realize of communion extrapolating the findings to show what they have to say to the Church In the process it offers evidence that interchurch families far from being a problem form a gift to their churches for the unity of the Church Series Theology Research and Science Theologie Forschung und Wissenschaft Vol 48 Subject Religious Studies Christianity **The Significance of Singleness** Christina S. Hitchcock,2018-10-16 The church needs to do a better job of speaking theologically to single Christians Challenging prevailing evangelical assumptions about the problem of singleness this book explains why the church needs single people and offers a contemporary theology of singleness relevant to all members of the church Drawing on the examples of three important figures from the history of Christianity the book helps today s church form a vision of life in the kingdom of God that is as theologically significant for single people as it is for those who are married
