Perspectives Colin Creel, 2005-05 In our 20s we make the most significant and formative decisions of our entire lives We decide what career to choose and whom to marry how we will spend our money where we will live what type of people we will surround ourselves with and generally what will be the guiding force s of our lives Ironically these choices are made at a time when the most wisdom is needed but the least is possessed As a 30 year old Christian who has sought God s leading in making many of the above decisions Colin Creel sets out to share both what he s learned as well as the advice of some older wiser men and women who can look back with discernment of the life molding decisions all twentysomethings face By addressing such topics as romance work friendship character development and spiritual formation this devotional book offers life changing daily tidbits of wisdom for the searching Christian twentysomething **The Spiritual Life Cycle** Daryl Mitchell, 2005-08-10 As a teenager I asked Why do young people leave the church after high school This book is my answer and solution after asking for more than 25 years Young people leave the church because while they have grown up physically and psychologically they haven t developed spiritually There are seven stages of spiritual growth from a Christian perspective There is one path to spiritual maturity and all must pass through the same stages to get there *The Spiritual Life Cycle* explains the learning tasks crises keys and symbols of each stage It teaches the steps necessary to move from one stage to the next It is not just another book about the necessity of prayer bible study etc It is a manual to help churches keep and nurture their people to spiritual maturity **Understanding the Deeper Life** ,2009 **Falling Upward, Revised and Updated** Richard Rohr, 2023-11-14 An update to the bestselling *Falling Upward* from Franciscan Father Richard Rohr In the revised and updated edition of *Falling Upward* Richard Rohr seeks to help readers come to terms with the two halves of life In this book Rohr teaches us that we can t understand the meaning of up until we have fallen down More importantly

Rohr describes what up can look like in the second half of life Most of us tend to think of the second half of life in chronological terms but this book proposes a different paradigm Spiritual maturity is found when we begin to pay attention and seek integrity through a shift from our outer task to the inner task What looks like falling down can be experienced as falling upward and is not necessarily connected with aging This new edition focuses on practical guidance that you can use to live a life of love and meaning in a world of suffering and challenge Falling Upward is an invitation to living the gospel and a call to ongoing transformation Gain a spiritual perspective on the the common sequencing staging and direction of life s arc and learn how to bring forth your gifts in the second half of life Grapple with difficult feelings fears and emotions associated with great love and great suffering Learn how we grow spiritually much more by doing it wrong than by doing it right Understand why so many of us resist falling into the second half of life Readers of Rohrs previous works and those new to the remarkable teachings of this Franciscan priest will find comfort and inspiration in this guide to lifelong spiritual growth
