Perspectives On Property Law 3rd:

Perspectives on Property Law Robert C. Ellickson, Carol M. Rose, Bruce A. Ackerman, 2002 This reader continues its track record of success by combining fascinating and essential readings and materials pertaining to property law with author commentary Traits the authors continue to build upon essays and articles articulate important points related to the major issues in property law essays that are accompanied by introductory text notes and questions to deepen students understanding of the ideas contained in the essays a well known and respected author team Features of the Third Edition Heller Eisenberg s article regarding anti commons and the over patenting of the human genome Pipes article on how the lack of private property contributed to the decline of the Soviet Union Desoto s article on titling in developing nations **Equity and Trusts** Alastair Hudson, 2013 Alastair Hudson s *Equity and Trusts* is an ideal textbook for undergraduate courses on the law of trusts and equitable remedies It provides a clear current and comprehensive account of the subject through which the author s enthusiasm and expertise shine through helping to bring to life an area of the law which students often find challenging Fully updated and revised this Seventh Edition contains an analysis of *Jones v Kernott* and trusts of homes a new treatment of dishonest assistance and unconscionable receipt a full treatment of the law on super injunctions coverage of all of the trusts law cases precipitated by the collapse of Lehman Brothers a reflection on women and equity and the politics of trusts law a new treatment of the Hastings Bass principle and analysis of over 200 new cases and the Perpetuities and Accumulations Act 2009 *Equity and Trusts* remains the most comprehensive and up to date coverage of the law of Equity and Trusts while still a lively and thoughtful account of the issues raised by it This book has been cited as being authoritative in the courts of numerous countries The seventh edition is supported by a companion website which includes over 50 short podcast lectures by the author discussing and clarifying key topics from within the book which cover an entire course a set of brief video documentaries filmed on location which provide context and bring to life selected key topics a brief introductory video presentation from the author introducing the viewer to the subject of Equity and Trusts and to the book in particular

Principles of Equity and Trusts Alastair Hudson, 2021-11-24 This is the second edition of *Principles of Equity and Trusts* the concise new textbook from Alastair Hudson the author of the definitive classic *Equity and Trusts* Through clear and careful analysis the author explains what the law is its foundational principles and its social and economic effect By beginning with the core principles on which this field is based even the most complex academic debates concerning express resulting and constructive trusts the family home charities law and other equitable doctrines become comprehensible and interesting This book offers a fresh lively and often humorous account of Equity and Trusts Through easy to follow worked examples and analysis of the case law Alastair helps you to answer problem questions and to prepare coursework The author shows how the law affects real people in real situations Each chapter begins with a clear and concise introduction to the core principles It contains numbered headings for ease of navigation and advice on studying this subject Students also have

access to Professor Hudson's ever popular supporting website which has had hundreds of thousands of hits over the years. It has over 50 brief podcasts on key issues which have been specially re-recorded to coincide with the publication of this book. That website also contains detailed lectures, a variety of videos explaining the law and guidance on tackling assessments. Characterised by the passion and enthusiasm for his subject matter that make Alastair Hudson's classic textbook so popular, **Principles of Equity and Trusts** is sure to be a winner with both academics and students alike.

Research Handbook on Law and Emotion Susan A. Bandes, Jody L. Madeira, Kathryn D. Temple, Emily Kidd White, 2021-04-30 This illuminating Research Handbook analyses the role that emotions play and ought to play in legal reasoning and practice, rejecting the simplistic distinction between reason and emotion.

The Structure of Property Law Ben McFarlane, 2008-07-09 Shortlisted for the Peter Birks Prize for Outstanding Legal Scholarship 2009. In its essence, property law has to provide answers to two very difficult questions: who is entitled to use property and how are they entitled to use it? Property law is therefore inherently difficult but not impossibly so. It consists of an ordered and logical system which aims to take the sting out of fierce disputes. This book provides a new perspective on property law. By setting out an underlying structure, it allows the reader to understand the fundamental principles of this difficult subject. By providing detailed coverage of individual topics, it shows how those principles apply in practice and provides a comprehensive resource for anyone studying, teaching, researching or practising in property law. The book is written in an accessible style with frequent summaries and in both its pages and companion website it makes use of helpful visual aids. It is ideal reading for law students seeking a rock-solid understanding of how property law and land law work and contains sufficient detail for use as a course book in Property Law, Land Law, Personal Property Law. The book also provides detailed analysis of core topics in Equity, Trusts, Commercial Law, Unjust Enrichment, Restitution. See the companion website for this book: www.hartpub.co.uk/companion/propertylaw.html

New Perspectives on Property and Land in the Middle East Roger Owen, 2000 Land was the major economic resource in the pre-modern Middle East. Questions of ownership, of access, of management and of control occupied a central role in administration in law and in rural practice over many centuries. Nevertheless, the subject of land and property relations is still not well understood.

Property and Practical Reason Adam J. MacLeod, 2015-04-30 Property and Practical Reason makes a moral argument for common law property institutions and norms and challenges the prevailing dichotomy between individual rights and state interests and its assumption that individual preferences and the good of communities must be in conflict. One can understand competing intuitions about private property rights by considering how private property enables owners and their collaborators to exercise practical reason consistent with the requirements of reason and thereby to become practically reasonable agents of deliberation and choice who promote various aspects of the common good. The plural and mediated domains of property ownership, though imperfect, have moral benefits for all members of the community. They enable communities and institutions of private ordering to pursue plural and incommensurable good.

ends while specifying the boundaries of property rights consistent with basic moral requirements **Property Law** Alison Clarke, Paul Kohler, 2005-12-01 An innovative examination of the law's treatment of property this student textbook provides an extremely useful and readable account of general property law principles It draws on a wide range of materials on property rights in general and the English property law system in particular looking at all kinds of property not just land It includes the core legal source materials in property law along with excerpts from social science literature legal theory and economics many of which are not easily accessible to law students These materials are accompanied by a critical commentary as well as notes questions and suggestions for further reading It will be of interest to undergraduate property law students and to non law students taking property law modules in courses covering planning environmental law economics and estate management **Property Law** Jerry Linn Anderson, Daniel B. Bogart, 2019 Property Law Practice Problems and Perspectives Second Edition is a truly contemporary 1L Property text This book is distinguished by its extraordinarily clear and engaging writing and by the degree to which the authors make the material accessible and enjoyable to students in this foundational course The authors embrace the task of training lawyers and as a result their text regularly asks students to answer questions and solve problems from the perspective of attorneys The authors delve fully into legal doctrine and address profound policy issues in a direct and understandable manner drawing upon an outstanding range of case opinions including those from seminal cases as well those from recent and provocative disputes Property Law Practice Problems and Perspectives is more than just a text It incorporates a truly unique online simulation that features practice ready materials and professionally produced author scripted videos that illuminate property law issues and disputes The text regularly references documents used in practice which are available to students in the simulation New to the Second Edition Revised and updated case opinions and textual discussion For example The section addressing the Fair Housing Act now includes a discussion of disparate impact litigation after Texas Dept of Housing and Community Affairs v Inclusive Communities Project Inc The chapter devoted to takings law now includes summaries of *Horne v Dept of Agriculture* and *Murr v Wisconsin* New and sometimes startling images such as a subdivision marketing poster from San Diego in 1915 that offers a frightening example of pervasive discriminatory housing practices that existed prior to the Fair Housing Act Enjoyable new problems drawn from reported case opinions For example the problem of *The Obstinate Ex* involving a couple who live together in a home owned individually by one of them When that person breaks off the relationship the other refuses to move out claiming an interest in the property Professors and students will benefit from A blend of property doctrine and real world practice A unique interactive element that teaches students how to read a land survey A unique border along the edge of the text in the chapter on the real property transaction allowing students to place key concepts and doctrinal material in the context of phases of the transaction A robust electronic version of the casebook along with online videos and practice ready materials **The New Law of Land Registration** Elizabeth Cooke, 2003-09-17

This book is an examination of the law of land registration in England and Wales in the light of the Land Registration Act 2002 and in particular at the way land registration is influenced by and in turn influences the evolution of land law as a whole. It examines the legal problems that have arisen in connection with land registration and considers the effect of the 2002 statute drawing extensively upon the law in other jurisdictions and considering possibilities for future development. This is a book which will be essential reading for students, their teachers and practitioners who will have to grapple with the intricacies of the new Act when it comes into force.

The Household Robert C. Ellickson, 2010-08-02. Some people dwell alone, many in family-based households and an adventuresome few in communes. *The Household* is the first book to systematically lay bare the internal dynamics of these and other home arrangements. Legal underpinnings, social considerations and economic constraints all influence how household participants select their homemates and govern their interactions around the hearth. Robert Ellickson applies transaction cost economics, sociological theory and legal analysis to explore issues such as the sharing of household output, the control of domestic misconduct and the ownership of dwelling units. Drawing on a broad range of historical and statistical sources, Ellickson contrasts family-based households with the more complex arrangements in medieval English castles, Israeli kibbutzim and contemporary cohousing communities. He shows that most individuals when structuring their home relationships pursue a strategy of consorting with intimates. This, he asserts, facilitates informal coordination and tends ultimately to enhance the quality of domestic interactions. He challenges utopian critics who seek to enlarge the scale of the household and legal advocates who urge household members to rely more on written contracts and lawsuits. Ellickson argues that these commentators fail to appreciate the great advantages in the home setting of informally associating with a handful of trusted intimates. *The Household* is a must read for sociologists, economists, lawyers and anyone interested in the fundamentals of domestic life.

Stability and Change in Modern Property Law Ernesto Vargas Weil, 2025-09-04. This book examines the English and German version of the *numerus clausus* principle which holds that there is a closed list of permitted property rights. It challenges recent views that the principle renders property law inflexible and unable to accommodate social and economic changes. Relying on a novel approach combining property theory and comparative research of English and German law, it argues that the restrictions the principle imposes on the creation of new property types actually does accommodate social changes through a process of functional transformation of the existing property rights. This is a fascinating, unique study that makes a rigorous original contribution to property law theory.

Floating Charges in Comparative Perspective Alisdair MacPherson, Caroline Sophie Rapatz, 2025-04-09. This edited collection examines floating charges, a special type of security that covers a class of revolving assets and functional equivalents across the world. The book explores a range of common threads and points of disparity based on expert insights in the field of security rights with a comparative overview of 40 jurisdictions and chapters examining floating security in selected jurisdictions in Africa, Asia, Europe and North America.

Japanese and European

Private International Law in Comparative Perspective Ju rgen Basedow,Harald Baum,Yuko Nishitani,Max-Planck-Institut für Ausländisches und Internationales Privatrecht,2008 The idea of national codification is advancing on a global scale in conflict of laws A large number of legislative projects dealing with codifying and modernizing private international law both on the national and the supranational level have been launched in the past few years Among such recent initiatives the advances taken by the European and the Japanese legislators are particularly reflecting these developments On January 1 2007 the new Japanese Act on General Rules for Application of Laws entered into force replacing the outdated conflict of laws statute of 1898 This major reform finds its parallels in the current efforts of the European Union to create a modern private international law regime for its member states This volume presents the first comprehensive analysis of the new Japanese private international law available in any western language and contrasts it with corresponding European developments Most of the contributors from Japan are scholars who were actively involved in and responsible for preparing the new Act All of them are renowned experts in the field of private international law Leading European experts in the conflict of laws supplement the Japanese analyses with comparative contributions reflecting the pertinent discussion of parallel endeavours in the EU To guarantee better understanding English translations of both the present and the former Japanese statutes have been added *Perspective for Beginners* George Pyne,1884 ICIE 2015 3rd International Conference on Innovation and Entrepreneurship Deresh Ramjugernath,2015-02-24 These proceedings represent the work of researchers participating in the 3rd International Conference on Innovation and Entrepreneurship ICIE 2015 which is being co hosted by The University of KwaZulu Natal Durban and the Ethekwini Municipality Durban South Africa on the 19 20 March 2015 The ICIE Conference constitutes a valuable platform for individuals to present their research findings display their work in progress and discuss conceptual advances in many different branches of innovation and entrepreneurship in business and management At the same time it provides an important opportunity for researchers and managers to come together with peers share knowledge and exchange ideas ICIE builds on the now well established European Conference on Innovation and Entrepreneurship and allows universities outside the European Boundaries the opportunity to host an academic conference on these important topics In addition to the presentations of research the conference will feature a knowledge cafe led by Dr Shawren Singh looking at this topic How can academics focus research efforts to better serve the business and public sector communities The second day will open with a panel discussion looking at Smart cities Opportunities for Entrepreneurship and Economic growth Following an initial submission of 85 abstracts that have undergone a double blind peer review process 26 research papers 3 PhD research papers 2 work in progress papers are published in these Conference Proceedings representing research results from the Czech Republic Denmark Italy Kazakhstan Kenya Lithuania Nigeria Poland Saudi Arabia South Africa Sweden The Netherlands UK USA and Zambia Legal Perspectives on Cultural Resources Jennifer R. Richman,Marion Forsyth,2004 Today s archaeologists and law practitioners

must have an increased awareness of legal issues pertaining to historic preservation and cultural resource management CRM Archaeological sites and finds are non renewable resources inciting numerous legal debates based upon claims of legitimacy and ownership In this edited volume of original articles law professionals and legal scholars offer their perspectives on current debates for the heritage community giving multiple viewpoints and injecting historical depth to contemporary legal controversies The contributions focus on three key issues Enforcement and Preservation International Issues and Repatriation in which insights are given on topics such as underwater cultural heritage global trade and export illegal trafficking of antiquities domestic law enforcement and indigenous people s legal rights Famous cases such as the Elgin Marbles and the Kennewick Man as well as laws such as NAGPRA and McClain doctrine are discussed at length This book will be an indispensable resource to CRM practitioners cultural property attorneys archaeologists community heritage groups tribes museums and galleries or anyone interested in the preservation of American and global cultural heritage

Marital Agreements and Private Autonomy in Comparative Perspective Jens M Scherpe, 2012-02-24 This book deals with a subject that has recently been the focus of debate and law reform in many jurisdictions how much scope should spouses have to conclude agreements concerning their financial affairs and under what circumstances should such agreements be binding and enforceable These marital agreements include pre nuptial post nuptial and separation agreements The book is the result of a British Academy funded research project which investigated and compared the relevant law of England and Wales Australia Austria Belgium France Germany Ireland the Netherlands New Zealand Scotland Singapore Spain Sweden and the jurisdictions of the United States In addition to chapters on these jurisdictions the book includes a chapter on the English practitioner s view It also provides a comparative analysis of the different matrimonial property regimes and the rules on marital agreements that explores underlying themes and principles and makes recommendations for regulating marital agreements A key theme is the function and effect of marital agreements in the different jurisdictions Thus each chapter first explains the underlying default rules for ancillary relief matrimonial property and maintenance It then analyses the current rules for marital agreements and gives a brief account of the private international law rules The book provides a comprehensive source of reference on ancillary relief matrimonial property and maintenance and the rules on pre nuptial post nuptial and separation agreements in 14 jurisdictions It offers guidance for academics and practitioners dealing with international matters and a basis for discussions on law reform I applaud the vision and perseverance of Jens Scherpe in having conceived this book and with so much distinguished help in now bringing it to birth I will be using it for many years and I warmly invite my fellow family lawyers across the world to do likewise Foreword by The Rt Hon Lord Wilson of Culworth Justice of the Supreme Court of the United Kingdom This title is included in Bloomsbury Professional s Family Law online service

An International Law Perspective on the Protection of Human Rights in the TRIPS Agreement Ping Xiong, 2012-03-20 This book analyses the relationship between the TRIPS Agreement and the right to health and

relevant human rights norms by using the tools of treaty interpretation of public international law **The Chinese Legal System** Pitman B. Potter, 2005-07-08 This book analyses the major features of the Chinese legal system on the eve of its accession to the World Trade Organisation and will be essential reading for students and academics in the field of Chinese law
